ARMY PRISONER IS SLAIN IN DASH FOR LIBERTY

BALLINGER IS CRITICIZED BY PROSECUTION ATTORNEY

Brandeis Accuses Him of Undue Slowness in Producing Needed Papers.

COMMITTEE DECIDES IN FAVOR OF THE LAWYER

Secretary Not Likely to Testify in Hearing Until the Last.

WASHINGTON, April 8.—The weekend sessions of the Ballinger-Pinchot investigating committee were resumed today. As the committee assembled to consider further evidence in behalf of Secretary Ballinger there still was doubt as to how Mr. Vertrees would present his witnesses. It has become more and more evident that it is the intention of the "defense" to hold Mr Ballinger for the last, for it is believed that upon his testimony more than any other factor in the case, the committee's final determination will depend.

H. L. Schwartz, chief of field service, and Fred Dennett, commissioner of the general land office, are other witnesses whose testimony will have an intimate and important bearing on the case. Both are likely to be cross-examined to the greatest length if Mr Brandeis, the Glavis attorney, follows the precedent he has already set with the minor figures for the defense.

BRANDEIS PROTESTS.

As soon as the committee was called to order Attorney Brandeis was on his feet protesting against the letters written by Secretary Ballinger last week, complaining of the numerous wholesale calls for papers made upon the department by the attorney for the prosecution. The secretary characterized Mr Brandeis' course as "an oblique attempt to control the manner in which the evidence should be presented, and a mere fishing process."

Brandeis complained of the delay of the interior department in producing papers requested and he asked that instructions be issued calling for the production of the papers at once.

The discussion was ended by the adoption of a motion of Representative Denby calling on the secretary of the interior to produce all papers called for by the committee "with all due speed."

DIVORCE SPEED RECORD IS MADE

Complaint Filed, Answer Submitted, Decree Granted in Ten Minutes.

SAN FRANCISCO, April 8.—One of the quickest divorces on record was heard before Superior Judge Cabaniss this morning when the complaint was filed, an answer submitted and the decree handed down within the short space of ten minutes. This lightning-like way of securing a separation has placed the standard of divorces on a plane that it would seem a whole lot easier to get severed than tied.

Mrs. Bella S. Dillon was the plaintiff in the action, which was filed in open court, the charge being failure to provide. An answer was immediately filed by the husband, testimony taken, and the separation granted.

The reason for the haste was the necessity arising from John McSorley's having to leave the State immediately.

Strike Is Imminent On Eastern Roads

CLEVELAND, April 8.—Trainmen and conductors employed on the Lake Shore and Michigan Southern, the Lake Erie and Western and the Nickel Plate Railways have voted almost unanimously to strike unless their original proposition for a wage increase is accepted. The vote was canvassed by the officials of the employes' unions today.

SLASHES MAN FOR REFUSING TO BUY HIM TICKET

Victim Is Seriously Wounded and Police Fear He May Die.

TERRIFIC BATTLE FOR LIFE EARLY IN MORNING

Assailant Wanted to Travel to Seattle at His Victim's Expense.

SAN FRANCISCO, April 8.—In a fight for life, the result of a dispute over a minor matter in a room on the top floor of the Portuguese Hotel, Clay and Drum streets, at 3 o'clock this morning, Albert Danstrom, a miner, 45 years old, was slashed and cut with a knife in the hands of John Butterell and is now lying between life and death at the General Emergency Hospital, while his assailant is in the city prison, awaiting the result of the other's injuries.

Butterell wanted Danstrom to buy a ticket for Seattle for him and when he refused upbraided him. The argument which followed grew bitter and Danstrom ordered Butterell from the place. The latter made toward the door, but infuriated at his companion, drew a knife and closed with him. Danstrom fought him off and the two struggled for the possession of the weapon. Finally Butterell got the upper hand and cut his antagonist in the right cheek and the neck, as well as inflicting several superficial wounds.

Danstrom fell to the floor, blood flowing profusely from the cuts, and Butterell ran hastily downstairs. In the hall he was met by a lodger, who saw the blood-stained knife in his hand, but who feared to intercept him. The police were notified and Officer J. J. Casey No. 2 arrested Butterell as he was leaving the hotel. Danstrom was conveyed to the Harbor Hospital and later transferred to the Central Emergency.

ALIEN INSANE WILL BE DEPORTED TO OWN COUNTRY

District Attorney Donahue Secures Aid of Federal Officials in the Matter.

District Attorney Donahue sees a way to relieve the county of Alameda from an item of considerable expense in causing the Federal immigration officials to take over for deportation those who become insane within three years after arriving in this country. He has communicated with the immigration bureau on the subject and the first case that will be turned over to them is that of James Likas, a Greek, who is of the violent type and is addicted to tearing his hair out by the roots, disrobing himself and barks like a dog. His case is set for examination before Judge T. W. Harris and upon commitment he will be taken charge of by the Federal authorities and deported to Greece.

THREE OTHER CASES.

There are three other cases of aliens about whose sanity there is no question and they in turn will be brought before the courts to be formally examined and committed and then delivered over to the custody of the immigration service. The number of insane cases during the past two or three months has been more than ordinary and most of them are of aliens who come under the three years' limit, which permits of their being returned to the land from which they came as belonging to the class of undesirable citizens who from poverty, disease or insanity become or are in danger of becoming a charge upon the public.

BANDITS HOLD UP LIMITED; CONDUCTOR ROBBED

Official Grappled With Larger Robber But Was Finally Overpowered.

SOME OF PASSENGERS SAID TO BE VICTIMS

Men Get on Train Through Vestibule and Hide Behind Locked Doors.

ST. PAUL, Minn., April 8.—Two masked bandits attempted early today to hold up the Chicago, Milwaukee and St. Paul Railways' Pioneer Limited. The men boarded the train at New Lisbon, Wis., getting in by way of the forward vestibule of the front sleeper, which had been left open when the conductor took his orders to the engineer. The men passed through the front sleeper into the rear vestibule of the car, blocking both doors of the vestibule.

When Conductor Shumway passed through the train he was stopped by the locked vestibule door. Unlocking the door, he was instantly confronted by revolvers held by two masked figures.

Conductor Shumway leaped at the larger of the bandits. A tussel followed, in which the railway man was overpowered. One robber then reached down under the steps and cut the air connection, stopping the train. The men then jumped off and fled.

From Manston, Wis., comes the report that the men took a gold watch and a $450 diamond ring from Conductor Shumway. This report also says the robbers went through the day coaches and held up the passengers, obtaining considerable cash. The report is not confirmed.

LOVETT IS SILENT ON RAILROAD INTENTIONS

President of Southern Pacific Dodges Questions of the Proposed Coast Work.

SAN FRANCISCO, April 8.—Judge Robert S. Lovett, president of the Southern Pacific Company, arrived in the city last evening. In the party accompanying from Los Angeles were the following Southern Pacific officials: G. W. Goelet, C. C. Stillman, Julius Kruttschnitt, H. Neill, J. W. McKinley, E. O. McCormick and L. H. Cornell. They were met at the Palace Hotel by J. C. Stubbs and retired promptly to their rooms for a conference on the plans of the railroad in the vicinity of this city.

Being interviewed on the intentions of the company regarding the $50,000,000 bond issue authorized this week at a meeting of the directors held in the Louisville, Ky., headquarters of the corporation for betterments, President Lovett promptly replied:

PUTS NO EARMARKS.

"The Southern Pacific doesn't put earmarks on its money before it spends it."

And to all questions as to whether any part of the big bond issue would be applied to the extension of terminal facilities on this side of the bay, Judge Lovett gave evasive answers. Nor would he reveal the plans of the Pacific Mail Steamship Company, a subsidiary organization, or what the Southern Pacific Company would do respecting the establishment of a new line of steamships on the Panama route when the canal was opened to traffic.

HERE FOR CONFERENCE.

One of the objects of President Lovett's visit is, however, to confer with President Ripley of the Santa Fe regarding the affairs of the Northwestern Pacific Railroad, in which the two corporations are jointly interested and which is now being extended from Willits to Eureka, Humboldt county. A conference between the two railroad magnates is being held today and next week they will make a joint inspection of the line.

ANNEXED DISTRICT ASKS FOR PLACE ON BOARD

Citizens Hear They Will Not Be Represented at Charter Meeting.

SECTION HAS NO LEGAL RIGHT, TAYLOR SAYS

Property Owners Consent to Grading and Improving Many Streets.

FRUITVALE, April 8. — The citizens of the annexed district are up in arms on account of the information received that they will be allowed no representation on the Board of Freeholders that is to frame the new city charter for Oakland.

It was stated by Attorney Taylor, of the judiciary committee of the charter convention, who addressed the meeting of the Hopkins Street Improvement Club of Dimond, last night, that legally the annexed section is not entitled to any representation on the Board of Freeholders, excepting that the voters of the new district may be allowed to vote in choosing any citizens of Oakland proper —the section known as Oakland before annexation—as freeholders.

Although Attorney Taylor refused to state that the charter convention would be guided by the legal opinion that he held on the matter, the members of the club fear that they will not be allowed to have representatives on the board and declare that they are being deprived of their rights.

Although lively discussion followed the bomb thrown into the meeting by Attorney Taylor, no action was taken on the matter by the club members, who have decided to lay the question on the table until next Friday night, so that more definite information can be obtained at Thursday night's meeting of the charter convention.

OWNERS GIVE CONSENT.

The committee appointed to further the project of having Rhoder street graded and improved reported that the consent of all the property owners had been obtained and that a contract had been signed to have the work done by private contract.

It was stated that nearly all of the property owners on Peralta avenue had given their consent to the widening of the street and are now ready to have their fences moved back for the furtherance of the work. There are still a few owners of property on the northern end of the avenue who refuse to have the work done and a further effort will be made to obtain consent as improvements in that part of the section are being held back, according to the committee.

A report was made by the committee appointed to investigate the proposed changing of the size of the water mains on Hopkins street, from two-inch to eight-inch, stating that the officials of the water company have been interviewed and that a promise had been received from them that the company would do all in its power to have the much needed improvement put through. Councilman Vose is working in behalf of the project and will probably bring the matter up before the next meeting of the city council, according to the committee.

Will Plead Guilty To Robbery Charge

ALAMEDA, April 8.—That James A. Maddalena, held to answer to the superior court on a charge of having held up and robbed the Alameda Steam Laundry at pistol point a few weeks will plead guilty to the charge, was the declaration of Mrs. Maddalena today. Attorney Reuben Hunt, representing the defendant will ask that his client will be admitted to probation.

Under the interpretation of the State law, Attorney Hunt holds that Maddalena is not guilty of robbery as there was no violence used and the employes of the laundry took his attack as a practical joke, thinking that the highwayman, who was masked, was one of the employes.

AUTOS GATHER FOR SPEED TESTS IN SOUTH

New Mile Motordrome Scene of Record Breaking Races.

EXPERT DRIVERS ARE TAKING PART IN EVENTS

Oldfield, De Palma and Robertson Among Those Who Are Competing.

PLAYA DEL REY, Cal., April 8.—Whether or not a mile board track is practical for automobile racing will be determined today when the fastest racing motor cars in the country meet in a series of contests on the new Los Angeles motor-drome. Record time has been made in trials and the leading A. A. A. officials who came from New York to see the opening, predict that all world's records for a one-mile track from one to 100 miles will be broken.

The crowd began gathering at 10 o'clock and before noon several hundred automobiles had taken the best parking places near the starting line.

MILE IN 40 SECONDS.

The meet opens with a series of record trials, in which Barney Oldfield, Ralph DePalma and George Robertson will compete. Record miles have been made in tryouts and the three drivers mentioned will go well under forty seconds for a mile.

As no protests were filed today, the officials waived the measuring and weighing of cars.

In addition to the time trials there will be a ten-mile stock chasis race for cars measuring 161-230 cubic inches piston displacement; ten miles, 451-600 cubic inches; ten miles stock handicap; five miles, free for all; twenty-five miles, free-for-all handicap; 100 miles, class C, 231 to 300 cubic inches.

FIRE ORDINANCE OF CITY DEFECTIVE

Does Not Provide for Storage of Combustible Fluids.

ALAMEDA, April 8.—Chief F. K. Krauth of the local fire department will urge before the city council the passage of a fire ordinance regulating the keeping and storage of all inflammable or combustible fluids, for which no regulation is made in the city ordinance.

The cities of Oakland and Berkeley have ordinances regulating the keeping, storage and use of petroleum, gasoline, benzine, naptha, crude petroleum, or any product of petroleum, or hydrocarbon liquids, and provide a penalty for the violation of the law.

That many recent fires in the city have been caused by improper storage and usage of thes inflammable fluids, is the contention of Chief Krauth who stated today that the city fire ordinance regulating this matter, was not specific and did not cover the ground.

The subject will be introduced at the next meeting of the city council.

The fire sommission is of the opinion that the insurance rates in Alameda would be decreased by the passage of such an ordinance.

ROOSEVELT IS CRITICIZED BY PARIS PAPERS

Former President Is Taken to Task for the Vatican Incident.

ONE SAYS PRECAUTION OF POPE WAS JUSTIFIED

His Reception of Free Masons Is Cause of Bitter Invective.

RAPALLO, Italy, April 8.—Colonel and Mrs. Roosevelt, who are driving from Spezia to Genoa, stopped here over night and left this morning for Portofino. Descriptions of the distinguished American have preceded him in every village along the route and he is easily recognized, and so becomes the object of frequent and cordial demonstrations. This morning the travelers abandoned their carriage for an automobile.

Portofino, sometimes described as the most beautiful spot on the Mediterranean, is situated at the extremity of Portofino promontory, several hundred feet above the sea. The Roosevelts plan to have luncheon at the Hotel Des Fleures at Portofino.

PARIS, April 8.—Mr. Roosevelt's reception of Free Masons during his stay in Rome has called forth criticism from a section of the Royalist and Catholic press.

JUSTIFIED PRECAUTIONS.

The Gaulois says the incident justifies the precautions adopted by the Vatican, for it indicates that Mr. Roosevelt probably would have received the "Masons" after his audience with the Pope, had such an audience taken place, "passing from the Vatican to the Masonic chiefs as if with the approbation of the "Sovereign Pontiff."

The Eclair accuses Mr. Roosevelt of wreaking the vengeance of a disappointed tourist and punishing "an ungrateful papacy by bowing down before the ideal of Masonry."

The paper follows a long and violently worded attack with a special dispatch from Vienna, in which the claim is made that the government there had adopted extraordinary precautions to prevent Mr. Roosevelt making "breaks" similar to those he made in Rome.

Dying Burglar Admits Robbing Dozen Homes

SAN FRANCISCO, April 8. — A dozen burglaries, committed in this city, Los Angeles and in other parts of this State and in Washington and Utah were confessed to this morning by H. Hall, also known as Clyde C. Canfield, who was arrested after shooting Policeman J. J. Casey last night.

The confession was made to Detective Lambert this morning, after the robber, who was desperately wounded in a duel with the officer, was informed that he could not recover from his injuries. Hall died at noon today.

BODY RIDDLED BY BULLETS OF ARMED GUARDS

Squad of Military Offenders on Transport Dock Loading Steamships.

MEN WERE BROUGHT FROM ALCATRAZ PRISON

Order to Fire Given Quickly as One Makes Wild Break for Freedom.

SAN FRANCISCO, April 8.—In a desperate effort to escape from custody and endeavoring to make a wild break for liberty while the eyes of his guards were temporarily turned on the rest of the gang, G. F. Collins, a military prisoner, was shot and killed at the transport dock shortly after 10 o'clock this morning.

Just which one of the guards and officials in the neighborhood fired the bullet which ended the life of the escape will not be known until an autopsy is performed. His body was riddled with bullets, at least a half dozen shots striking him, and he fell dead in his tracks.

DASHED FOR LIBERTY.

Together with a gang of about ten other men Collins was brought over from Alcatraz Island this morning to help unload and load steamers. He was working on the S. S. Missiin, and had a sack of cement in his hand when he thought he saw the chance for which he ad been looking. Dropping to bag, he dashed behind a pillar and thence dodged toward the front of the dock. As quick as had been his movements he was observed, almost immediately, by Sergeant Doyle and Captain D. W. Hand.

Not a moment was lost, the command to fire was given, and Captain Hand's revolver and the guns of Sergeant Doyle and Privates Louis Flenchen and Arthur Hubbard, barked simultaneously. A fusilade of shots were sent after the fleeing culprit, and he dropped to the dock, failing heavily.

DIES ALMOST INSTANTLY.

He was scarcely able to utter a groan but as the blood spurted forth from his numerous wounds it was impossible to tell at first whether life was extinct. Accordingly, the Harbor ambulance was summoned, and on its arrival Steward Ledbetter pronounced the man dead. His body was later removed to the morgue.

There will be no investigation in connection with the affair on the part of the military authorities, as the orders at Alcatraz are for the shooting of any of the convicts who attempt to escape.

The transport dock, where the affair occurred, was immediately thrown into a pandemonium of excitement, and though Collins' attempt may have been the result of a concerted plan on the part of all the prisoners, the others, while for a moment excited, and running to one side, were immediately cowed by the spectacle of their fellow prisoner being killed, and there was no chance for a general breakaway.

THINKS HE WAS ALONE.

Captain D. W. Hand, who was in charge of the guards, stated immediately after the shooting that he thought Collins had acted independently, although his act had excited the other prisoners.

"There was no general attempt at escape," he declared, "but there would have been no chance for any such thing to have happened, as the men were too closely guarded."

Another attache of the transport service, in remarking on the occurrence, said:

"It's a good thing the rest didn't try to break away, too. They'd have all been killed."

Popular Oakland Belle Is Bride of Philadelphian

MRS. JOHN I. THOMAS, who was, until her marriage, Miss Vida Barnard. —Shaw & Shaw, Photo.

Miss Vida Barnard, daughter of Mr. and Mrs. C. S. Barnard, Wednesday became the bride of John I. Thomas of Philadelphia at a pretty home wedding at which Dr. Charles R. Brown of the First Congregational Church officiated.

The bride was attired in a gown of ivory satin with pearl trimming and an adornment of real lace. A shower of lilies-of-the-valley completed the costume. Her long veil was held in place by a coronet of orange blossoms. She was attended by her father and mother, who stood up with her as Dr. Brown read the service. A reception followed the ceremony at the home in Twenty-fourth street, after which Mr. and Mrs. Thomas left for a trip through the South.

Upon their return they will reside here.

Mrs. Thomas is a graduate of the Oakland High school and has spent all of her girlhood in Oakland. She is the center of a wide circle of friends, who have entertained much for her since her engagement was announced.

When you buy a Sincerity Suit what you get is the opportunity of letting your face talk instead of your clothes.

Sincerity Clothes

A man who buys a Sincerity Suit is taken for a Sincerity man. When he goes into a club he is given face value, not clothes value. If anything is questioned it is what he says, not what he looks like. When he talks business to another business man, his voice, not his clothes, are listened to. In other words,

Sincerity Clothes

give the man a good introduction in either society or business circles and a good introduction is half the fight. When you go out in the afternoon or evening in good society you do not wonder whether your clothes are cut like the other man's; YOU KNOW THEY ARE. You know they are not only cut right, but you know that a score of fine distinctions in workmanship and fabric and finish give you even a better bearing and a better finish than the rest.

The peace of mind that a man gets by wearing a Sincerity Suit or Overcoat is worth the whole price of the clothes. And when you add to this that Sincerity workmanship and Sincerity fabric make a Sincerity Suit last almost twice as long, you no longer wonder why so many men you meet are wearing them.

If you'll give us the opportunity merely of showing you our Sincerity stock of clothing, we won't have to ask you to buy a suit, you'll be asking us to sell you one.

NIGHT OF WAGNER FOR IDORA PARK

Leader Ferullo Promises Treat to Devotees of the Great Composer.

A program consisting entirely of Wagner music will be rendered by Ferullo and his Italian musicians at Idora Park tonight. The big Ferullo band, now giving concerts afternoon and evening at "the Park Beautiful," has received much favorable comment from the lovers of high class music. Wagner devotees will turn out en masse, for the concert this evening promises to be a treat. Ferullo has given the "Liberatos" a taste of his Wagner renderings and the promise of nearly an entire Wagner program appeals to the lovers of high class music.

Grand selection, "Lohengrin"; "Tannhauser and Isolde"; march, "Nibelungen," and a trumpet solo; "Walhalla Triumphlined," rendered by Signor Pilota are among the Wagner numbers for tonight.

Special music will be rendered every night next week as follows: Monday — piano composers; Tuesday, Verdi; Wednesday — popular; Thursday — grand opera; Friday—Wagner.

Chinese Stowaway Hides Under Potatoes

SAN DIEGO, Cal., April 8. — Hidden under a pile of potatoes on the American-Hawaiian freighter Alaska, a Chinese stowaway has been arrested and will be returned to Santa Cruz, Mexico, where he boarded the ship. A Russian giving the name of Charles Schmidt is under arrest here awaiting orders from Washington. He has admitted entering the country without knowledge of the immigration officials.

YOUNG HUSBAND SWALLOWS POISON

Attempted Suicide Follows Quarrel With Wife--Physicians Save Life.

SAN FRANCISCO, April 8.—Following an argument with his wife Eva and in a fit of despondency, Harry Grothier, a young carpenter, 22 years of age, swallowed the contents of a three-ounce bottle of chloroform liniment last night in an effort to end his existence. When the police arrived and were sending teh injured man to the Central Emergency Hospital, Mrs. Grothier attempted to fight them off and was also sent to the hospital for treatment, later being charged with disturbing the peace and resisting an officer.

The attempted suicide occurred in the room occupied by the Grothiers at 2512 Mission street. The hysterical cries of the wife attracted the attention of William Jarkins, who summoned Dr. Guy H. Mize of 2560 Mission street. He advised sending Grothier to the Central Emergency Hospital, where, after the stomach pump had been used by Dr. Shoreborn, he was pronounced out of danger.

30-CENT PAYMENT FREES RECEIVER

County Takes Disputed Money and F. D. Adams Is Released.

For almost a year all that stood between F. D. Adams and his discharge as receiver in a suit instituted in the Superior Court by H. S. Brickell against his business partner, E. C. Thurber, has been 30 cents. Finally he applied to Judge Harris for relief and yesterday the latter issued an order directing him to turn the money into the county treasury and relieving him of his official trust.

Brickell and Thurber had been partners in the painting business and fell out over its financial conduct. Brickell sued Thurber to dissolve the copartnership, and asked for the appointment of a receiver to wind up its affairs. Adams was named and qualified as receiver.

Among the creditors of the firm were Howe & Winchester, then doing business on Broadway. The receiver paid off all of the debts with the exception of 30 cents due Howe & Winchester and before he could find this money to balance that account Howe & Winchester went out of business.

The 30 cents will probably repose in the country treasury forever, but should it occur at any future time that somebody is entitled to it is is estimated that it will require about $10 worth of clerical work and a court order to enable it to be withdrawn.

CHAUFFEUR STEALS MACHINE TOO OFTEN

Owner of Automobile to Make Charge Against Driver for Second Offense.

Al Lutz, a chauffeur, 23 years old has been arrested for the second time in five months on the charge of stealing the Thomas Flyer automobile of Judge J. C. Kellum of 1376 Webster street. On advices sent to the police of Sacramento by the department of this city Lutz was arrested in the capital city yesterday and brought back here, where he will face trial on the complaint made against him by the judge.

Nearly five months ago, Lutz, who is employed by Judge Kellum, took his employer's machine and went on a joy ride to San Jose. The judge complained to the police and the young man was brought back from that city to face the charge of stealing the machine. When Lutz appeared in the police court Judge Kellum and his wife relented and testified that they had given their chauffeur permission to take the machine whenever he so desired.

A week ago, following his re-employment by his former employers, Lutz again left with the automobile and this time took it to San Francisco, where he rented it out for his own remuneration. He also bought a quantity of gasoline and sent the bill to Judge Kellum. This last act on the part of his chauffeur so angered the judge that he ordered the arrest of Lutz.

Learning in some way that he was to be arrested again Lutz left the machine standing in the streets of San Francisco and boarded a train from San Francisco a few minutes before a detective from Oakland reached his habitation there. His destination was learned and the Sacramento police advised to arrest him. He was taken into custody when he alighted from the train in that city this morning.

Owing to the fact that this is the second time Lutz has been guilty of indiscretion and also to the fact that Judge Kellum found his machine badly smashed and broken when it was returned to him from San Francisco, the judge will now prosecute his formere chauffeur on th charge of theft.

Poundmaster May Is In Dying Condition

ALAMEDA, April 8. — Poundmaster John May is in a dying condition at the Alameda sanitarium. His physicians hold out little hope for his recovery.

May was taken ill several weeks ago and removed to the sanitarium where he has been slowly sinking.

Poundmaster May was appointed about a year ago to succeed Poundmaster Ewing, deceased.

PARENTS TO CONFER WITH TEACHERS

Will Discuss "The Student After School Hours" at the eMeting.

ALAMEDA, April 8.—A conference between the Alameda high school faculty and the parents of students attending the high school will be held tonight in the assembly hall of the school. The object of the second meeting which has been held between parents and instructors is to discuss "The Student After School Hours." Professor Arthur Agard of the high school faculty will present the opinions of the teachers and will advance a number of suggestions destined to be of benefit to both the parents and teachers.

The rules of the board of education provide that the student is only under the jurisdiction of the high school during school hours which close at 2:30 o'clock. The mutual duties of parents and instructors will be discussed tonight.

Principal Dr. George C. Thompson will preside as chairman. That a mothers' club does not meet the requirements is the contention of Principal Thompson who urges the formation of a fathers' and mothers' organization.

"Mothers can do a great deal," said Principal Thompson today, "but boys and girls also need a father's influence and suggestions. We expect good results from the conference to be had tonight, and many parents have expressed their intention of being present."

A number of prominent citizens are slated for speeches.

Yosemite Valley, will be a feature of tonight's program. These slides were made by Vernon Thorpe and colored by George Mastick, two high school students.

Willis Minium, instructor of physics obtained the views at a recent visit to the valley.

SHRINERS BOOST FOR CONSISTORY

Delegation Goes to New Orleans to Present This City's Claims.

Inspired with the idea to boost Oakland Shriners for a consistory on this side of the bay a company of members of the Alameda County Shriners Club left last evening for New Orleans in a special train for the imperial council of Mystic Shrine which will convene there April 12, 13 and 14. It is stated on good authority that a strong appeal will be made for the shrine here by Frank Pilger, Charles Chubb, R. Kendall, L. B. Goldberg and D. E. Perkins, who will be the representatives from Oakland.

Since the organization of the Alameda County Shriners Club the members have been working zealously for a shrine, but have not as yet been successful in securing permission from Islam Temple in San Francisco to institute one in Oakland.

Tiny Tots of Many Nationalities Entered for Prize at Baby Show

Some of the first entries in the Baby Contest instituted by the Mothers' Club of the Durant School.

The list of entries for the baby contest to be given by the Mothers' Club of the Durant School, on the morning of April 30, is increasing by leaps and bounds, and on the big day an array of youngsters representative of almost every part of the globe will be assembled in the grand finale of be-ribboned [illegible] and chubby fists.

Little American despots of two years or less will extend democratic greeting to subjects of Spain, France, Italy, Hungary and Sweden and a round half dozen tiny [illegible] of Nippon and China, clad in the gay attire of their parents' native lands, will constitute the finishing touch to the brilliant picture of infanthood.

Prizes are being awarded and one hundred [illegible] to the first entries by [illegible] rapidly. [illegible] loving cup to be awarded the prettiest pair of twins [illegible] the [illegible] around the [illegible] offered by F. Morton, the jeweler, to the very prettiest baby of [illegible].

An imposing group of patronesses armed with a wealth of knowledge as to the respective merits of dimples and curls have [illegible] a judging committee and, [illegible] by the confusing [illegible] they declare that the little [illegible] will be chosen, crowned and installed on its throne of infantile [illegible] in time to officiate in the big school children's fete which is to follow.

The money resulting from the affair is to be donated to the playground fund which is increasing [illegible], and by next year the women at the head of the project hope to be able to show a bank account which will enable them to make the Durant school grounds the most beautiful in the state. WITNESS FAILS TO HELP CASE

Mrs. Thompson Denies She Took Him Into Her Confidence.

Judge Ellsworth's order to the Sheriff's office to produce Mrs. Jane Thompson of Houston avenue as a witness in the Klepp divorce case, even if a deputy has to break into her house to serve her, brought the former neighbor of Jennie E. and George W. Klepp to the courthouse yesterday. She made her appearance before Judge Ellsworth, accompanied by her husband, promptly at the hour the trial was resumed.

Klepp wished to prove by Mrs. Thompson that his wife had told her on one occasion that the only reason she (Mrs. Klepp) tolerated her husband around the house at all was because she could make him do the house work and other domestic duties. Klepp had testified to this and had told the court that one day when he called upon Mrs. Thompson to borrow her lawn mower she had imparted to him the confidence that Mrs. Klepp had reposed in her.

PERSISTENTLY REFUSED.

Mrs. Thompson had been subpoenaed to testify in Klepp's behalf, but she had persistently refused to see the process server when he called on her. When this fact was reported to Judge Ellsworth he issued an order for the process server to force his entrance into the lady's home if necessary, and when Mrs. Thompson was called to the stand yesterday the jurist remarked:

"Well, I see we have finally succeeded in getting you here, Mrs. Thompson."

"Yes," she replied, "but it is not my fault."

Mrs. Thompson proved an unwilling witness and of absolutely no value to Klepp. She denied emphatically that she had ever made the statements attributed to her by Klepp, said that it was only through fear of the law that she came into court as a witness and declared that she had never mixed in the domestic troubles of the Klepps and knew absolutely nothing about them.

When she was dismissed at the request of the attorney for Mrs. Klepp, who was called to the witness stand in rebuttal, Judge Ellsworth ordered the courtroom cleared of spectators. Then the proceedings continued behind closed doors.

PATTEN TO FIGHT TO FINAL FINISH

Operator Declares He Will Hold On to Sway Over Cotton.

NEW YORK, April 7.—Although James A. Patten of Chicago is quoted as having said he was here for a "fight to a finish" in the cotton market, the expected activity on the exchange was not in evidence today in the early trading.

Neither the bulls nor the bears made any show of fight, but both sides were in arms, ready for the combat. It was what the traders call "a waiting market" and the waiting seemed to be principally for Mr. Patten to begin hostilities.

"I am here for a fight to a finish with McFadden," Patten said.

The McFadden referred to is George H. McFadden, the cotton operator.

"Is it true that you lost more than $1,000,000 in the recent slump?" he was asked.

"Make it two millions if you want to," he replied. "Losing two millions in this sort of a fight is no more to me than losing a dime to you."

Silver Service for Utah's Battleship

SALT LAKE CITY, Utah, April 7.—A plan to endow the new battleship Utah with a silver service at the hands of the school children of Utah has been endorsed by Governor William Spry and a committee of citizens. Contributions not exceeding 25 cents and as low as one penny will be invited from the 103,000 pupils. Other donations will be accepted and the gift will cost not less than $10,000.

Body of Judge Cone Arrives From Reno

ALAMEDA, April 7.—The body of Judge Fred F. Cone, who was drowned in Reno, Nev., arrived here this morning. The funeral will be held tomorrow night at 7:30 o'clock from Masonic Hall, under the auspices of Oak Grove Lodge of Masons. The remains will be cremated Saturday morning. W. H. Cone, a brother of the deceased, returned with the body today. He stated that the coroner's jury had returned a verdict of asphyxiation due to accidental drowning.

Announcement Extraordinary

Following the practice inaugurated by THE OAKLAND TRIBUNE some year ago in offering its subscribers fine prizes during the early summer months for the solutions of certain puzzles, as in the Proverb Contests of 1906 and 1907, the Geographical Puzzle of 1908 and the Rebus of 1909, THE TRIBUNE now announces for SUNDAY, APRIL 9, its presentation of the

Great Pictorial Puzzle Contest For 1910

There will appear a series of sixty pictures, beginning with SUNDAY TRIBUNE, April 9, and continuing daily for two months. Each picture will be numbered with a subjoined coupon for the answer.

These pictures cover a wide range and are to serve as a means of education as well as entertainment, but more in particular as a form of instruction. EACH PICTURE WILL PORTRAY SOME COMMON FALLACY, and it shall be the object of the contestants to

Discover and Name the Error

There are many things commonly believed to be facts and which have repeatedly been expressed as such in pictures by artists and statements by writers, BUT WHICH ARE NOT TRUE AT ALL. It is to bring forward these fallacies that THE TRIBUNE offers this educational contest, and in each picture one of these many fallacies will be expressed.

As an inducement to enter the contest, THE TRIBUNE offers

Many Valuable Prizes

There Are No Charges Whatever

in connection with the contest and all subscribers have an equal chance at the best prizes. No employe of THE TRIBUNE or member of his family, however, will be permitted to participate.

All Prizes

will be awarded entirely upon merits of the answers, the largest number of correct answers receiving first prize, and the order of awards to be graduated accordingly.

General appearance and neatness of answers will count in this contest.

Cut Out the Coupon Each Evening

fill in your answer, and at the completion of series forward them to the Puzzle Editor, OAKLAND TRIBUNE, Franklin at Eighth.

A committee of three educators will be selected to act as final judges in determining awards. The names of these gentlemen will later be announced.

'COUNT' NICHOLAS TO BE RENOUNCED

Naturalization Papers of Lautree Are Cancelled by the United States.

CHICAGO April 8—Naturalization papers of Count Nicholas Erasme Savine de Touleuse Lautrec alias Prince Nicholas Savine were cancelled yesterday by Judge K M Landis in the United States District Court

As a consequence the Count will no longer be heeded by American Ambassadors in Europe should he appeal to them as an American citizen for protection against the European police The naturalization papers were issued April 27 1898 by Judge Gibbons in the Circuit Court

Lautrec renounced the Czar of Russia and swore he had been in the United States five years as required by the naturalization laws The government charges he had been here less than five years and that nearly everything he swore to was untrue

The Count now is in custody at Antwerp Belgium pending extradition proceedings on behalf of the government of Denmark where he is wanted for obtaining money on fraudulent checks Only a few months ago he finished serving a term in prison at Antwerp on a charge of passing worthless checks

Lautrec was sent to Siberia once by the Russian authorities but escaped and got out of the country on an emergency passport obtained from the American embassy at St Petersburg on the strength of his American citizenship papers

Stambouloff the Bulgarian dictator was on the point of placing him on the throne of Bulgaria, but discovered his mistake in time

HARD TIMES STILL STAY WITH GOTHAM

The Charity Reports Show the Recovery of 15 Per Cent From Panic Era.

NEW YORK April 8—Charitable organizations here take a gloomy view of recent statements from various sources to the effect that prosperity has returned The annual report of the relief department of the Association for Improving the Condition of the Poor says

New York City is only about 15 per cent recovered from hard times and the higher cost of living has been the principal reason for the retarding of this recovery

The total number of cases before the association at present shows 50 per cent increase over the same period in 1906 a normal year and only 11 per cent decrease from the last year

The statistics of application for relief during the months following acute industrial depression are a fair index of the degree of recovery reached by the poor. Our work for the last six months shows the poor are still reaping the aftermath of the panic The very poor are getting on their feet very slowly Newspapers and public speakers may be enthusiastic in their description of the better times that are now with us but families that for months were underfed and over anxious because work and income had failed are still in arrears in rent still eating meager meals and still need assistance

There is no evidence among applicants of an increase in wages especially in the case of unskilled labor although employment is more general

The association estimates the increase in cost of living to the poor for the period of 1906 1910 at 17 1 3 per cent

A LIBERAL OFFER

The Owl Drug Co., Inc., Guarantee a Relief for Dyspepsia. If the Remedy Fails It Costs Nothing.

To unquestionably prove to the people that Indigestion and Dyspepsia can be promptly relieved and that Rexall Dyspepsia Tablets will bring about this relief we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture whereby the well known properties of Bismuth Subnitrate and Pepsin have been combined with Carminatives and other agents

Bismuth Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid and without it the digestion and assimilation of food are impossible

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee Three sizes 25 cents 50 cents and $1 00 Remember you can obtain Rexall Remedies in Oakland only at our store—The Rexall Store The Owl Drug Co Inc 10th and Washington, 13th and Broadway, 16th and San Pablo avenue

FOREST SERVICE MAKING PROGRESS

Associate Chief Reports Better Feeling Prevails Than Formerly.

WASHINGTON April 8—Albert F Potter assistant forester of the United States has returned from a Western trip during which he looked into a number of matters in which the bureau is interested Mr Potter said everything was progressing satisfactorily in the forest field work that the people are becoming more conversant with the aims and purposes of the service and that the forest workers are becoming better acquainted with the people all of which was resulting in a mutually beneficial understanding

While Mr Potter did not see many stockmen those with whom he talked exhibit a cooperative friendly spirit in their relation with the forest service They were disappointed because the Supreme Court had not definitely settled the question as to whether or not it was criminal offense to violate the regulations of the Secretary of Agriculture relating to grazing on the forest ranges A divided court four to four sustained the decision of the lower court in deciding that such was not a crime This leaves the principle open until such time as a case is presented to and decided by the Supreme Court by a majority vote

President

President Wheeler and the Dragon.

On the 31st ult. the Tri-City Rotary Club had its regular luncheon in Oakland, attended by men prominent in the business enterprises of Alameda, Oakland and Berkeley. The subject considered by the members was the Panama-Pacific Exposition, and the ways and means to help San Francisco in securing it. Mr. Capwell and others made speeches characterized by the warmest and most friendly feeling for San Francisco and expressing the determination to aid that city in every way, even to raising here a million dollars, in a certain contingency, to help in financing the project.

The secretary of the Oakland Chamber of Commerce, Mr. Dennison, said of the proposed exposition:

"The success of this great international exposition will mark another signal achievement of American genius and publish to the world the recovery of San Francisco from one of the greatest disasters that ever befell a city in the history of the world."

Every one present expressed the finest spirit of fellowship and helpfulness and there was not a note of local jealousy or ill-feeling. The whole occasion was an expression of that get-together-stay-together-and-pull-together sentiment that rules in all matters of common interest on this side of the bay.

On the same day a banquet was enjoyed at the St. Francis in San Francisco by the "Downtown Association" of that city, at which the principal speaker was President Benjamin Ide Wheeler of the State University, Berkeley. He felicitiously began his oration by advocating the Greater San Francisco idea, and opposing, decrying and very sarcastically belittling the Greater Oakland proposition, and followed this tactful and happy beginning by declaring, "Berkeley is ready to fly into the arms of San Francisco, lest the dragon on the south may get her." He then narrated his free and easy conversations with the Emperor of Germany, and closed by naming San Francisco as "the fairest place that the Almighty has devised and apportioned for the habitation of man."

After this several other speakers lauded the get-together spirit, so happily illustrated by President Wheeler in calling Oakland a dragon and abusing the enterprising people on this side of the bay who promote their own civic interests without trying to obstruct the efforts of other communities to do the same for themselves. Oakland refuses to believe that President Wheeler expressed the spirit of his audience and we take occasion to hope that only the fact of his being a guest restrained rebuke of his small-spirited and ill-mannered insult of this city.

Of course no fault can be found with his account of hobbing and nobbing with the Kaiser, and one may even admit that he has been admitted into the landscape and weather forecast plans of the Almighty, since "me und Gott" are neighbors, but he would better confine himself to translating the Imperial and Divine purposes and keep his ill-tempered tongue out of the affairs of communities that wish to dwell together in peace.

Naturally there will be much comment in political circles over the cancellation of the President's engagement to visit Indianapolis. It would be embarrassing to the President for him to enter Indiana at this time, for he would have to speak and would naturally be expected to say something about public policies. Senator Beveridge, who is a candidate for re-election, denounced the tariff act enacted by the Republican majority and signed by the Republican President. In various public speeches Taft has defended the new tariff law, saying that while it is short of being an ideal measure, it is the best tariff law ever enacted in the United States. Senator Beveridge voted against the act, and in taking the gavel as chairman of the Indiana Republican convention delivered a philippic against the measure. If President Taft should, as he has done elsewhere, praise the Payne-Aldrich tariff law, he would necessarily slap Beveridge in the face and discredit his campaign. If he should remain silent on the tariff and commend Beveridge for re-election he would stultify himself and the Republican majority in Congress. Therefore, he has decided to stay away and let Beveridge fight it out alone. He could scarcely do otherwise without hurting Beveridge or giving encouragement to the fight on the protective tariff.

From all parts of the country comes a warm endorsement of the fitness of Governor Hughes of New York for the seat on the Federal Supreme Bench occupied with such honor and distinction by the late Judge Brewer. The commendation is universal. By common consent he is accepted as the right man for the place. So general and so hearty is the voice of approval that the President is likely to appoint him. Still Governor Hughes is sadly needed in New York at this time, for public affairs are in a sorry mess in the Empire State, and on all sides the Governor is looked to as the man to bring about the reforms so urgently demanded by the public. Should he be removed to the judicial sphere, someone else will have to take up the task of purifying the halls of legislation. A capable successor is not in sight. However, emergencies often bring to the fore men competent to deal with crises, and it may be that when Governor Hughes lays down the reins of political leadership someone will arise even better qualified to continue the work he inaugurated.

The suggestion of Secretary Ballinger as a successor to Justice Brewer is probably a Pickwickian one. Apparently it was made to afford new ground for attack on the Secretary of the Interior and for criticism of the President. It is no reflection on Mr. Ballinger to say that he is ineligible under existing circumstances, and it is highly improbable that the President ever considered him in connection with the vacancy on the Supreme Bench. Not that Ballinger is unworthy or ineligible per se, but because current events forbid, at this time, his appointment to a life office of the highest responsibility, it being essential that the members of that august tribunal should not only be above reproach, but in full possession of the public confidence. It was no friend of Taft's or Ballinger's that suggested the latter's name for the Supreme Court.

After berating Ballinger for not handing over Hetch-Hetchy valley to the city forthwith, a San Francisco paper says "Ballinger knows Hetch-Hetchy will not be needed by San Francisco for fifty years to come." Then, why the rush to get the valley as if its immediate possession were a dire necessity? The valley is government property. If it is not indispensable now and will not be needed for fifty years to come there does not seem any occasion for hurry.

As a disturbing element Colonel Roosevelt continues to be a brilliant success. The row he started in Egypt is still sending hoarse reverberations across the water. The stir he created in Rome is agitating the whole world. As he has several other capitals yet to visit before returning to America there is a prospect that he will leave all Europe in a commotion.

In the Yellowstone Park geyser basin a small greenhouse stands over a geyser stream. A current of nearly boiling water constantly passes through it. Steam arises in profusion, moistening the plants and the sun aids in the work, so that an extraordinary rapidity of growth is the result. Lettuce matures in two or three weeks, and other plants grow with proportionate rapidity. The climate of the locality is very severe, which makes more striking this example of the utilization of nature's energy.

Chicago will have 4,000,000 and more persons within its city limits March 8, 1925, Walter D. Moody, business manager of the Chicago Association of Commerce, told the members of the membership committee that it was a conservative estimate indeed.

"As an actual fact, Chicago has considerably more than 2,000,000 population now," he said. "Our increase in ten years has been 52 per cent. That means in another fifteen years, at a progressive rate of increase like that, Chicago will be racing for a place as metropolis of the Western Hemisphere, which it will attain in twenty-five years. That's why we need more members.—Chicago News.

Joseph Crain, of Danville, N. J., a local taxidermist, discovered today what he declares is a clear case of suicide on the part of a parrot that died yesterday, and which was sent to him to be stuffed and mounted. Putting together the facts that the bird had a hole in its side as big as a dime, which could only be self-inflicted, and that it had refused to talk or eat for three weeks, because its mistress, Miss Abbey Cramer, had temporarily deserted it, Mr. Crain is positive that the knowing bird had destroyed itself. He says the wound, which pierced the parrot's heart, was made by its own bill, and he is certain that the bird did not die of starvation.

Miss Cramer recently decided to go to New York to live, and she was not able to take the bird with her.

"It is known," says Professor Irving Fisher, "that sea water is freighted with much gold, but no one has yet discovered how to extract it." Professor Fisher could have been forgetful, in saying this, of the Middletown philanthrophist who did extract much gold on the theory that there is gold in sea water. He did not, however, extract said gold from the waves of the sea, but from the pockets of confiding persons who believed in his scheme. Some of the sufferers may be comforted by the professor's authoritative assurance that there is gold in sea water.

Private Business of Lawmakers

The wisdom and necessity of the Federal law for the punishment of members of Congress who appear as attorneys for private clients before the departments of the Government has been proved in its operation. The revelations at Albany since the beginning of the Allds case have shown conclusively that such a statute providing similar penalties and making lawmakers ineligible to serve as counsel for the State departments is needed here. It is admitted that in some cases an Assemblyman or a Senator may be entirely innocent and his private relations not to the detriment of the interests of his constituents or the State, but the possibility, even probability, that his personal fortune will lead him to actual wrongdoing is so great as to make the proposed legislation highly desirable.

Thoroughly honorable members of the Legislature have acted as counsel for various State departments and bureaus in the past and have earned honors by the fees they have received, but this fact does not hide the corruption and looting that have grown up out of the abuse of the system. The scandal is an old one, to which attention has been directed frequently, but the public, careless of what went on below the surface at Albany, has not until now been in a mood to insist on putting an end to it.

There is much clamor about executive interference with the legislative department of the Government. Few persons realize to what an extent the executive department has been utilized for the furtherance of the personal aims of lawmakers. To prevent a part of this notorious abuse legislation such as is now pending in Albany is essential.—New York Sun.

Testimony Which Is the Product of an Official Feud

(From the Portland Oregonian.)

The Reclamation Service has aired its grievances before the Ballinger-Pinchot committee, growing out of Ballinger's reversal of its fad scheme of unreasonable water-power withdrawals. The plan of the Reclamation Service was to make arbitrary withdrawals and determine later what part of them was needed for water-power sites. But Ballinger's plan was to determine first the lands needed, so as not to take away from operation of the public land laws areas not needed for such sites. In pursuance of his method Ballinger has caused far more extensive water-power withdrawals to be made than did Secretary Garfield, and with more justice toward the interests of the western country. Still, the whole scheme is a mistaken one, because the States can deal with local matters of water power better than can the general government; certainly the States of Oregon and Washington can so do and so do.

Arthur P. Davis, chief engineer of the reclamation service, testified before the committee last Friday that Ballinger's orders, revoking many of Garfield's withdrawals, "demoralized the service" and left power sites without proper protection. This is evidently an assertion of opinion or prejudice, rather than fact. In this western country the people know something about Garfield's mistaken withdrawals. They know that many whole townships, long distances from streams, were taken from the operation of the laws that allow citizens to use and occupy the public domain. At the close of his administration Garfield made many big withdrawals of land along streams, arbitrarily and even recklessly, amounting to about 3,500,000 acres, on recommendation of the reclamation service. These withdrawals were so manifestly unreasonable and unnecessary and inadequate that Ballinger at once set himself to correct them through the geological survey. As a result, nearly 3,000,000 acres were restored to entry. This kindled the resentment of the reclamation service and the anger of Pinchot, who had pressed the scheme on Garfield. Pinchot and his followers at once set up the cry that Ballinger was acting as a tool of their imaginary "water power trust." The Garfield-Pinchot withdrawals and the Ballinger corrections were as follows:

Stream.	By Garfield.	By Ballinger.
Owyhee River, Or.	379,520	60,000
Salmon River, Idaho	322,560	55,700
Missouri River, Mont.	273,280	6,280
Missouri tributaries	366,480	31,908
Flathead River, Mont.	67,200	195
Swan River, Mont.	18,500	.....
North Platt River, Mont.	149,120	6,500
Grand River, Utah	61,440	26,410
Yellowstone River, Wyo.	435,840	3,747
Big Horn River, Wyo.	271,000	.....
Green River, Wyo.	331,520	29,306
Colorado River, Utah	232,960	87,300
Big Horn Mont.	54,400	.....
Green River, Utah	258,240	101,680
San Juan, Utah	115,200	115,200
White River, Utah	83,200	83,200
	3,450,460	619,529

Here is visual disproof of Davis' testimony against Ballinger. His testimony—like that of Pinchot—is a product of an official feud. His reclamation service recommendations were rejected by Ballinger and those of the geological survey were substituted. "You have never made an examination to find out whether all the lands withdrawn were necessary or not?" asked Senator Sutherland of Davis, before the committee. "I have not," replied the witness.

It should grow plainer with the progress of the "investigation" that the main purpose of the Pinchot-Garfield element is to withhold as much land as possible from use and possession of Western citizens. In timber regions settlers are barred out by reserves and by impossible requirement that they buy land by paying the arbitrary price the Pinchot officials put on the timber. In semi-arid regions they are barred out by "withdrawals" for impossible schemes of irrigation and water power. And yet the laws on the statute books ordain, just as they have done for many years, that qualified citizens may take up and possess lands in the public domain.

Women in News Today

HER INTOXICATION LASTED FOR SIX LONG YEARS

Mrs. Dora Bell Davis Drank Two Cases of Beer Every Day.

WOMAN WAS WIDE AS SHE WAS HIGH

Chicago School Superintendent Says Dancing Should Be Tolerated.

CHICAGO, April 8. — Mrs. Dora Bell Davis was drunk for six years—the longest "jamboree" on record—drank two cases of beer daily, saw shapeless objects crawling on the floor and the wall and green dragons issuing from her slippers and climbing up the skies, according to the testimony yesterday in Judge Dunham's court, where she is being sued for divorce.

Her husband, Albert J. Davis, a wealthy manufacturer of creamery supplies, whose fortune is said to be $750,000, brought witness after witness to the stand to prove his claim that his spouse was the champion marathon drinker of the universe.

That any human being, let alone a woman, could possibly absorb so much liquor of various sorts as Mrs. Davis did seem impossible, but physicians, trained nurses and neighbors said it was all true and admitted, too, that they did not know how she did it. Testimony was brought out, too, to show that Mrs. Davis was far too friendly with a certain "Gus," a motorman, as well as other men.

Stoutest Woman Dies

NEW YORK, April 8.—Louise Ambrodine, who had the distinction of weighing 13.4 pounds for every inch of her height, died tonight of acute rheumatism. She was four feet four inches by four feet four inches, and weighed 700 pounds. She was twenty-four years old and a professional fat woman. A derrick will be used to lower the body from her apartment, as the stairway is too narrow for its passage.

Believes in Dancing

CHICAGO, April 8.—Mrs. Ella Flagg Young, superintendent of Chicago's schools, believes in dancing.

"It is a question of the happiness, joy and grace of the boys and girls," she said, in an address before the Men's Club of Irving Park Methodist church last night. "I think some way can be found around the round dances that are so objectionable to many parents. I have an idea it will be possible to substitute some dances for the ones that are objected to. Not long ago I saw some school children go through an Indian dance that made me want to dance myself."

"We Methodists are unalterably opposed to dancing," said the Rev. A. S. Haskins, pastor of the church, after Mrs. Young had finished her address. "Denatured folk-dancing might be admissible under certain circumstances, but I am certain that high school boys will never throw themselves with any abandon into dancing by themselves."

Eight to be Wives

WELLESLEY, Mass., April 8.—Only eight members of the graduating class of 221 girls at Wellesley College intend to become wives. According to the statistics collected by the class secretary, one-third of the class will take up teaching as a profession, while another third plan to stay at home.

Two of the seniors intend to become farmers, asserting their belief that with the increase in the price of farm product there is a good livelihood to be gotten out of the soil.

Woman Confesses

JACKSON, Miss., April 8.—After a continuous day session the senatorial investigation into the bribery scandal was continued until a late hour last night.

The star witness was Mrs. C. J. Neill, who swears that she arranged the meeting between Senator Bilbe and Dulaney. When asked her business she replied: "Bookkeeper, handling real estate and selling Mississippi Senators." She described how she introduced Bilbe to Dulaney; how the latter told her "to feel out the week legislators and see if they could be reached." She swore that she was to be paid "in proportion to the crop," and said she naturally desired a big crop.

Mrs. Neill told how she went to New Orleans to confer with those interested; how she was followed by detectives and she said she believed her life was in danger. She said she did not know it was a crime to bribe an official and believed she did no wrong, for the men she sought to bribe already were corrupt.

Mrs. Mantell Loses

SACRAMENT, April 8. On a train between this city and Portland on March 27th nine trunks belonging to Mrs. Robert Mantell, known on the stage in her husband's company as Marie Booth Russell, and her mother were broken into by burglars and jewelry worth $2000 stolen.

The Southern Pacific detective bureau, which has been quietly at work on the case without success, has just issued to the police of the country a list of stolen jewelry. It is as follows:

One diamond studded gold watch, worth $150; jeweled watch pin, $25; solitaire diamond ring, $200; ring set with two pearls and one diamond, $200; ring with one pearl and diamond cluster, set with pearl and two diamonds, $200; ring with one pearl and diamond cluster, $500; hoop ring, containing four diamonds and sapphire, $200; silver-mounted flask, $15; small savings bank containing $3.90; ring with four diamonds, $350; purse with $11.25.

The manner of the robbery was not made known by the railroad authorities.

Oakland's Greatest Sale of Women's Hose at but 25c a pair

Hale's GOOD GOODS

A Sale Such as the Public Anxiously Awaits and Eagerly Attends

25c the Pair

Notable savings are allowed on staple grades of women's imported high grade, good wearing hose, and Hale's vast purchasing power is again well manifested. Perhaps the window display best tells the story. There you will find arranged for your inspection a display of high grade hose representing an enormous purchase of several sample lines and other lucky job lots, bought for a mere fragment of their ruling worth.

The Sale Price of 25c the pair is Most Extraordinary for the Qualities

Several Thousand Pairs of High-Grade Hose at the Price of Cheaper Kinds

Several thousand pairs are offered, and dozens of styles are shown in both plain and fancy styles in black or colors.

Early buying is most strongly urged, since the more expensive grades are offered for the same price of other kinds, and the best selections fall naturally to the first comers. To better accommodate the crowd, and to better each customer's chances of receiving immediate attention, the department's sales force will be increased for this occasion.

25c the Pair

Large Floor Rugs Little wonder that the demand for large floor rugs is keenly shown at Hale's. The wearing merits of Hale's rugs recommend them for the home or public office, and the diversity of designs is great. At $12 are offered room size Tapestry Brussels Rugs, 9x12 feet **$12**

Hale's GOOD GOODS

New Kid Gloves Newly-received is a shipment of women's fashionable kid gloves. Black, mode and tan are the only shades included, and some sizes are omitted in each shade, but a specially small price has been marked on each pair, making these gloves better than ordinary values for **79c**

Curtains

Handsome Lace Curtains that decorate the home in good taste are available here in extensive variety at. . . . . **$1.98 a pair**

This line in entirety includes curtains in cable nets, fish nets, and Scotch nets in Madras weaves. The designs are numerous; plain, floral and cross stitched effects are shown. Sizes are from 50 to 60 inches wide, and 3 to 3½ yards long. Shades are white, ecru and Arabian. Priced per pair at **$1.98**

Hemstitched Scrim Curtains, 40 inches by 2½ yards, priced per pair at. **$1.25**

The First Shipment of Summer Waists Marked to Sell at 95c Each

Pictured are three of the styles, but in the store you will find many more—all new and distinctly 1910 summer fashions. White is shown principally, but there is also a showing of lavender, blue and brown. Lingerie, lawn, pique, linene and oxford are the materials—all substantial fabrics that will launder exceedingly well.

Industrial conditions in the east delayed shipments of summer waists that were due to arrive before now. Consequently the department has double the quantity anticipated, and 95c has been marked on waists which otherwise would have been priced higher, and you have double the assortment for choosing.

Silks

The expert care that rules the selection of Hale's silks assures their worth, and makes them the standard of silk comparison. Here are timely specials:

Spring Suits: A Genuine Sale

$15

Despite the excellent suit values previously offered this is the most important sale of suits we have held in 1910. Some new suits were obtained at an unexpectedly low price, and this brought about a decision to sell two suits where one was sold before. To do this prices have been hammered down, and usual profits foregone. $15.00 price marks have been substituted for $22.50 ones, and $35.00 price tickets have been replaced by $22.50 ones, with the result of this genuine suit sale, worthy of the name. No inflated values, but every suit a bargain that a woman delights in when quality is obtained at a proved price sacrifice.

$22.50

Lot 1 at $15.00

Representing Values up to $22.50

About 200 of these suits—few were priced at $15 previous to this announcement. Many were made to sell or were priced up to $22.50. They are all new spring styles, made from all-wool serges, worsteds and novelty suitings in all colors; also many shepherd checks. The coats are silk lined, and the skirts show the newest plaited effects. Every suit is well tailored, and individually they are exceptional values. In every respect $22.50 suits. On sale tomorrow at **$15.00.**

Lot 2 at $22.50

Representing Values up to $35.00

Fashionable tailored suits, every one made of high-class materials—French serge, whip cord, diagonals and other new spring weaves. All the desirable spring colorings and plenty of cream serges and hair-line stripes. Some suits are the plain tailored styles, others trimmed. Coats are lined with extra quality peau de cygne, with new effects in skirts. All sizes; regular values up to $35. Tomorrow **$22.50.**

This Sale Starts Tomorrow at 8:30 a. m. Come Early.

Mrs. Green Ill.

NEW YORK, April 8.—Notwithstanding assurances that Mrs. Hetty Green is in her usual health, she was seen to lean heavily on her son's arm at one side, and her daughter's at the other, when she alighted today from a taxicab to visit her offices in the National Park building, for the first time in a week. Mrs. Green remained down town about two hours.

Colonel E. H. R. Green, her son, scoffed at the idea that he is to assume the management of her affairs.

Loses "Kittens."

WASHINGTON, April 8.—"Kittens," the property of Miss Catherine Cameron, a Washington society woman, was stolen last night during the performance of a historical tableau, at a charitable banquet attended by President Taft and other distinguished persons.

The police learned of the loss of "Kittens" and a valuable gold mesh handbag from Miss Cameron, who reported the theft after she and other Washington society women had directed the charitable performance. Every man in the department was instructed to keep a sharp lookout for "Kittens" after its identity had been explained.

"Kittens" is a gold cigarette case. Miss Cameron had left it in the wings on the stage of the hall where the performance was given. It was in her purse and under her hat. When she discovered her loss she did not hesitate to give the authorities a minute description of the missing property, valuing the handbag at $275 and the cigarette case, upon which was engraved the name "Kittens" at $85.

Sues Miss Anheuser.

CHICAGO, April 8. — If Dr. Robert Good intended to frighten Miss Nellie Anheuser of the St. Louis family of millionaire brewers into paying a dentist's bill of $25 an hour by attaching her trunks just as he was getting ready to go to the opera with a friend from the Congress Hotel, he made the mistake of his life.

Miss Anheuser, who was somewhat flustered by the excitement the other night, did not go to the opera after all, but yesterday she had recovered sufficiently to announce her determination to fight the dentist's bill, "and fight it to a finish."

With Miss Anheuser is her friend, Mrs. J. W. Springer of Denver Colo., who came to Chicago for the opera with Miss Anheuser. Miss Anheuser was indignant, and so was her friend, Mrs. Springer, and they declared that they would remain in Chicago now for the double purpose of attending the opera and fighting the suit of Dr. Good.

Mrs. Singer Divorced

LONDON, April 8.—Mrs. Washington M. G. Singer was granted a divorce yesterday. The decree was granted on statutory grounds. The suit was not defended.

Singer is a son of the inventor of the Singer sewing machine. He and his brother were sent to England as boys to be educated, and he has lived here ever since. Both took out naturalization papers and settled down as English country gentlemen.

Mrs. Singer is an English woman. She was Miss Blanché Wille-Hale, daughter of a soldier and a descendant of Sir Matthew Hale, who was a chief justice under King Charles I. She has entertained extensively at her husband's beautiful estate, "Steartfield," at Paignton.

Wolf Wants Divorce.

NEW YORK, April 8.—A suit for an absolute divorce has been started by Rennold Wolf, a dramatic critic, against his wife, who was known on the stage as Hope Booth. Maurice Meyer, her attorney, will ask Justice Blanchard in the supreme court today for alimony pending trial of the action.

No names were revealed or specific charges of misconduct disclosed as required by the New York law.

There is now pending a suit for separation brought by Mrs. Wolf against her husband on the ground of inadequate support.

Must Support Her.

CHICAGO, April 8.—After causing the arrest of Frank O'Neill, on a charge of failing to support her, his wife signed his bond in the Englewood court yesterday as a guarantee that he will support her hereafter.

O'Neill is local agent of a cut-glass concern. He said business was so dull he had to send his wife to her parents.

"You'd better get into some other business," said Judge Stewart. "The law requires you to support your wife."

Estate to Be Divided.

PITTSBURG, April 8.—The estate of the late Annie Hayes Byers, which is estimated in excess of $100,000, is to be divided between the Western Humane Society, and the Pittsburg Hospital for Children, according to the will, just filed in the registrar's office. Mrs. Byers was the daughter of the late Richard Hayes, and the widow of the late Ebenezer M. Byers, the steel manufacturer.

Burglars Again Visit The "Bloody Angle"

PITTSBURG, April 8.—Heedless of the man hunt for the murderous bandits who killed the cashier and manager of the Victor Bank in Schoenville Tuesday night, robbers early this morning made a raid on the Thomas Supply Company, almost opposite the bank at the notorious "bloody angle." The cash drawer was forced open, but little money was taken. The thieves ransacked the store and escaped before the robbery was discovered.

Don Corset While You're Reclining,' Advises Modiste

Though the sheath gown has gone—it is to be hoped with the snows of yesterday—slimness still is all fashionable for women and hips are forbidden as strictly as ever. A clever Fifth avenue modiste who recognizes that a perfect fitting corset is the first essential toward success in her frocks has discovered that if a woman wishes to achieve the correct and most graceful figure she must put on her corsets while lying down and to be able to do this with any comfort she must of course be fitted for her corsets when in the same position. The reason is that when the body is lying flat it naturally is narrower and its weight is not thrown on the hips and it is said that when a woman after being fitted in this manner stands up in her corsets she still preserves the same figure. It is a tip that many other corset makers are following with their customers and even women who have to be content with the ready-made article find their figures are improved greatly by the simple expedient of lying down before they lace their corsets.

Whisky and Women Amuse Legislators

TRENTON, N. J., April 8.—Disgraceful orgies with whisky and women preceded the sine die adjournment of the one hundredth and twenty fourth Legislature yesterday.

Nearly a dozen tenderloin women gathered at the Assembly after midnight and amused themselves by throwing books at members with whom they claimed acquaintance. During a recess these members and some of the minor officials took the gay visitors to a committee room, where liquor was served and dancing indulged in.

Later one of the assemblymen went to sleep in his chair with a beer bottle on his desk. When he was rapped to order by the chairman he yelled "Put it in cold storage," in apparent derision of the minority's unsuccessful attempt to get legislation against high food prices.

Man Student Breaks Wellesley Traditions

WELLESLEY, Mass. The most sacred tradition of Wellesley has been broken. Into the classes of this institution formerly exclusive to young women there was recently admitted a young man, Dian Hagopian.

He is an Armenian and it is said he comes of royal blood. He escaped from Turkey more than a year ago following the massacres at Adana. He worked his way to this country and finally settled in Wellesley.

After working about the college one of the teachers became interested in Hagopian and eventually the faculty gave him permission to attend lectures and recitations in certain courses.

The faculty is as yet undecided as to whether Hagopian will be awarded a degree upon completion of his studies.

United States Has Woman Army Surgeon

Dr ... England is the only woman contract surgeon in the United States army. When on duty she wears a divided skirt and a uniform coat. She is especially interested in the hospital problems of the army in the field and has made a study of the work of the Japanese hospital corps in the war with Russia.

Wife Should Be Chosen to Fit Husband's Place in Life

When a young man is attracted to a girl and grows to love her he is not apt to consider at length or in detail the practical side of matrimony. He may think of it occasionally but he usually dismisses the thought with supreme faith that the wife will be equal to whatever will be demanded of her. The millionaire or the man with a large and sure income can perhaps regard the responsibilities of the future thus lightly, for money can secure the services of those who will attend to the practical matters of human life. But the ordinary business man, the clerk, the bookkeeper, the man on the road hustling for orders, whose income is not large and not always steady, needs a wife who can make up by her head and hands the scarcity of money, says Barbara Boyd in St Louis Times.

Such a woman may seem a paragon and exceedingly scarce to find. But there are thousands of them all over this land of ours toiling cheerfully in the homes all day long, cooking, sewing, caring for the children, nursing when sickness comes and becoming the breadwinner if the need arises. This sort of wife is a true helpmate and the kind the ordinary young business man needs if the two are to get ahead in the world and have a happy home when they struggle forward. But generally a young man does not think of these things. That so many girls measure up the responsibilities and cares thus thrust upon them is to their credit. But it would be wiser not to leave the matter altogether to chance, but to try to choose a wife who at least seemed to have some of these capabilities.

The fact that one loves seems to be sufficient excuse with many for committing all sorts of foolish mistakes in the matter of marriage. But it shouldn't be. One should not act like a child in this great issue of life and grasp what one wants just because he wants it, regardless of consequences. If his common sense and judgment tell him he has loved unwisely he should resolutely turn away from such marriage, though it may be a hard and bitter thing to do. But his first disappointment, keen as it may be, will not be so great as the unhappiness an unwise marriage would eventually bring him.

Mrs. Adolph Ladenburg Refuses To Affirm Engagement Rumor

MRS ADOLPH LADENBERG

Mrs. Adolph Ladenburg is reported as engaged to John Jacob Astor, who was but recently divorced from Ava Willing Astor. If the millionaire marries he will have to stay away from New York, for the courts there have forbidden him from taking a second wife. The couple will have to take up their residence elsewhere or be subjugated to the penalties of the law.

The widow, who holds a large fortune in her own right, neither affirms or denies the rumor of her engagement.

They Were Corsets; He Didn't Know It

NEW YORK.—Really, ladies, you must excuse me. I know nothing whatever about corsets, and if that awful looking harness you lay before me is a latter day corset, then I don't wonder that the plaintiff refuses to wear them and wants her money back.

Please continue the case in a civil court. No, I positively refuse to allow the young woman to don those cruel looking things in my court.

Magistrate ... thus declined to decide a case before him and referred the matter to the civil courts. The plaintiff was Miss Mabel Connolly, who purchased corsets which she avers didn't fit. She demanded her money back.

WEALTH OF BLOOM IN GOTHAM MART

One or two of the fashionables who are taking early morning walks for the purpose of reducing their weight report to their lazy friends that they will miss one of the most fascinating sights in New York if they, too, do not some day before breakfast go down as far as Union Square to see the flower mart. Here the wagons from the suburban florists come laden with bloom and there is a veritable blaze of color, jonquils and geraniums, tall lilies fresh cut mingled with fragrant roses, violets, frisia and spicy carnations. Here the pushcart peddlers come for loads of potted plants which are sold for window ledges and their bargaining carries the traveller back to the foot of the Spanish Steps in Rome, where both men and women sell the deliciously fragrant blossoms of their land of flowers. As a background these picturesque beings have the piazza of Santa Trinita del Monti and in the foreground—or rather below them—is the piazza di Spagna, the fountain sparkling under the brilliant Italian sun and reflecting the blue of the sky. What wonder that the so-called dagos flock to this modest mart in the chill mornings of a northern spring and bargain for a load of bloom.

Sixty Prisoners Are Dined by a Shop Girl

CHICAGO.—Julia Gleeson, a shop girl earning $12 a week, served an Easter dinner to sixty prisoners at the Harrison street police station, paying for the food out of her savings.

Miss Gleeson regularly sets aside 50 cents a week for such work and she has become known among women prisoners in Chicago as the "angel of the station house."

For two weeks Miss Gleeson, helped by Miss Helen Anderson, another working girl, had worked after office hours preparing the details of the dinner. A dozen policemen were placed at her disposal when the dinner was ready. After the dinner Miss Gleeson made a speech to the prisoners admonishing them to avoid evil ways.

A KISS IN TIME

Patches Up Many an Ugly Gap

"A stitch in time saves nine." Too true, but a KISS at the real psychological moment patches up many a gap that would be ugly indeed.

Just as soon as the PRESENT VOTING sex learns that the weaker (?) partner in the scheme needs a VOTE of approval in the form of a kiss properly planted now and then, just that soon will they have sowed seeds from which will grow blossoms that stretch out into the sunlight of permanent happiness.

Of course, in the honeymoon stage it goes without saying. When Elinor cuts her finger on the protruding hatpin (that there is no law against) it has to be kissed and loved and made quite well again, for isn't it HER little finger and doesn't George love every tenth inch of it? says Sophie Irene Loeb in the St Louis Post Dispatch.

She just shall not have the least pain about it.

Or the coffee is cold and she must be kissed to make up for it.

Or the office without the usual good-by impression he... If he starts for the office without the usual good by impression he is called back and pays double. Or, if for no other reason, why, just because.

But after that stage (oh, they all go through it), when things are moving along in the way they should or should not go, the little kiss somehow gets lost in the SHUFFLE of the deal and only comes to light on RARE occasions.

So rare they become that it is difficult to create the ATMOSPHERE without going beyond the clouds that cover it.

Now, John, how easy it is when you come home in the evening and find a nice, cheerful fire and the wee woman fixing doughnuts (for the maid may not get them just as brown as you like) to give her a little Kiss and a word of approval.

Oh, you needn't make a Romeo and Juliet stage setting out of it or go through a prolonged Olga Nethersole variety, but just the little token as old as Methusaleh. Ages have kept it just as sweet and even U-NEED-A-KISS today, tomorrow and forever, world without would be amen indeed!

Or she may be tired with the day's scheming and planning and sewing. A kiss will revive much more readily than all the scolding to "take things as they come."

We are only children at best and we want things SUGAR-COATED. The bitterest PILL may be swallowed if given with a coating of SWEETNESS, no matter how thin it may be spread.

GIRL HAS VOICE OF JEKYLL-HYDE

Right to Sign Name of Taft

WASHINGTON.—Mrs Mabel Pound Le Roy, who was last week appointed to a position in the Land Office, is a unique position in the government service, the only person in the government authorized to sign the name of President Taft. This potent signature Mrs Le Roy will affix to all land patents or warrants deeds issued from the Land Office. She will sign 6000 or 7000 patents a month.

Mrs Le Roy was appointed to the clerkship from Pontiac, Mich. She is the young widow of a newspaper man. Mrs A. Le Roy and the story of her appointment strongly emphasizes the loyalty of President Taft to the memory of a dead friend.

When Judge Taft went to the Philippines as Governor General he had as fellow passengers Mr L. Roy and his bride, to whom he had been married only a few weeks previously. The young newspaper man was going over as secretary to Commissioner Dean Worcester. A warm friendship grew up between him and Judge Taft. The young man died of ... fever ... the very day President Taft was inaugurated.

The appointment upon the duties of which Mrs Leroy is now entering came unsought. It ... her devolved the support of her three fatherless children and she had determined to accept one of the many offers of employment she had received when the death of Mrs Margaret W. Young left vacant the clerkship which carries with it the privilege of signing the President's name. This was at President Taft's own instance offered to the widow of his friend of Philippine days.

American Descendant Of Historic Woman

There is only one descendant of Molly Pitcher of Monmouth fame now left—Frederick Hays of Carlisle, Pa., whose grandfather, Molly's son, was born on Monmouth battlefield to celebrate June 27, the day on which Molly, whose surname was not Pitcher but Hays, performed the deed which has handed her name down to posterity.

Donates Funds to University Clinic

Mrs Maria C. Taylor has given $5000 to the New York University to endow a free clinic in connection with the Bellevue Hospital Medical College. This is the first gift received to the endowment of the free clinic and it is hoped to increase the endowment to at least $10,000.

Turkish Girlhood

The first twelve or thirteen years of a Turkish girl's life is not different from that of any other girl. She plays with children of both sexes, Turks and Europeans. The instant, however, that she becomes a woman and takes tchirchaf—the loose and outer garment which conceals the figure—her companionship with boys ends. She no longer accompanies her father or visits that part of the house called haremlik and begins her education as a woman. She learns what is expected of her as a sister, daughter, wife and mother. She is not deprived of her European friends nor of the chance of meeting new ones. She is permitted to study and to go about freely, although always veiled and attended.

PURIFY BUSINESS, SAYS SCHIFFELIN

New Yorker Says Legislative Corruption Is the Result of Corrupt Merchandising.

NEW YORK April 8 A fund of $10,000 for the purifying of business through the diligent prosecution of commercial fraud will be raised here if a proposal submitted to the National Association of Credit Men is approved

According to William Jay Schifflin president of the New York Citizens Union and other prominent civic and business organizations the duty of business men is primarily to prosecute graft and corruption in politics and the purifying of business is as necessary as reform in legislative bodies

"Stories of graft and corruption in three states—Ohio Pennsylvania and New York—occupy columns in any morning newspaper" said Mr Schifflin "All these stories of legislative corruption concern business matters When fool ... of blaming legislators for graft but first and foremost the blame is on business men Commercialism which should be an honorable word is coming to be a term of reproach Honest business men know the truth and feel the sense of shame these exposures"

WATTERSON SAYS ROOSEVELT NEXT

Kentucky Editor Predicts the Mighty Hunter Will Again Be President.

LOUISVILLE Ky April 8—Under the head of "Whither" Henry Watterson will say this morning

"The time has come for the people of the United States to consider Theodore Roosevelt as they have never considered him before to take him more seriously than they have yet taken him and to realize that he is altogether the most startling figure who has appeared in the world since Napoleon Bonaparte a circumstance not without significance and portent

"The candidacy of Theodore Roosevelt for President in 1912 may be regarded from this time onward as so probable that the people should begin seriously to consider it

"If there be need for an executive head a strong man having courage to take all the bulls of corruption by the horns and regardless of classic legal restraints to shake the life out of them then indeed Theodore Roosevelt would seem to be fitted by temperament education and training for the work"

MANY WOULD WED ATHLETIC WOMAN

Miss Eleanor Sears Receives Proposals From Scores of Admirers.

SAN FRANCISCO, April 8.—Every variety of request from "Miss Sears, will you marry me?" to "Will you finance an expedition to the top of Mount McKinley?" has been received by Miss Eleanor Sears, society marathon walker, since her recent trip from Burlingame almost to Del Monte. With the fervid interrogations are lectures from spinsters shocked at Miss Sears' activity, expressions of admiration from school boy athletes and offers from enterprising vaudeville managers. A moving picture firm also wants the Boston society girl to start another hike and allow herself to be pictured pacing out the miles.

"We would request that several well-known society men walk with you from time to time while the pictures are being taken," the promoter of nickelodeon joy recites artlessly.

The potential explorer states that he can make the trip to the summit of Mount McKinley, he believes, for $5000.

"My idea is to call it The Eleanor Sears expedition to the summit of Mount McKinley," the enthusiast writes "Thus, while I would prove for all time whether or not Dr. Cook really climbed the mountain and so settle a mooted question all over the world, you would share in the praise following the achievement. Surely, $5000 is little enough to pay for such a worthy object."

Marriage proposals come from all manner of mankind, who discover themselves charmed with the sixty-six-mile walk the plucky girl made from Burlingame to Gilroy. They pour out their hearts in a flood of affection.

"I am going East in a very few days," Miss Sears said yesterday, "and I do not think I will attempt the Del Monte walk again before my departure. No, I am quite sure I will not attempt it."

ACCUSES CABANISS OF BEING UNFAIR

Charles Wesley Reed Makes Charge Against Court During Hearing.

SAN FRANCISCO, April 8.—Charles Wesley Reed, a former Supervisor, whose wife is suing him for a divorce, accused Superior Judge Cabaniss of unfairness while on the witness stand yesterday afternoon. The court had taken occasion to made a remark about Reed's testimony whereupon he retorted, "You have no right to say such a thing. You are unfair; you have been unfair from the very beginning of this case."

His honor took occasion immediately to rebuke the witness, who is also the defendant, reminding him that the most serious breach of court discipline had occurred during the present trial. He referred to Reed's assault upon his wife's counsel, Attorney J. J. Dunne.

At the time of this exchange Reed was testifying that he had not severed the marital relations with his wife, but instead she had left him.

State Will Assess The Western Pacific

SACRAMENTO, April 8.—The Western Pacific will be assessed by the State Board of Equalization this year on its line from Oroville to San Francisco bay because that portion of the road is considered as operative. From Oroville to the State line between California and Nevada the various counties through which the line passes will make the assessments.

This change will make somewhat of a difference in the county assessments this year because in the past each individual county has been assessing the Gould line holdings, but now that the road is considered in operation the State authorities undertake the assessment task.

The board also included the Stone Canyon Pacific railroad, a 21-mile road from the Stone canyon coal mines in Monterey county to the road of the Southern Pacific in San Luis Obispo county, among the railroads of the State to be assessed by the State Board of Equalization.

APPENDICITIS

How to Avoid It and Escape a Surgical Operation, Told By One Who Knows.

A Simple Method That Is Always Efficacious—Trial Package Free.

It has only been a few years since it was discovered that a surgical operation would cure appendicitis; in fact, it has been but a short time since the disease was discovered and named.

Whenever there is an inflamed condition of the appendix, caused by impacted faeces in the small cavity opening into the intestine, you then have appendicitis.

The older doctors used to call this inflammation of the bowels, and were puzzled to know the cause.

Even now, with all the knowledge we have of the disease, no medical man can tell you why we should have an appendix, why we find it where it is, or what are its functions, if it has any.

The disease for which the operation is a cure is usually caused by indigestion, and in many cases follows a large and indigestible meal.

Physicians have until recently recommended an operation, but now, as it is known that it is caused by indigestion, or dyspepsia, a cure without an operation is assured.

Where the patient is treated with Stuart's Dyspepsia Tablets, the unhealthy conditions prevailing rapidly disappear, the stomach and intestines are placed back in their normal condition, every organ of the body operates as it should, and the inflammation is reduced and the operation is avoided.

Conscientious physicians, who are looking after the best interests of their patients, will always keep a supply of Stuart's Dyspepsia Tablets handy in their office, where in cases of sudden attacks of indigestion they can relieve the patient at once.

There is no record of a case of appendicitis where the stomach and bowels were in a healthy condition and properly digested the food from meal to meal.

No better advice can be given to any one who has attacks of indigestion, or who has been threatened with appendicitis, than to tell him to go to the drug store, pay 50 cents, and take home a package of Stuart's Dyspepsia Tablets.

Whenever heartburn, gas in stomach or bowels, heart disease or stomach troubles, sour eructations, acidity or fermentation are present, act at once. Take a dose of the Tablets and get relief as soon as possible.

At all druggists—50 cents.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

CHORUS GIRLS ARE QUARTERED IN CELLS AT COUNTY JAIL

FORT WAYNE, Ind., April 8.—Bluffton is a dry town, and to this is due, anti-saloon people say, the fact that there are not prisoners in the Wells county jail, which housed the chorus of a light opera company last night. The Methodist conference is in session, and all the hotels were packed to the limit, so there was no other place open to the girls.

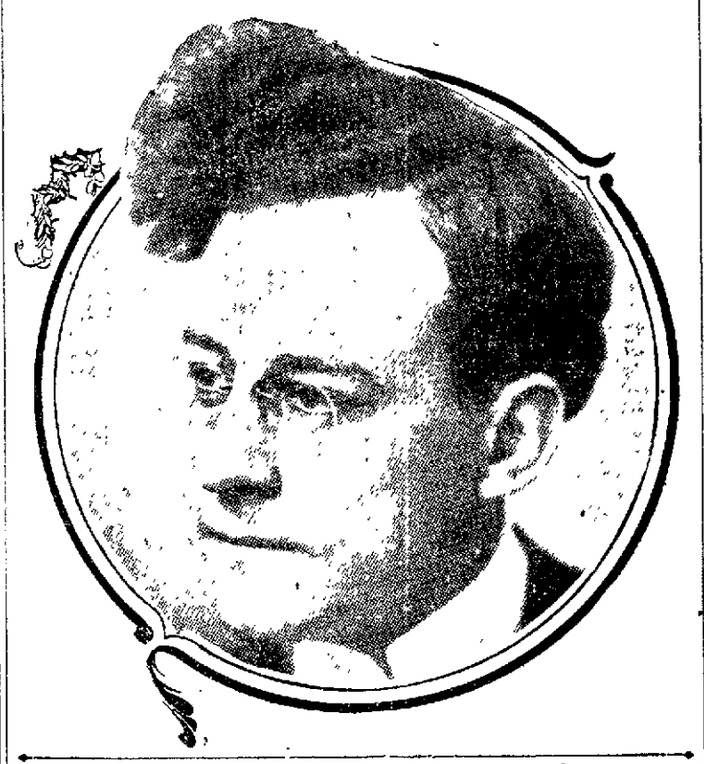

The company arrived during the afternoon, and the manager found every hotel and lodging place crowded. A few members of the company succeeded in securing quarters, but no place could be found for ten of the chorus girls. Finally it was suggested that sleeping room could be secured at the county jail. The manager broached the matter to the girls and they consented to go there.

Thief Is Surprised Entering Apartment

SAN FRANCISCO, April 8.—Surprised while crawling through a window in the Electrico Apartments, 1301 Leavenworth street, at 5 o'clock this morning, William Hughes, a waiter, was arrested by Policeman H. J. Lamb and Special Officer Sullivan and charged at the Bush street station with attempted burglary. The policemen were standing at the corner of Clay and Leavenworth streets when they heard a strange noise and perceived Hughes making his way into the apartment occupied by Wright Cramer. Before he could ransack the place he was pulled out by the officers.

PELHAM BREAKS GRANITE SLAB ON CATALEPTIC SUBJECT

PELHAM, the hypnotic wonder, at the Bell Theater.

Last evening at the Bell Theater, Pelham astounded the large crowd present at the first show by breaking a granite slab (computed to weigh about 385 pounds), while the slab was resting on the suspended body of a young man in the cataleptic state. The act created much wonderment, as indeed did all the feats of this marvelous hypnotist. Prof. Pelham will be at the Bell tonight and tomorrow and all interested in the science of hypnosis and thought concentration will enjoy his wonderfully entertaining as well as amusing act.

Sunday matinee ushers in a new show, with an Irish play as the feature. Allen Doone, the eminent Irish actor appears in "Sweet County Kerry," accompanied by the charming Irish colleen, Miss Edna Keeley. It's a charming playlet with a clever plot and the songs and pipes of Ireland are a big feature in the production.

Declares Miss Jensen Was Murder Victim

DENVER, April 8.—"I now feel certain that Ellen Jensen was the woman who was murdered on Mount Tamalpais, and that the woman who said she was Ellen Jensen and claimed the girl's trunk at the San Francisco warehouse was instructed to go there simply to avert suspicion," said Mrs. Anna Lytell, head of the Young Women's Friendly Club of Denver.

"I knew Miss Jensen well, and have written many letters and made every attempt to find her in San Francisco or elsewhere. Some of the letters have been returned unopened and others have not been returned."

The theory of Mrs. Lytell is that the murderer either took Miss Jensen's trunk check off her body after the crime or that he obtained it from among her effects and sent a woman to claim the trunk.

Ant Eater Labeled Dangerous in Future

NEW YORK, April 8.—The Myrmecophaga Tamandua, hitherto supposed to be harmless, is in disgrace. For the first time in the history of the Bronx Zoo, it has abused the confidence of its guardians by biting its keeper.

The animal, a curious ant eater from South America, became suddenly vicious and attacked a passing employe, seriously injuring him before he could escape. Hitherto allowed a fair degree of liberty, the Myrmecophaga will henceforth be chained to a tall rubber plant and labeled "Dangerous."

Engineer Meets Death In Head-on Collision

WHEELING, W. Va., April 8.—In a head-on collision early today between two freight trains on the Baltimore & Ohio railroad at Roney's Point, eight miles east of here, Engineer Nash was killed and four other trainmen seriously injured. One of the locomotives was thrown into Wheeling creek, and the other to the opposite side in a field. Both tracks were heaped high with debris. A misunderstanding of train orders is assigned as the cause of the wreck.

Souvenir Collectors Will Be Deported

NEW YORK, April 8.—Two enthusiastic souvenir collectors will probably be deported by the immigration authorities because of their industry in picking up and stowing away articles on the Cunard liner Pannonia, which brought them to this port.

The two were second-class passengers. When examined by the customs officers, their baggage was found to include a large and complete assortment of silver ware, linen and blankets.

GRAND TRUSTEE.

SALT LAKE CITY, April 8. — The name of C. L. Applegate of Salt Lake City, as candidate for grand trustee of the Grand Lodge of Elks will be presented to the meeting in Detroit next July. Salt Lake City Lodge No. 65 is behind his candidacy.

Pittsburg to Have $1,000,000 Club House

PITTSBURG, April 8.—The Pittsburg Athletic Club, organized only eighteen months ago by prominent citizens, will lay the cornerstone tomorrow of a magnificent million-dollar clubhouse. The site of the clubhouse is at Fifth avenue and Grant boulevard, within a stone's throw of the Pittsburg National Bank, the Carnegie Institute and other public institutions.

The membership of the association, which already numbers 2400, is to include men, women and children.

LOSES FINGERS IN SAW.

While working at a circular saw this morning at the Burnham-Standeford mill, Lewis Olsen lost the first and second fingers of his right hand at the knuckles. He accidentally ran the digits through the saw with a piece of timber. Surgeons dressed the amputations at the Receiving Hospital.

S. S. S. A REAL CURE FOR BLOOD DISEASE

S. S. S. is a real cure for Contagious Blood Poison because it is a real blood purifier. We all realize that this disease is a specific blood infection of the most powerful nature, the virus of which so thoroughly poisons the corpuscles of the circulation that its symptoms are manifested over almost the entire body. First comes a tiny sore or pimple, then the mouth and throat ulcerate, the glands in the groin swell, the hair begins to fall out, skin diseases break out on the body, sores and ulcers appear, and even the bones ache with rheumatic pains. It is reasonable to believe that in a blood poison so powerful as this that only a blood purifier can have any permanent good effect. S. S. S. is the greatest of all blood purifiers; it goes into the circulation and by thoroughly cleansing the blood of every particle of the insidious virus makes a permanent and lasting cure of Contagious Blood Poison. It does not hide or cover up the disease in the system but it entirely removes the last trace of its destructive germs. If you are suffering with this disease S. S. S. will cure you because it will cleanse your blood and enrich its health-promoting corpuscles. S. S. S. is made entirely of healing, cleansing roots, herbs and barks, and is a medicine so absolutely safe and certain in its results, that everyone may cure themselves at home, and be assured the cure will be permanent and lasting. Home Treatment book containing much valuable information for successful treatment, sent free to all who write.

Windy City Bathers Must Not Be Bizarre

CHICAGO, April 8.—Police censorship of bathing costumes was established in Chicago yesterday with the adoption of rules which are to be enforced at beaches this summer.

Chicago's wide, sandy beaches, chiefly along the north shore, are within a short distance of residence districts and on hot days they are crowded with thousands of bathers. The rules governing costumes laid down by Chief of Police Steward are:

"Extremely bizarre costumes must not be worn.

"Women who wear costumes that do not care to get wet must have them made of modest design or they will be ordered off the sands.

"Men who appear on the sands merely to pose as athletes will be ordered away.

"Bloomers without skirts will not be tolerated.

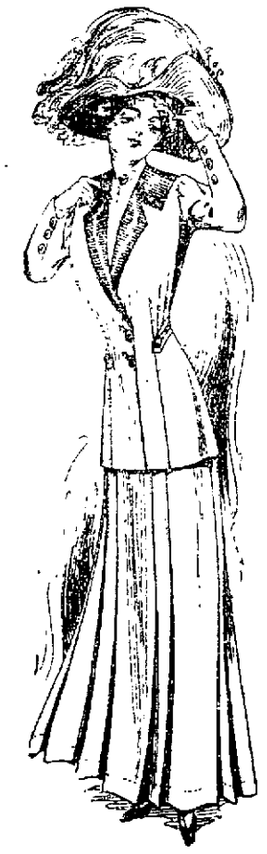

"A censor will stand at the dressing-room door to pass upon all costumes."

Woman Is Blinded By Hot Curling Iron

Must Stand Trial For Murdering Baby

SANTA ROSA, April 8.—Mary Thomas, charged with the murder of her babe, must stand trial for the offense on April 26. Her petition for a writ of habeas corpus was dismissed yesterday afternoon. Mary Thomas gave birth to a child a few weeks after her marriage to Willard Thomas, and between them they murdered the babe on the night of its birth, and Thomas wrapped the body in burlap and threw it into Santa Rosa creek, where it was later found. Both the man and woman are charged with the murder.

GOOD SAMARITAN CHAPEL TO OPEN

Bishop Nichols Will Officiate at Services Dedicating New Church Home.

On next Sunday afternoon at 3 o'clock the Right Rev. William Ford Nichols, D. D., bishop of California, assisted by the clergy of St. Paul's parish, will formally open the new chapel of the Good Samaritan at the corner of Ninth and Oak streets. This property, then the site of a bungalow, was purchased by St. Paul's Church about a year ago, to fulfill a two-fold purpose; first, to make a convenient religious home for a section of the city inconveniently distant from a church of any name; and second, to furnish a place for the furthering of the mission work, for years carried on by the parish in a building on Alice street, which in turn had grown out of a mission opened by Mrs. Elizabeth C. Van Winkle at Second and Broadway.

While those purposes are not at all distinct, they are yet far enough different that they need separate rooms, a church room and a guild room. The double need has been handsomely supplied. The transformation and construction was begun last October. Mrs. Sarah H. Michler generously bearing the expense in honor of the memory of her sister, Mrs. Van Winkle, to whom the chapel is a memorial.

GUILD ROOM BEAUTIFUL.

The guild room, where are held the guild meetings, the girls' sewing school and the Sunday school, and where it is purposed to organize a boy's club, is a beautiful sunny room reached from the Ninth-street entrance. The chapel itself, large enough to seat conveniently about 150 people, is one of the most churchly appearing edifices in Oakland. In architecture it is consistently of the old English type, designed by Walter Radcliff of Berkeley.

The baptistry is opposite the main entrance, in the rear of the nave in a little alcove. The chancel arch and the altar have been artistically decorated by C. G. Hambleton. An eagle lectern, a handsome brass cross and vases, add their quota of dignity and beauty. Over the altar is the memorial window, with its biblical scene of the Good Samaritan, from which the chapel takes its name.

Young Roosevelt to Wed in June Month

NEW YORK, April 8.—At last the day has been set for the marriage of Miss Eleanor Butler Alexander and Theodore Roosevelt, Jr. The wedding, which, of course, will be the most brilliant of many seasons, will take place June 10 in the Fifth Avenue Presbyterian Church, this city, and will be followed by a large reception, which will be given by Miss Alexander's mother, Mrs. Henry Addison Alexander, at the home of the bride's uncle, Charles B. Alexander, 4 West Fifty-eighth street.

The exact hour has not been decided upon, but it will be in the afternoon. Miss Alexander has not yet chosen her attendants.

Colonel and Mrs. Roosevelt will, according to their present plans, sail for home June 10, so allowing for any possible delay, they cannot fail to arrive in time for the wedding.

Season Schedule to Bering Sea Ports

SEATTLE, April 8.—Regular sailings to Nome, Alaska, will begin May 31, according to an announcement made by the Alask. Steamship Company yesterday, the first vessel of the line to leave being the steamship Olympia which will start from here for the Bering sea on that date. The steamship Northwestern will follow the Olympia June 2. The steamship Victoria has heretofore opened the Nome season, but she has been replaced on that run by the Northwestern on account of the latter's superior condition.

President Invited To Workmen's Dinner

NEW YORK, April 8.—President Taft has been invited to attend a big dinner, which the workmen at the Brooklyn Navy Yard will give at the completion of their work on the battleship Florida. The dinner will follow the launching of the big sea fighter on May 11. More than 1200 workmen, all of whom have had a share in building the battleship, will be present.

TRY THIS REMEDY FOR NERVOUSNESS

When the Doctors Saw That Dr. Williams' Pink Pills Were Helping This Los Angeles Woman They Advised Her to Continue the Treatment.

Many women suffer from nervousness, accompanied by loss of weight and pallor, showing that there is a loss of nutrition and that the blood is becoming deficient in quantity or quality. This is a condition that may be followed by serious consequences unless corrected.

To cure it the failing nutrition must be arrested, the patient's weight and strength built up and the blood restored to its normal condition. Besides good food, artificial aids to digestion and tonics it is usual to recommend change of climate in such cases.

The one remedy that has cured this condition, strengthened the digestion, toned up the nerves and made the blood pure and rich is that described by Mrs. M. C. Sproul, of No. 444 1-2 Wall street, Los Angeles, Cal., who tells of her cure by Dr. Williams' Pink Pills, as follows:

"Following the birth of my child," she says, "I was in very poor health. I was confined to bed more or less of the time for a year. I was very nervous and couldn't bear the least noise or excitement. Every few weeks I would be nearly insane from pains in my head. My heart pained continually and it was necessary to take morphine to get relief. Oftentimes the pains were so severe that I could not speak.

"I was under the care of four doctors at different times but was not cured. I had been sick for a year or more before I decided to drop the doctors' medicines and give Dr. Williams' Pink Pills a trial. I was helped before the first month passed as the pains became less severe. I gained in flesh until I reached my usual weight. When the doctors saw that the pills were helping me they advised me to keep right on with them. I did so and was entirely cured."

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for $2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

MILLION AT ISSUE IN WAR FOR BOY

Father and Grandmother Fight for Nine-Year-Old John P. Adams.

NEW YORK, April 8.—Possession of one 9-year-old grandson of "Al" Adams, the dead "policy king," is worth $1,000,000 to the maternal parent and grandparent, and Louis B. Adams, the boy's father, charged with having kidnaped him from the mother, feels it necessary to guard him every minute of the night and day.

This child is worth that sum because his mother wants him with her and because her mother, Mrs. John S. Kimball of San Francisco, was appointed his guardian by a California court, and because John S. Kimball, steamship and mine owner, wants his wife and daughter to have what they want. He told the court Monday he would spend $1,000,000 to get the boy.

Competition for possession arose when Mrs. Louis B. Adams left the home of Louis B. Adams in New York to go to her father and mother.

The boy, John P. Adams, is at 306 West Eighty-sixth street, the present home in this city of Louis B. Adams, of his brother, Alfred; of two of his sisters and of his mother, "Al" Adams' widow. Among them they guard the child pretty securely.

Government Should Aid Building Road

NEW YORK, April 8.—Governor Fred M. Warner, of Michigan, who came all the way from his home to New York to speak for fifteen minutes at a banquet of automobile manufacturers here last night, believes that the time will shortly come when the federal government will make large appropriations to help the States in the construction of better roads.

"The growth of the automobile industry," declared Governor Warner, "means the extension of good roads everywhere and the nationalization of at least a part of the construction work. Michigan's roads and Michigan's automobiles have developed together. We are expending millions on roads and the making of automobiles has become our greatest industry. We will turn out nearly 250,000 cars this year."

Charity and Poker Brought Down Ruin

BOSTON, April 8.—Excessive liberality toward his relatives and friends and bad luck in the game of poker are advanced by the legislative investigating committee as the means by which John H. Hall, former treasurer of the South Bridge Savings Bank, now under arrest on the charge of embezzling, was enabled to dissipate large profits which he made in the stock market.

Representatives of the leading Boston brokerage house testified that Hall was an unusually keen investor and that his transactions were almost always profitable.

General Wood Will Go to Buenos Ayres

NEW YORK, April 8.—Major-General Leonard Wood left Governor's Island last night for Old Point Comfort, where he will go on board the armored cruiser Montana, which will steam late today for Buenos Ayres. General Wood conveys the congratulations and good wishes of President Taft to Senor Figuero Alcorta, President of the Argentine republic, on the occasion of the celebration of the one hundredth anniversary of the independence of the republic.

Masked Man Shoots Victim Four Times

UTICA, N. Y., April 8.—A masked burglar shot William T. Dowd, proprietor of the Fourth Ward House in Rome, four times shortly after midnight. His condition is critical. The burglar escaped.

Squatters Take Issue With Northern Pacific

SEATTLE, April 8.—Squatters who have located on Northern Pacific sections of land in among the 7231 acres of Government land which will be thrown open for entry on April 28th, at the local land office, are said to be seeking grounds on which to contest the railway's ownership. The land in question has just been surveyed and is located six miles east of North Bend, in King county. Under its land grant, the Northern Pacific owns each alternate section. The land is rough and partly timbered.

Practically all the land, including the Northern Pacific sections, which is of any value whatever, has been squatted upon. It is the rule of the land department, when such newly surveyed land is opened, to allow the bona fide settlers already upon it the preference in filing.

Struck Down by Auto And Fatally Hurt

CHICAGO, April 8.—An automobile struck and fatally injured Joseph L. Pridolet last night at Chicago avenue and Wells street, then swerved into a trolley post, injuring the two men and two women who were in the machine. Henry Westlind, the chauffeur, who is under arrest, told the police that the machine dropped into a rut in the pavement, disabling the steering gear so that he was unable to avoid striking Pridolet or to prevent the machine striking the post. Pridolet died while being removed to the hospital.

Westlind, who with his companions, escaped severe injury, was using his employer's automobile in entertaining his friends.

FIGHT PROMOTERS WRANGLE OVER DIVISION OF DATES

Bashfulness Is Jeff's Excuse for Unpatriotic Conduct in Theater

NO EVIDENCE OF A TRUST IN PUGILISTIC CIRCLES

Battling Nelson's Charges Against San Francisco Boxing Game Seem to Have Been Disproven

By EDDIE SMITH

THE San Francisco promoters of pugilism seem anything but the happy combination of money squeezers that Battling Nelson informed the Eastern press they were when Jim Griffin refused to meet the demand of the ex-champion in his proposed fight with Cyclone Johnnie Thompson. At the time, Nelson said that the three men who had secured the permits for the handling of boxing in San Francisco had banded together, and through this combination they would put the screws on the purses that the former promoters had been offering and for that reason he did not believe he would meet anyone in San Francisco. For a time it looked as if the Dane had about hit the nail on the head, but hardly a week had passed before Jim Coffroth and Jim Griffin had started a fuss over the 2nd of July date that proved beyond any shadow of a doubt that this pair were not hooked up, and now comes Louie Blot with a declaration that he will try to sign up the Frank Klaus-Billy Papke match for his club, when it has been announced that Coffroth has already signed the men.

To me it would seem as if the promoters were in a good way to open hostilities, which will mean the losing of many dollars to each promoter. The result of Blot going after the Papke-Klaus match may be the losing of much money for the promoter in that scrap, for if both men get to bidding for the event the fighters need do nothing until the highest bid has been made, and then merely accept. In this manner they will be the better off by a few thousand dollars.

PROMOTERS JEALOUS.

If Coffroth has been successful in matching Klaus and Papke, then Billy should keep his hands off, but Blot figures that he is as much entitled to the match as Coffroth. Blot and Papke have been friends for a number of years and the promoter has acted as a Western agent for the fighter in many of the matches he had here. Through this friendship Louie feels that Papke will be only too glad to come to the coast and right for him, and that he would naturally give him a preference in the matter of handling a contest wherein he was one of the principals.

Coffroth has had one of his Eastern agents at work on Klaus and Papke, however, and it may be that he has stolen a march on his rival promoter and already signed the pair for his Mission-street arena. Ed Papke, the managing end of the family, has said so, and until we get a denial we must take it for granted that Coffroth has the articles.

The idea that Papke will fight for Blot because of long friendship is a mistaken one, especially when it comes to a matter of finance. The best illustration of this fact was furnished by Willis Britt and Jimmy Coffroth. Britt was always one of the best boosters that Coffroth ever had, and every place he visited he shouted the praises of Coffroth. When it came to making a match, however, Coffroth always had to come through just as strong for Britt as he would for a stranger, and, in the opinion of the promoter, a little stronger.

Blot may get the Papke-Klaus fight for his June date, and he announced last night that he as going to make a try for it, but if he gets the match it will be because he has outbid the Mission-street arena man and not because Papke and he are friendly. Klaus and Papke would make a great card, and we certainly do hope that one of the promoters lands the prize.

POWELL UNMARKED.

Lew Powell was about the streets of San Francisco last evening without a mark on his face as a result of his contest with George Memsic and seemed overjoyed at the idea that he would be matched with Ad Wolgast in the place of Matty Baldwin.

"I do not believe it can be true," said Lew. "It all seems too good. Wolgast might take me on if he were to get all the money, but with any kind of an even division a thing I would insist on—I do not think he would give me the chance. I am going to the country for a few days, and there I shall take a rest. I am not anxious for a match just at present, for I want to rest up a bit, but if I can get Wolgast I will get right down to work and will make him a little side bet if he likes."

Powell is as sure he can beat Wolgast as he is that he is alive if the German lad will only give him another chance, and he would go most anything to get the chance. By his showing with Memsic Wednesday night he proved beyond any shadow of a doubt that in a ten-round contest he would prove a mighty hard proposition for the champion.

ELLIS AND O'NEIL.

Paddy Ellis and Willie O'Neil are to meet in a twenty-round contest at Sacramento next week before the Capital Athletic Club, of which Walter Henley is the manager and matchmaker. The Capital Athletic Club is one of the new clubs in the field at Sacramento, but under the management of Henley the club has been a success from the start. Ellis and O'Neil met in a ten-round preliminary at the Capital City last month and the contest was so highly interesting that the fans demanded a return match at a longer distance. Billy Johnson, a former boxing instructor of the Sacramento Athletic Club, will act as referee of the contest.

MORE BASHFUL THAN PATRIOTIC IS JEFFRIES

Big Fellow Gives Novel Explanation of Failure to Stand During Anthem.

JEFFRIES' TRAINING CAMP, Rowardennan, April 8.—Today Jeffries consented to talk on the fact that he did not rise at the Macdonough theater when the Star Spangled Banner was played during the progress of the "Round Up."

"I don't know what excuse to make that the people of Oakland would understand," said the big fellow. They do not know what it is to be stared at like a prize pork at a country fair and in not knowing it they are lucky.

"First of all I want to deny that I am not patriotic, for I really believe that if the occasion demanded, I would fight for my country much quicker than half the men in the theater that evening. The thing is simply this: When I go to the theater in cities outside of Los Angeles, and especially just at present, I either go in very early and get seated before the crowd comes in, or I wait until the curtain goes up and the house is dark. It is not very comfortable to walk down the isle of a theater with your wife, and hear people saying on all sides of you, 'There goes Jeffries.'

"It was because I believed I had slipped into my seat at the theater the other evening without being noticed that I did not stand up. Had I done so the people would have seen me and all through the play I would have been uneasy. I am very sorry for the incident and would not have had it happen for a good deal, but I just can't work myself up to disregard the staring eyes of the people, and just at the present time I have to keep hidden to a certain extent. I do not blame anyone for criticising me, but the time may come when I will show them that they are wrong in thinking me unpatriotic."

Sam Berger also went into details regarding the affair. Sam said that the people of the country will never know how really and truly bashful and backward Jeffries is.

"It was a sort of childish bashfulness that impelled the big fellow to remain seated, in the hope that he would not be seen and pointed out," said Berger, "and if for one moment he had stopped to realize that he made himself all the more noticeable by not standing he would have done so."

Both Berger and Jeffries seemed eager to pass the matter for the time, and Jeffries managed it well by walking away from the party who had been talking of the affair. That the big fellow regrets the incident there is not the slightest doubt.

Today the training stunts such as playing baseball and handball and the walks on the roads will be carried on, and as the ring which has been shipped here from Oakland has arrived, it is possible that the big man will start boxing next week. All this week and the first of next week will be devoted to taking in the surrounding country and preparing for the real grind of the training which is soon to start. Nothing startling has happened at the camp and nothing out of the ordinary life of a man is liable to happen until such time as the men get started on the real training stunts.

SCHEDULES OF BASEBALL GAMES.

"Sporting Life's" baseball schedules for 1910 have made their appearance. They give the at home and abroad championship dates of all of the National League and American League clubs, official averages of the players of the two major leagues, group pictures of the sixteen major league teams, as well as the line-up this year, and much other valuable information. Either booklet or both will be sent free to any one who will send a two-cent stamp to "Sporting Life," Schedule Department, Philadelphia.

EARL DENNING, the Chicago bantam, has been matched to meet Danny Dunn at Cleveland next Monday night. The articles call for ten rounds at 118 pounds ringside.

Intercollegiate Rifle Championship Won By Massachusetts

WASHINGTON, April 8.—Massachusetts Agricultural College at Amherst, Mass., has won a championship trophy in the intercollegiate indoor rifle shoot with a score of 1845 out of a possible 2000. The award was made today by a committee of the National Rifle Association of America which finished reviewing the score of the 10th week.

Washington State College was second with a score of 1842; Columbia University of New York was third with 1814; the University of Idaho fourth with 1805, and the University of Iowa fifth with 1787. Twenty-two colleges competed.

On Saturday, June 18, the outdoor championship team match between the colleges will be held at Washington on the range of the District of Columbia national guard.

Joe Willis Matched With "Gunboat" Smith

VALLEJO, April 8. — Tim O'Neil of San Francisco will arrive here this evening to train Joe Willis, the local heavyweight, for his battle with "Gunboat" Smith, which will take place the latter part of this month. Referee Jack Welch of San Francisco has agreed to be the third man in the ring.

High School Boys To Meet o nTrack And Field Tomorrow

The semi annual spring meet of the Bay Counties Athletic League will be held on the University of California cinder track tomorrow afternoon.

The Oakland High school track team will make its initial appearance for this season and their work is expected to win for them favorable mention as competitors at the Stanford interscholastic meet on April 23. Shattuck, of Alameda, Heison, the local boy, and Dewing of Berkeley are expected to figure in the half mile run, while Fred Mills should show to advantage with Doyle, Hinekirk and Wallace in the mile event.

Niles Sees Fantastic Play of Paris Life

NILES, April 8.—Under the personal supervision of its author, William Jeffries, "Lasprе," a fantastic play dealing with the student life of Paris, was given its initial production in Connor's opera-house on Friday evening of last week. Mrs. Jeffries, wife of the playwright, essayed the leading feminine role with marked success. Among the other amateur thespians who acquitted themselves admirably were Jeffries himself in the role of Paul Sheldon, a struggling young American artist; M. B. Sneaden, George Edgar and the Rev. V. F. Jones. The proceeds of the production are to be donated to the scholarship fund of the University Club of Washington Township.

DONAHUE WINS POOL GAME.

Donahue, coming from behind and finishing like a champ, won the pool game at the Oakland billiard parlor last night from Landis by a score of 125 to 88. Landis, up to the 75-point mark, had played more than even with Donahue and was figured to win in a walk.

However, class will tell, and Donahue kept coming, almost completely stopped Landis, caught him, and, wanting 14 balls to Landis' 11, ran down the last frame for a well-earned victory.

Kerns and La Tourette meet tonight. Next Tuesday evening the championship of Oakland will be the prize in a match game between Kerns and Lunge. Lunge, the present holder, is playing very strong pool and is one to keep Kerns guessing. Kerns gives him odds of 250 to 200 and a side bet and gate receipts go on the game.

COURT ORDERS JEFF TO PAY $1000 DUE ON PROMISSORY NOTE

LOS ANGELES, April 8.—When James J. Jeffries fights Jack Johnson, the champion may be a bit fly on his part of the purse. In Judge Wilbur's court yesterday W. A. Hadley sued Jeffries and the Jeffries Athletic Club on a promissory note for $1000 and obtained judgment. As Jim's "fist" was attached to the instrument he is equally liable with the now defunct athletic club, and Hadley may attach Jeff's part of the big fight gate receipts in order to collect if the former demurs.

Testimony in the case developed that financiers do not consider prize fights very substantial collateral, and therefore demand a high rate of interest. This promissory note bore 60 per cent a year and was secured by a chattel mortgage on 3000 chairs.

NEGLECT

More Dangerous Than DISEASE

In my very extensive practice I have learned that the VERY WORST and most incurable cases are usually due to NEGLECT AND DELAY. Acting know that you have been suffer for YEARS and practically RUIN THEIR HEALTH FOR EVER trying to cure themselves with some patent "system" that never could cure. Furthermore, it is no secret that many men will run to what they call "cheap" treatment. NO TREATMENT AT ALL OR PALMER "cheap" treatment Master Specialist means in nine cases out of ten.

The last state of the man is worse than the first. Just before you go a step further in this announcement stop and ask yourself as to whether YOU are following in the foolish footsteps of the man who NEGLECTS himself. Are you trying to cure yourself with nostrums? If you are, it is certain that you will regret it. It is NEVER TOO LATE to get in the right path, but at the same time remember that you CANNOT GET THERE TOO SOON. I offer you my treatment at a cost as low as is consistent for the services rendered.

I AM ALWAYS WILLING TO WAIT FOR MY FEE UNTIL A CURE IS EFFECTED.

Spermatorrhoea, Weakness, Nervousness, Stricture, Contracted Disorders, Kidney and Bladder Troubles, Piles and all rectal ailments are among the diseases I treat successfully.

WORLD-FAMOUS DRIVERS GO AFTER AUTO RECORDS

Barney Oldfield, Ralph de Palma, George Robertson and Others at Los Angeles Hippodrome

LOS ANGELES, April 8.—Within an hour after the Los Angeles motordrome is opened this afternoon new world's records cutting down official time in startling manner are expected to be established. Barney Oldfield, Ralph de Palma, George Robertson, Ben Kerscher, J. B. Marquis and other prominent drivers will try for records for from one to ten miles.

The practice work on the new pie-pan track in the last week has proved that the mile record will be lowered by 12 to 15 seconds, and others seem certain to be clipped accordingly. George Robertson made unofficial time for ten miles yesterday afternoon that is half a minute faster than that now held as the world's speedway record. Oldfield, De Palma and Bragg, the latter an amateur, have all been accurately timed for a mile in 36 1-5 seconds.

With new records established at the start of the meet, it is believed that there will be greater stimulus on the following days to do better. Following the world's record trials, the opening day's program is arranged for stock chassis races and championships for evenly matched cars, and free-for-all and handicap events.

MEET SANCTIONED.

The meet is sanctioned under the contest rules of the American Automobile Association, and all drivers have been licensed under the 1910 rules. S. M. Butler, chairman of the contest committee of the A. A. A.; Alden L. McMurty, chairman of the association technical committee, and other automobile racing experts, are in Los Angeles to watch the first experiment in racing on an inclined plank track.

F. J. Wagner of New York will act as starter, and S. R. Stevens of New York referee.

McMurty expressed great satisfaction today with the new track, especially in the greater degree of safety for the drivers. The idea of a pie-pan track a mile in circumference and banked for high speed has developed a change in the risks the driver must take that is as revolutionary as the theory of the track itself. Experts here for the meet declare the motordrome is safer for a driver than the ordinary road within the limit of speed for which the track is banked. What this speed is on the Los Angeles track is expected to be indicated by the speed made here today.

PROGRAM OF RACES.

Following the world's record trials will be the stock chassis, free-for-all and handicap races, as follows:

Ten-mile stock chassis, class E; divisions 2 and 5; ten-mile stock chassis handicap, class E; five-mile free-for-all, class D; twenty-five-mile free-for-all handicap, class D; 100-mile stock chassis, class C, division 5, championship.

Drivers entered in the first day's events are: Oldfield, Knox; De Palma, Fiat; Robertson, Simplex; Bragg, Fiat; Marquis, Isotta; Nikrant, Buick; Hampton, Ford; Endicott, Cole; Hanshue, Apperson; Livingston, Stoddard-Dayton; Linthwaite, Firestone-Columbus; Desseran, Great Western Lescault, Palmer Singer; Harroun, Marmon; Siefert, Dorris; Kerscher, Daraeq; Miller, Warren-Detroit; Siebel, Reo; Livington, Corbin; Kelly, Hupmobile; Wade, Marmon.

De Palma's 190 horsepower Fiat, which had been sent to New York to await repairs from the Italian factory after the accident at Daytona, arrived by express yesterday and he drove it to the motordrome and made a mile on the track in 39 seconds on the third speed. The arrival of the machine assures the sensational championship match between Oldfield and De Palma, for which the former has his 200 horsepower Benz at the motordrome.

PHOENIX TO MEET SANTA CLARA AGAIN

Second Game of Series for Baseball Championship of California Tomorrow.

Santa Clara and St. Mary's will oppose each other tomorrow afternoon at Freeman's Park for the second of the series of three games to decide the intercollegiate baseball championship of California. A victory tomorrow for St. Mary's will give the Oakland college the 1910 championship.

Anybody who is at all familiar with the status of St. Mary's and the good work of Santa Clara in the college games thus far played this season will question their right to settle the State championship between themselves. Both institutions have triumphed repeatedly over California and Stanford and there are left few other institutions with which to reckon seriously. In the event of a Santa Clara victory tomorrow a third and deciding game will be necessary.

Santa Clara evidently is not discouraged over its setback of last week and will come to Oakland in the morning headed by an equally confident and lusty band of rooters.

St. Mary's profiting by past experiences, will take no chances with its sturdy rivals and will put forth all the energy possible to settle the series tomorrow.

St. Vincent's boys' band, sixty strong, will arrive in Oakland early tomorrow morning. The boys of St. Mary's naturally claim St. Vincent's band as their own, for this institution also is directed by the Christian brothers. About 400 rooters will be on deck for the Oakland laddies and headed by the St. Vincent's crowd and other affiliated schools about the bay it is safe to predict that some noise will be let loose in Oakland tomorrow.

The Santa Clara contingent will come to Oakland in specially chartered trains.

The game is scheduled to start at 3 o'clock. The teams will likely line up just as they did on last Saturday, though there is some doubt at St. Mary's whether Wilcox or Leonard will be selected to do the twirling.

Work Commenced On Baseball Diamond For Richmond Team

RICHMOND, April 8.—It is all settled about the ball ground, and the construction of the new diamond at the corner of First street and Macdonald avenue is under way today. The owners of the fight arena will fence the new grounds and move the bleachers and grandstand in return for occupying the old grounds at Lang's Park.

This announcement will be hailed with delight by the players and fans alike. It will put the games on a spot more accessible to the people of the city and to the outside teams and their supporters. In the construction of the new diamond the defects of the old one will be avoided, and both infield and outfield players will work in territory which will leave nothing to be desired.

Additions to the bleachers and grandstand will be built, giving them double their old capacity.

JURY KNOCKS OUT BATTLING NELSON IN THREE MINUTES

PHILADELPHIA, April 8.—Battling Nelson, former lightweight champion of the world, lost another fight yesterday when he was knocked out in three minutes by a jury in the United States Court, which decided against him in his suit for $10,000 damages against the Bellevue-Stratford Hotel for refusing him accommodations.

Nelson's manager registered the fighter at the hotel on August 3 last and Nelson passed the night there. When the hotel management learned who their guest was Nelson was told he would have to vacate his room.

Counsel for the hotel, in explanation, told Nelson that he had persistently violated the laws of some States by fighting, and he replied that they were boxing exhibitions. The only real prizefight he was ever engaged in, he said, came off in Nevada, where there was no State law against the sport.

Judge Holland, in his charge to the jury, said that if Nelson had violated the laws of any State which prohibited prizefighting he was an undesirable guest.

"One-Round" Hogan to Meet Johnny McCarthy

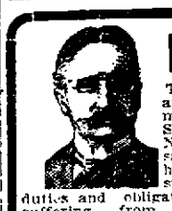

The Union Athletic Club will stage its initial show this evening at Dreamland Rink in San Francisco, when it will pull off eight short-distance fights, the feature being the lightweight contest between "One Round" Hogan and Johnny McCarthy, brother of Tommy, who meets Owen Moran during the end of this month.

LIKELY DIEUDONNE WINS SPRINT RACE

Beats Cloudlight a Nose in Gruelling Drive Through Stretch.

By LEE DEMIER

Yesterday was the one hundredth day of racing at the Oakland track—the one that skeptics predicted would never come. The crowd surpassed any Thursday gathering since the meeting was inaugurated on Saturday, November 20. Those speculatively inclined fared badly, only two favorites crossed the plate during the afternoon. Dixie Dixon and Aftermath, both were ridden by Jockey George Archibald. The layers, after the last favorite was bowled over in the closing race, wore a smile that would penetrate through a French plate looking glass. Reports from the betting ring indicated brisk speculations with honors resting easily. The head liner on the program was the Merin handicap at five furlongs in which six of the best sprinters in training at the track faced the barrier. Bubbling Water and Galvesca, who appeared on the overnight entries, were withdrawn, which left Likely Dieudonne, Daddy Gip, Fern L, Cloudlight and Phil Mohr to fight it out for supremacy. After a little delay at the post the field was sent off to a perfect start. Likely Dieudonne, whom the wise ones selected to bring home the long end of the purse, won the confidence of her many backers by wrenching the victory from Cloudlight in a hard drive to the wire. The winner went to the front quickly, opening a gap on his field and standing a long stretch drive gamely just lasted. Jockey Archibald on Cloudlight let out a couple of wraps at the head of the stretch and the mare stood a long drive and was gaining on the winner at every stride and would have won in another jump. Fern L, which finished a distance third in front of Phil Mohr, is getting good now. She was always well up and hung on gamely. The latter and Daddy Gip were outrun all the way and both stopped. John H Sheehan, whom the Oakland contingent pinned their faith to, broke in front and after showing a little speed dropped out of the running entirely and finished last. Owner Jack Crane's big sprinters did his share of racing this season and it may be he is sailing off.

ARCHIBALD ON WINNER

Jockey Archibald started the ball rolling for his many followers by bringing Dixie home a winner in the closing race. The Sir Dixon filly was best ridden while won the race for Fatty Anderson's charge. It was simply a case of the rider on the winner outhustling the others in the run for home. Gramercy, which looked dangerous a furlong out, had enough left to beat out Pride of Lismore for second money. The latter set all the pace and it looked like as if he would make a runaway race of it, but he backed up badly in the stretch and was lucky to be third. The smart set played Descendant across the board, but the chestnut horse had all the bad luck in the race. He got cut off right after the start and when he tried to get through at the head of the stretch was shut off again.

Trainer Pete Smith seems to have all kinds of hard luck to win a race with Marburg. Yesterday he thought it was all over, but the shouting for the chestnut horse by Innsbruck to take the race over the six panels. He lined up his friends and told them to never stop betting until the horses were off on their journey. They backed Marburg from 7 to 5 to even money. At the rise of the barrier Marse Abe, whom Bedwell left here in charge of Trainer John O'Malley, got off in front and stayed there the entire distance, but nearing the end Marburg was pressing the winner and Marse Abe just got up in time to hang it on him a nose on the post. Selden brought Dr Daugherty up with a rush and secured third money from Lena Leach. Father Stafford was prominent until the turn for home, where he curled up to nothing.

DON ENRIQUE FAILS

One of the biggest upsets of the afternoon occurred when Don Enrique took the count and did not even get a part of the money. The race was decided over the mile and twenty yards course and the winner turned up in [illegible] skill held in the early betting at 7 to 1 and at post [illegible] was the best in the ring. The winner was well meant as a strong tip went out. The winner [illegible] the [illegible] Jockey [illegible] on French Cock [illegible] in waiting distance all the way and [illegible] beat him a head for the money. Contra Costa held the balance of the bill safe. The defeat of Don Enrique caused lots of comment, especially among the kings of the midnight oil.

Jockey Archibald came to the public's rescue in the fifth race when he cleverly lifted Aftermath in a winner after a bruising tough [illegible] with Volada. The latter looked a winner at the paddock, but Magrane's horse responded gamely to the whip and easily passed Volada. The latter [illegible] race and will be hard to beat from now on. [illegible] was an easy third in front of Tom O'Malley. San [illegible] who was touted around for a good thing on account of fast workouts, was played from [illegible] down to [illegible]. The mail [illegible] was slow to break and could never strike the leaders and was [illegible] finish [illegible].

METROPOLITAN AHEAD

[illegible] Metropolitan [illegible] to the wire in the [illegible] and the [illegible] the [illegible] to get away [illegible] all the way [illegible] was [illegible] not keeping with the [illegible] running [illegible] from far back ran a winning race when clear and just got up [illegible] for third honors.

Handicapper and Programmer Martin Nathanson slipped the tuf [illegible] at the track yesterday the name of the feature to be decided Saturday, April 30. The classic will be known as the 1915 Exposition Handicap. The race is at one mile and [illegible] Entries will close Wednesday, April [illegible] and weights will be announced Wednesday, April [illegible]. The [illegible] Handicap of [illegible] added distance [illegible] one mile and an eighth is down for decision Monday, May 30. Entries will close May 11, and the weights will be made known May [illegible].

Jockey Teddy Rice felt a little hurt the other day when Owner Gus Gay took him off Office [illegible] and gave Archibald the mount. The Texas horseman has nothing against Rice only that he thought that Archibald could get more out of his big sprinter than Rice. The little fellow, who a few years ago made his first appearance in the saddle at the local track, has made many friends among Oakland and San Francisco race goers. He is always booting and asking his mounts to win no matter what he rides and the price.

Batting Rally in Ninth Wins First Game for the Invaders

IN a whirlwind finish yesterday the Oakland State League Club opened the season by defeating San Francisco at Recreation Park by a score of 6 to 5. The game up to the last part of the ninth inning stood 5 to 1 for the San Franciscans, and the large crowd of adherents to the city team were yelling with joy, as the victory looked easy. It was at this juncture of the game while Oakland had three men on bases, that Benny Henderson became the man of the hour, knocking the ball over the right field fence while he and all the men on the bases came home. Following this Smith scored on a hit by Berger, bringing up the score to six.

The ninth was a strenuous session. Moskiman was the first man up and in face of the deficit of four runs the Doc felt that something should be done. He soaked out a single. Hackett followed suit, beating the ball to first base by an eyelash, although it had to be retrieved from the fence. Then came Benny Henderson—the Jack Harkaway before referred to—and planted the ball over the right field fence for a home run. The score was 5 to 4 and the bases clean.

WINNING RUN SCORED

De Paull came up and picked out one of Berger's that he liked and made first base. Burk, batting for Joyce, went out, but he advanced De Paull to second. Smith slammed out a single and De Paull made the trip to the plate because Carman dropped the throw, which beat the runner twenty feet. The score was tied and Keller, the Hal Chase discovered by Hackett, came to the bat. He sent a clean single to center and Smith escorted home.

The game was opened by Supreme Judge Harry S Melvin, who pitched the first ball over the plate in San Francisco's inning. Unlike the usual official who pitches the ball in the general direction of the plate, the judge, who is an old baseball player, himself broke all records by sending over a perfect strike, one of the kind which raises the regular pitcher's salary.

San Francisco scored its first run in the opening inning. Lewis singled and was forced at second by McKune. Carman's single put Terry on second and Totterfield's single scored him. In the fifth Meikle got a base on balls and went to second on Berger's sacrifice. Strib's poor throw of Lewis' grounder saw Meikle and McKune took the second bag while the Oaklanders were running Lewis down between second and third. Sheehan's single to right field scored McKune.

RUNS IN SEVENTH

Berger was safe at first on a Texas Leaguer over second in the seventh inning. Lewis sent him home with a two bagger. McKune singled to right field and on De Paull's error Lewis scored.

Henderson started the Oaklanders' first run in the fifth when he singled to center. He was forced at second by De Paull, who went all the way around when McKune made a poor throw of Smith's grounder.

JEFFRIES FAMILY DON'T NEED HIS AID

Many people have an idea that the whole Jeffries family live on the champion's prize fight money. The fact is when Jim's father came here in 1881 he bought about 100 acres of land extending to the present home place on Cypress avenue to the river. This land has been subdivided and sold as city lots, bringing Jim's father a comfortable fortune.

Jim's older brother Tom is a politician of much ability with a fine reputation for integrity, also sagacity. Jim's other brothers, Charles and John, are business men.

Jim lives next door to his father's home in an artistic cottage. Every room bespeaks the good taste of his wife, who prides herself on being a good housekeeper and who celebrated their home coming by the fiercest spring house cleaning ever seen on Cypress avenue.

Jeff is a well behaved husband. Intimate friends of the family tell what happens at [illegible] time. One of Jim's peculiarities is that [illegible] his day [illegible].

Following the dinner [illegible] opens and [illegible] very [illegible] dressed woman cries [illegible] to dinner.

The Champ: I'll be there in a minute, Mrs. Jeffries. (Pause.)

The Lady: Jim, please come to dinner at once.

The Champ (testily): If you are in a hurry go ahead and save you dinner.

The Lady (briefly but meaningly): James.

The Champ (in obvious alarm): Yes, I coming. (Exit Champ.)

The Jeffries house is the realm of Mrs. Jeffries, the back yard is Jim's. He has his troop of blooded dogs in the back yard in dog pens. A curious feature of Jeff's personality is that dogs always love him on sight. Dogs have repeatedly left their masters to follow him on the street.

INTERCOLLEGIATE BOAT RACES TOMORROW

Stanford and California Crews Will Measure Strokes on Estuary.

BERKELEY, April 8.—California will meet Stanford tomorrow morning through the medium of the two boat clubs of the respective universities to fight out the annual boat race. The regatta will consist of two races, a varsity eight and a freshman four. It is difficult to say which of the eights is the strongest on account of the different conditions under which the crews have rowed, and the uncertainty of the reports of times made by the visiting oarsmen.

Both the crews of the Big Red [illegible] and of the California organization have been working under adverse conditions on account of [illegible] of the sport by Stanford [illegible] Cardinal eight, however, have been working hard and the race will probably [illegible] from start to finish. California has five veterans and the remaining places are filled by men who have been connected with rowing throughout the college courses.

BLUE AND GOLD READY

Under the able direction of Lewis McSpaden, as coach and with the aid of Dean Witter of last year's eight, the Blue and Gold men have faithfully trained and will go into the [illegible] race with the [illegible] culmination to [illegible]. The eight [illegible] the [illegible] days a week on the estuary and [illegible] this hard [illegible] the [illegible] gymnasium and in the track rounding into [illegible] the freshman four have labored conscientiously and although nothing is known of their quality in a race they are large well built young fellows and should give a good account of themselves.

Captain Ashle is the most experienced oarsman on the varsity crew. This will make his fourth year. Of the other men Markwart, Harris, Davidson and the redoubtable coxswain McSpaden have all had experience in intercollegiate regattas, while Colt, Blake, Ball and Malatesta will make their initial appearance this year as members of the final varsity.

STANFORD CREW

Following is Stanford's crew: 1 Halls, 2 Hofer, 3 Seward, 4 Schaupp, 5 Gilmore, 6 Dietterle, 7 Huston, stroke Partridge, and coxswain Roberts. The Cardinal freshman boat will be occupied by 1 Olmstead, 2 Grope, 3 [illegible], stroke Peal, coxswain Marks. Of the above named men Huston is the only veteran who has rowed in previous intercollegiate regattas.

Both varsity and freshman races will finish at the Dart street bridge. The latter will start at 10:[illegible] and the former at 10:40 a m. The varsity will row over a two-mile course, while the freshmen will cover but one mile.

The finish may be reached from Berkeley by a transfer to the East Alameda car line at Fruitvale and Broadway. The course will be kept clear by revenue cutters and no launches or craft of any kind will be allowed on the course after 10 o'clock.

HISTORY OF CONTESTS

This is the eighth annual contest, those of former years resulting as follows:

1902—California defeated Stanford.
1903—California defeated Stanford.
1904—California defeated Stanford.
1905—California won by default.
1906—No contest.
1907—Stanford defeated California.
1908—California defeated Stanford.
1909—Stanford defeated California.

VARSITY BASEBALL SERIES TO BE DECIDED

Cardinal and Blue and Gold Cross Bats in Final Game Tomorrow.

BERKELEY, April 8.—California's baseball team will tomorrow engage the Stanford Varsity in the final game of the intercollegiate series. Each team has won the game that was played on the home grounds, the first one going to Stanford after thirteen innings of hard fought baseball and the contest last Saturday being taken by the California Varsity in a perfectly played game. In the third and deciding game, which will be played on California field tomorrow afternoon, Captain Lewis states that he is confident that his men can win and it is certain that this will be the case if the same brand of ball is played tomorrow that the team showed itself capable of in the last game.

California has had a very hard year in baseball. Starting the season with only three of last year's veterans, without the services of the pitcher in whom great confidence was placed and without a great amount of Varsity material to work with, the task of rounding out a winning team has been a most difficult one for the coach and captain. In addition to this several men who were almost certain of places on the nine were forced to give up the game owing to injuries.

BIG SQUAD AT U C

The preliminary season was rather disappointing owing to the large number of candidates, all of whom had to be given opportunities, many changes had to be made in the line up. Most of the early games were lost, but by strengthening the weak places and by constantly improving the batting department, great improvement was made in the team. Last Saturday the result of this work was shown. The men took the field and by playing errorless baseball and batting consistently and at the proper moments they finally shut out the Cardinal by a 2 to 0 score.

Much credit must be given to Captain Lewis for the part he has played in the making of the team. A hard worker at all times, he has never lost heart even after overwhelming defeats. On the field he inspires much confidence among the men in addition to playing an excellent game in the field as well as being a most timely hitter.

CAPTAIN POPULAR

Captain Lewis by his splendid fighting spirit has won the confidence of the entire student body.

Harris will again be called upon to pitch. In the two former stars he has made against Stanford he has completely mystified their batters. Of late, however, he has been suffering considerable from a very lame arm. Whether or not he will be able to do himself justice remains to be seen, but it is hoped that he can remain on the firing line for the entire nine innings. When in form few college pitchers have anything on Harris.

In case a change pitcher is used, Freshman Smith will take up the heavy work. He is a good twirler.

The game will be called at 2:30 o'clock on California Field.

ST JOSEPH'S WANT GAME

The St. Joseph's Institute baseball nine has open dates for April and May and would like to hear from any teams averaging 17 or 18 years of age. The line up is as follows: Odonnell, catcher; B. Martin, pitcher; Brian, first base; Connellan, second base; McGrath, short stop; W. Martin, third base; Scoffava, left field; Smith, Bower, center field; McNally, right field. Address all communications to Captain B. Martin, 1225 Peralta street.

THIRTEENTH FRAME PROVES HOODOO FOR LOCAL TEAM

Batting Rally Gives Game to San Francisco After 2 Hours and 45 Minutes of Play

By FRANCK R. HAVENNER.

THIRTEEN innings of real live baseball was the souvenir which the Oaks had in store for the several thousand fans who hied themselves to Freeman's Park yesterday afternoon to welcome the home team in its initial appearance on the local grounds since the opening of the Coast League season. To be sure the Oaks lost out in the unlucky thirteenth, but there were enough thrills and gasps crowded into the two hours and forty-five minutes which constituted the game to appease the disappointment of the rooters, and to compensate them for their long afternoon of vocal exertion.

At the outset permit us to indulge in a little kindly criticism of the Oakland team. Individually it is an aggregation of pretty good ball players. The members of the team field well enough—indeed they handled the ball much more skillfully than the Seals did yesterday—and they bat tolerably, but they are a bit shy on team work and a trifle inclined to go to pieces at critical stages. Also the pitchers are not working in very good form yet. Doubtless all these weaknesses, save the last, are due to the fact that the men are still strange to each other and have not had time to develop the co-operative style of play which counts for so much in winning games. So we will not find fault, but will merely beg the players to get together and build up a fighting spirit which will make itself shown in the percentage column. There are any number of fans in this city who are just yearning for a chance to whoop it up for a winning team, and if the Oaks will get together and infuse a little concentrated ginger into their playing they will find an inspiring atmosphere of whole-souled support in their home town.

Pitcher Christian showed up extremely well during the early stages of the game and although the Seals began to touch him up pretty briskly as the later innings rolled by he proved himself to be unusually capable in pulling out of tight places. Time after time when the Seals had men on bases and none or only one out he held the San Francisco batsmen down to futile pop flies or forced them to fan the air.

Miller of San Francisco won the real honors of the game, however, for he struck out eleven men, gave but two passes during the long eleven innings and held the Oaks down to seven hits. The fielding honors really belonged to "Happy" Hogan for his two sensational catches in the twelfth inning, probably prevented the Seals from winning an inning earlier.

In Oakland's half of the twelfth the locals should have won, for Manager Wolverton hit a terrific three bagger to the clubhouse with nobody out, and had Nelson not coached him to attempt to stretch it into a home run he must almost inevitably have scored a winning tally.

The Oakland rooters gave the home team quite an elaborate reception in honor of its first appearance here since the opening of the season. There was a parade of automobiles from the down town district to the ball park and a band blared fourth messages of cheer to the team in the intervals of play. Judge Graham, president of the Coast League, witnessed the game and Judge Weller was also a guest. A big delegation from the progress and prosperity committee of the Chamber of Commerce led the rooting in the grand stand.

Vernon Captures a Fast Game From Portland Beavers

LOS ANGELES, April 8.—Vernon put it all over Portland yesterday, 5 to 2, the Beavers using three pitchers and two extra batsmen in an attempt to win. Hitt was in good shape and although he was touched up for four singles in the fourth inning, but one run came from these. Garrett was hit freely, Kratzberg was also soused and D. Ryan fared but little better.

BRALEY GROTES LOSE

The Braley Grote Furniture Company's baseball team journeyed over to the Presidio Sunday and met defeat at the hands of the fast General Hospital nine of that post. The game was fast and snappy from the start, the score standing 1 to 0 at the end. Among the many features of the game were the fielding of Gross at short, who handled eight chances without an error, the fielding of Johnson and Mason and the fine battery work of Bond and Eisen.

Angels Smear a Coat Of Whitewash on Sacramento Players

SACRAMENTO, April 8.—Sacramento simply had no look in with Dillon's Angels yesterday, being defeated 7 to 0. The most success Sacramento obtained off Briswalter's delivery was in the first inning when Van Buren singled to right and stole second. That was the farthest around the diamond any of the Senators dared venture. The other two or three hits the locals made were gathered by the clever little backstop Mickey La Longe, who has been hitting well this season.

Cottolene Is a Food Product of Absolute Purity

In recent years there has been a wave of reform in the making and inspection of food products National and State Pure Food Laws have been passed, regulating their manufacture to insure the customer getting pure, healthful food.

Any product which contains hog fat is subject to the taint or possibility of disease germs Lard is made from hog fat—it may be pure, and it may not. At any rate, it is at best indigestible, and will raise havoc with any but the hardiest stomach.

Cottolene is a vegetable product, which is far superior to lard for all shortening and frying purposes After the cotton seed oil has been refined through purifying processes of our own, it is made neutral and odorless and an absolutely pure and healthful fat is the result

Cottolene is a product of nature and is bound to be wholesome. It is the one dependable, healthful product for frying and shortening, and is carefully inspected and made to conform with all pure food laws.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased after having given Cottolene a fair test

Never Sold in Bulk *Cottolene* is packed in pails with an air tight top to keep it clean fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors such as fish oil etc

CALIFORNIA IS PREMIER OF OIL PRODUCING STATES

Value of Output Exceeds That of Any of the Other Leading Resources of Field and Mine

California now stands to the fore as the oil producing State of the union One district alone that of the Santa Maria field produces more ore than the vaunted output of Pennsylvania

Great as is this product it is still far short of supplying the ever increasing demand of the coast industries

The oil interests are exerting themselves to the utmost to increase the means of transporting this great product of liquid power to the markets and in furtherance of this purpose a number of great projects are underway involving the expenditure of many millions of dollars

The most colossal project of all that is under way is the Arizona pipe line extending from Kern county to Phoenix Ariz It involves an outlay of $- 000 000 but opens a market to the California product that is almost limitless

BIG COMBINATION

In the corporation undertaking the project are combined five of the most powerful organizations of oil men in the West the Independent Oil Producers Agencies of Bakersfield and Coalinga the Union Oil Company the Mexican Petroleum Company the American Petroleum Company and the American Oil fields Company

In speaking of this enterprise L P St Clair one of the directors of the company said Texas now is shipping into the territory 100 barrels of oil a day The present rate from Texas to Arizona is much less than the rate from Bakersfield to the same points and California practically has lost the trade of the territory Now Arizona is on the eve of a tremendous development and there will be opened up a vast market for oil

With a pipe line direct from the Kern county field we can more than compete with Texas and on a conservative basis a market of 20 000 barrels daily can be developed in Arizona

The freight rate from Bakersfield to Phoenix is $1 3 a barrel while through a pipe line the oil can be delivered for 35 cents"

The Arizona Pipe Line Company has two men in the field already securing rights of way and gathering data for early construction According to tentative plans the line will start from the West Side fields touch at Mojave follow the line of the Santa Fe to Bengal keep along the Parker cutoff and thence paralleling the main line will enter the territory with a direct route to Phoenix

SANTA MARIA FIELD

The Santa Maria field produced 9,500,000 barrels of oil in 1909 more than the production for the year of the State of Pennsylvania the original oil field of the United States The Santa Maria field is less than ten years old In 1902 its production of crude oil according to official reports amounted to 99 283 barrels, and since then it has increased by leaps and bounds until during 1909 the production of the year amounted to 9 500 000 barrels

The Santa Maria wells are nearly all very deep the average ranging from 2500 to 3000 feet while several are more than 4000 feet The deepest producing well in the world is in the Santa Maria district, and is down 4600 feet, Although this condition makes drilling a slow and expensive process operators are amply rewarded for their time and money consumed in bringing in a well for the wells when they do come in are unusually large producers anything less than a 200 barrel well which in most fields is exceptional being regarded as small, while many of the wells average from 500 to 3000 barrels a day

Keep Your Bath Room Spotlessly Clean with Gold Dust

Soap will not do the work properly because soap only cleans the surface—it does not dig deep after germs and hidden impurities like GOLD DUST—the greatest of all sanitary cleansers.

To keep bath tub and lavatory shiny-white and inviting—To keep metal pipes, fixtures and taps brightly burnished—To purify closet bowl—

To keep tiling and woodwork spotless and beautiful—

Simply add a heaping teaspoonful of GOLD DUST to a pail of water. You will be surprised at the ease with which it does the work. GOLD DUST sterilizes as well as cleans—and saves you one-half the labor.

Auto Turns Turtle Killing the Driver

NEW YORK, April 8.—A peculiar automobile accident, due to the collapse of a wheel, causing the car to turn turtle while running at good speed, resulted in the death shortly before midnight of Louis C. Hagenah, a Long Island hotel keeper, and the probable fatal injury of Ferdinand Hoffman, his chauffeur. Four other occupants of the car, including Mrs. Hagenah, were seriously hurt. Hagenah was caught under the machine and crushed.

OFFICE OF THE Assessor of Alameda County.

POLL TAX NOTICE

Oakland, March 7, 1910.

Notice is hereby given that the State Poll Tax of two dollars for the year 1910 is now due, and payable at the Assessor's office, room one, Court House, or to a Deputy Assessor.

Sec. 3839 of the Political Code reads as follows:

Every male inhabitant of the State over twenty-one and under sixty years of age, except paupers, insane persons and Indians, not taxed, must annually pay a Poll Tax of two dollars, provided the same be paid between the

First Monday in March and the First Monday in August.

Then it shall be three dollars.

Sec. 3846 of the Political Code makes it the duty of the Assessor to "demand Poll Tax of every person liable therefor, and on the neglect or refusal of such person to pay, he must collect by seizure and sale of any personal property owned by such person."

Under Sections 429 to 435 every person who refuses to give his own name or the name of any person in his employ, or who in any manner obstructs the Assessor or any of his deputies in the collection of the State Poll Tax, is guilty of a misdemeanor, and liable to a fine of $500 or imprisonment in the County Jail, or both such fine and imprisonment.

Only those persons under twenty-one or over sixty years of age are exempt. Poll Tax must be paid on demand.

HENRY P. DALTON,
Assessor of Alameda County.
Oakland, California.

OFFICE OF THE Assessor of Alameda County.

NOTICE TO TAXPAYERS

Oakland, March 7, 1910.

All Persons, Firms, Companies, Corporations and Associations, are required to deliver at the Assessor's office, at the Court House, City of Oakland, County of Alameda, on or before April 1, 1910, a statement, under oath, of all the property, both real and personal, owned or claimed by him, her or them, or in their possession or held in trust for others, at 12 o'clock meridian on the

First Monday of March, 1910.

In accordance with Sec. 3629, Political Code.

Every person who refuses or neglects to furnish the statement as provided for in Section 3629, Political Code, becomes liable to a fine of one hundred dollars and the value fixed by the Assessor on their property must not be reduced by the Board of Equalization.

All persons owning real estate that has been assessed in the wrong name, or errors have appeared on their tax bills, are requested to call at the Assessor's office or notify the Assessor by mail on or before April 1, 1910, so that the proper corrections may be made on the assessment roll for the year 1910.

ASSESSMENT BLANKS may be obtained at the Assessor's office, room one, Court House, or from any Deputy Assessor.

IMPORTANT NOTICE TO VOTERS OF REGISTRATION

Office of John P. Cook, County Clerk, Oakland, Alameda County, California.

NOTICE IS HEREBY GIVEN THAT, IN ACCORDANCE WITH THE PROVISIONS OF SECTION 1094 OF THE POLITICAL CODE OF THE STATE OF CALIFORNIA, ALL VOTERS OF ALAMEDA COUNTY MUST APPLY FOR RE-REGISTRATION IN ORDER TO BE ABLE TO VOTE AT THE PRIMARY ELECTION TO BE HELD ON AUGUST 16TH, 1910, AND FOR THE GENERAL ELECTION TO BE HELD ON THE 8TH DAY OF NOVEMBER, 1910.

OWING TO THE FACT THAT THERE IS NO PROVISION OF LAW GRANTING ASSISTANCE TO THE COUNTY CLERK IN THE REGISTRATION OF VOTERS, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE, IN ORDER TO EXPEDITE THE WORK.

SUCH RE-REGISTRATION BEGAN ON THE FIRST DAY OF JANUARY, AND WILL BE IN PROGRESS AT ALL TIMES UNTIL JULY 26TH, 1910, FOR THE PURPOSE OF ENABLING VOTERS TO QUALIFY FOR THE PRIMARY ELECTION, AFTER WHICH REGISTRATION WILL AGAIN OPEN AND CONTINUE UNTIL SEPTEMBER 28TH, 1910, FOR THE PURPOSE OF ENABLING VOTERS TO QUALIFY FOR THE GENERAL ELECTION, TO BE HELD NOVEMBER 8TH, 1910.

THE ATTENTION OF VOTERS IS ESPECIALLY DIRECTED TO THE RECENT DECISION OF THE SUPREME COURT, IN WHICH IT IS HELD THAT ALL VOTERS MUST HAVE REGISTERED THIS YEAR IN ORDER TO JOIN IN THE SIGNING OF ANY CERTIFICATE OF NOMINATION IN BEHALF OF ANY CANDIDATES FOR PUBLIC OFFICE TO BE VOTED FOR AT THE PRIMARY ELECTION, TO BE HELD AUGUST 16, 1910.

ATTENTION IS FURTHER DIRECTED TO THE FOLLOWING PROVISIONS OF THE POLITICAL CODE OF THE STATE OF CALIFORNIA, RELATING TO REGISTRATION:

Sec. 1097: No person's name must be entered by the Clerk unless:

1. Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made.

2. If a naturalized citizen, upon the production of his certificate of naturalization, which certificate must be issued ninety days prior to the succeeding election, or upon his affidavit that it is lost or out of his possession, which affidavit must state the place of his nativity, and the time and place of his naturalization, together with his affidavit that he has resided in the United States for five years, and in this State for one year next preceding the time of application, and that he would be an elector of the county at the next succeeding election; provided, however, that if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties or cities and counties of this state, his name must not be entered by the Clerk unless he produces a certificate of such registration, issued by the party authorized by law to issue such certificate, which certificate shall be prima facie evidence of his naturalization. In the event that such naturalized citizen was naturalized in the county or city and county in which he seeks to register, or in the event that he was previously registered within the preceding eight years within the county or city and county in which he seeks to register, and his certificate of naturalization has not been revoked, he shall not be required to produce his certificate of naturalization, nor to make such affidavit of lost certificate in lieu thereof.

3. If born in a foreign country, upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States and under the age of twenty-one years, and that he is or would be an elector of the county at the next ensuing election.

4. In all other cases upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election. Such affidavit must be made before the County Clerk or officer charged with the registration of voters, or their deputy. If any elector is absent from the county in which he claims residence, he may appear before any judge or clerk or any court of record, or notary public, or if in a foreign country, before any minister, consul or vice consul of the United States, and make and subscribe an affidavit as to his residence, specifying in what ward or precinct he claims residence: that he will be necessarily and unavoidably absent from said county on all the days allowed by law for general registration of electors, and setting forth in such affidavit each and all the matters required by section one thousand and ninety-six of the Political Code of the State of California and forward such affidavit, duly authenticated as above, by mail, enclosed in an envelope, addressed to the County Clerk of any county, or the registrar of voters in and city and county. Upon receipt of such affidavit by such clerk or registrar of voters within the time allowed by law for registration, it shall entitle the name of such elector to be entered by the clerk in the proper register in such precinct.

5. In every case the affidavit of the party must show all the facts required to be stated in the entry on the register, except the date of the entry.

FURTHER NOTICE IS HEREBY GIVEN THAT AFFIDAVITS OF REGISTRATION MUST BE SWORN TO BEFORE THE COUNTY CLERK OR HIS DEPUTIES AND THAT THEY CANNOT, OWING TO THE PROVISIONS OF THE REGISTRATION LAW BE SWORN TO BEFORE ANY OTHER OFFICER.

THE OFFICE OF THE COUNTY CLERK WILL BE OPEN FOR REGISTRATION UNTIL FURTHER NOTICE FROM 9 O'CLOCK A. M. UNTIL 5 O'CLOCK P. M. OF EACH DAY EXCEPT SATURDAYS, ON WHICH DAY THE OFFICE WILL CLOSE AT 12 O'CLOCK NOON.

AND THAT IT IS PROPOSED by the said City Council to grant such franchise upon the terms and conditions, and under the restrictions, imposed or required by law, and upon the additional terms, conditions, and restrictions hereinafter set forth, and that bids will be received for such franchise, and that it will be awarded to the highest bidder; that the term for which said franchise or privilege shall be granted is fifty years, and that the route to be traversed by said street railroad is that above set forth and particularly described.

NOTICE IS FURTHER GIVEN that sealed bids for said franchise will be received up to the hour of 12 o'clock M. on Monday, the 2d day of May, 1910, and must be filed with the City Clerk of the said City of Oakland at his office in the City Hall of said City of Oakland; and that upon Monday, the 2d day of May, 1910, at the hour of 8 o'clock P. M., the said City Council will meet at the Council Chamber in said City Hall, in open session, and will then and there open and read said bids; and that thereupon said franchise will be struck off, sold and awarded to the person, firm or corporation who shall make the highest cash bid therefor, and who shall, in addition, agree to pay at the expiration of five years after the date of said franchise, and thereafter semi-annually, the largest percentum of the gross annual receipts of such road, according to a verified statement of the same, the percentum of such gross annual receipts in no event to be less than two per cent thereof; and in the event said payment is not made, said franchise shall be forfeited; PROVIDED, only, that at the time of the opening of said bids any responsible person, firm or corporation, present or represented, may bid for said franchise or privilege a sum not less than ten per cent above the highest cash bid therefor, and said bid so made may be raised not less than ten per cent by any other responsible bidder, and such other responsible bidder may also increase the percentage of the gross annual receipts bid for said franchise, in such amount as he may see fit; and said bidding may so continue until finally said franchise shall be struck off, sold and awarded by said City Council to the highest bidder therefor, in gold coin of the United States, whose bid shall include both the highest cash bid and the greatest percentage of the gross receipts of said road, as hereinbefore provided. Each sealed bid shall be accompanied by cash, or a certified check payable to the Treasurer of the said City of Oakland, for the full amount of said cash bid, and no sealed bid shall be considered unless said cash or check is enclosed therewith; and the successful bidder shall deposit at least ten per cent of the amount of his cash bid with the Clerk of the City of Oakland before the franchise shall be struck off to him. And if he shall fail to make such deposit immediately, then and in that case his bid shall not be received, and shall be considered as void, and the said franchise shall then and there be again offered for sale to the bidder who shall make the highest cash bid therefor, subject to the same conditions, as to deposit, as above-mentioned, and the highest percentage of the gross annual receipts as herein provided. Said procedure shall be had until said franchise is struck off, sold and awarded to a bidder who shall make the necessary deposit of at least ten per cent of the amount of his cash bid therefor, as herein provided. Said successful bidder shall deposit with the Clerk of the said City Council, within twenty-four hours of the acceptance of his bid, the remaining 90 per cent of the amount of said cash bid, and in case he or it shall fail to do so, then the said deposit theretofore made shall be forfeited, and the said award of said franchise shall be void, and the said franchise shall then and there by said governing body be again offered for sale to the highest bidder therefor, in the same manner and under the same restrictions as hereinbefore provided; and in case said bidder shall fail to deposit with the City Clerk the remaining 90 per cent of his cash bid within twenty-four hours after its acceptance, the award to him of said franchise shall be set aside, and the deposit theretofore made by him shall be forfeited, and no further proceedings for a sale of said franchise shall be had, unless the same shall be readvertised and again offered for sale as required by law.

THE SAID CITY COUNCIL will exact and require from the successful bidder for said franchise a satisfactory promise and undertaking to permit and allow mail carriers in the employ of the United States Government, at all times while engaged in the actual discharge of their duty, to ride on the cars of the street railroad authorized thereby, without paying any sum of money whatever for fare or otherwise, and such promise and undertaking on the part of said successful bidder will be made a condition precedent to the granting of the aforesaid franchise.

THE SUCCESSFUL BIDDER for said franchise shall file a bond running to said City of Oakland, with at least two good and sufficient sureties, to be approved by said City Council, in the penal sum of $2500, conditioned that such bidder shall well and truly observe, fulfill and perform each and every term and condition of such franchise, and that in case of any breach of condition of such bond the whole amount of the said penal sum therein named shall be taken and deemed to be liquidated damages, and shall be recoverable from the principal and sureties upon said bond. Said bond shall be filed with said City Council within five days after such franchise is awarded, and upon the filing and approval of said bond the said franchise shall by the said governing or legislative body be granted by ordinance to the person, firm or corporation to whom it has been struck off, sold or awarded; and in case said bond shall not be so filed, the award of such franchise shall be set aside, and any money paid therefor shall be forfeited, and said franchise shall, in the discretion of said City Council, be readvertised and again offered for sale in the same manner and under the same restrictions as provided by law.

NOTICE IS HEREBY FURTHER GIVEN that said franchise will be granted upon the following terms, conditions and restrictions, in addition to the terms, conditions and restrictions required or imposed by law, to wit:

1st—That the term for which said franchise or privilege is to be granted is fifty years, and that the route to be traversed by said street railroad is that above set forth and particularly described.

2nd—Said City Council will exact and require from the successful bidder for said franchise a satisfactory promise and undertaking to permit and allow mail carriers in the employ of the United States Government, at all times while engaged in the actual discharge of their duty, to ride on the cars of the street railroad authorized hereby, without paying any sum of money whatever for fare or otherwise, and such promise and undertaking on the part of the successful bidder is made a condition precedent to the granting of the aforesaid franchise.

3rd—The grantee or grantees of said franchise, his, its or their successors or assigns, shall have the right, franchise and privilege to lay down, construct, maintain and operate said street railroad, together with the right to carry passengers thereon for hire, for the term of fifty years; provided, however, that said franchise shall not be construed to give to the grantee or grantees thereof, his, its or their successors or assigns, the right to carry freight for any person, partnership or corporation, over, along or upon the street railroad to be authorized thereby, except such materials, tools, machinery and fuel as it may be necessary to transport over said street railroad for the construction, operation or maintenance of the said street railroad lines of said grantee or grantees, his, its or their successors or assigns, and excepting also freight for the City of Oakland, as hereinafter set forth; provided, that said franchise shall not be construed to give to the grantee or grantees thereof, his, its or their successors or assigns, the right to carry oil in oil cars over, along or upon said railroad. The City of Oakland, upon paying the proper freight charges therefor, may have transported all materials and tools necessary for the use of the municipality over the street railroad provided for under this franchise.

4th—Subject to unavoidable delays and casualties, cars for the conveyance of passengers must be operated over the said street railroad between the hours of 7 a. m. and 9 p. m. of each day, at intervals of not more than ten minutes; and between the hours of 9 p. m. and 12 p. m. of each day at intervals of not more than twenty minutes.

5th—All street work required by law to be done by the grantee or grantees of said franchise, his, its or their successors or assigns, must be done with the same kind of material, at the same time, and in the same manner, as the remainder in width of the aforesaid streets.

6th—All trolley poles used in said streets in the construction of said street work must be located on the sidewalks immediately adjoining the curb, and must be of iron and of the most approved pattern for street railroad purposes, and no hanging arms shall be used, and the said poles and all the wires used in connection with the exercise of said franchise must be of sufficient height and elevation above the ground to avoid obstruction to the ordinary use of the streets, and must be constructed and erected to the satisfaction of the Board of Public Works of the said City of Oakland.

7th—The tracks of the said street railroad shall be double along and over the following streets:

(a)—Commencing at a connection with the existing double-track railway of the South Pacific Coast Railway Company, in the block bounded by Thirteenth, Fourteenth, Webster and Franklin streets, and running thence northerly across Fourteenth street at its intersection with Franklin street to the center line of Franklin street, and thence northerly along and upon Franklin street to its intersection with the center line of Twentieth street.

(b)—Commencing at a connection with the proposed single-track railways ("a") and ("b") hereinafter referred to, at, or near the intersection of Twentieth and Curtis streets; thence running southerly along the center line of Curtis street and curving to the right on to the center line of Nineteenth street; thence westerly along the center line of Nineteenth street, crossing Market street and entering private property in the block bounded by Market, Myrtle, Twenty-first and Eighteenth streets; thence running in a general westerly direction and curving to the left on to the center line of Myrtle street; thence southerly along the center line of Myrtle street and curving to the right on to the center line of Eighteenth street; thence westerly along the center line of Eighteenth street, crossing Filbert, Wood and all intervening streets to the right-of-way of the Southern Pacific Company, where same is intersected by the center line of Eighteenth street.

8th—A single-track shall be constructed over and along the following streets:

(a)—Commencing at a point near the center line of Franklin street, where same is intersected by the center line of Twentieth street, and running thence northerly along the center line of Franklin street, and curving to the left on to the center line of Walnut or Twenty-second street; thence running westerly along the center line of Walnut (or 22d) street, crossing Broadway, to an intersection with Telegraph avenue; thence curving to the left and crossing Telegraph avenue to the center line of Jones street; thence westerly along the center line of Jones street, crossing Grove street and San Pablo avenue to the center line of Twenty-first street, where said Twenty-first street is intersected by San Pablo avenue; thence westerly along the center line of Twenty-first street, crossing Brush and West streets and curving to the left on to the center line of Curtis street; thence running southerly along the center line of Curtis street to the center line of Twentieth street.

(b)—Commencing at a point on the center line of Twentieth street, where same is intersected by Curtis street; running easterly along Twentieth street, crossing West, Brush, Castro and Grove streets, San Pablo avenue, Telegraph avenue, Broadway and intervening streets to the center line of Franklin street, where said Franklin street intersects Twentieth street, to a connection with the proposed double-track railway referred to in subdivision "a," section 7.

9th—All of the tracks of said street railroad shall be constructed of standard flat rails of the most approved pattern for street railways, and shall be laid down and constructed in a good and substantial manner, and so as to present the least possible obstruction to travel and the crossing of vehicles, and to conform as nearly as possible to the official grade of the streets over which the railroad shall be constructed.

10th—Single fares over said street railroad shall not exceed five cents.

11th—The tracks of said street railroad must not be more than five feet wide within the rails, and must have a space between them sufficient to allow the cars to pass each other freely, and sufficient to allow a person to pass freely between cars passing each other on said tracks, and when permanently laid they must be as nearly as possible in the middle of the streets hereinbefore designated.

12th—The grantee or grantees of said franchise, his, its or their successors or assigns, must plank or replank, pave or repave, macadamize or remacadamize, the entire length of the portions of the streets used by their track, between the rails and for two feet on each side thereof, and between the tracks where there is more than one, and must keep the same constantly in repair, flush with the street, and with good crossings, and such street work shall be done with the same material, at the same time, and in the same manner, as the remainder in width of such portions of said streets. When the grantee of said franchise desires to construct additional crossings, sidings, switches or connections after the time for the completion of the construction of said street railroad as provided in Section 18 of this notice, the same shall be put in only upon the approval of the Board of Public Works of the City of Oakland.

13th—Street cars used on said railroad, when not in use, shall not be allowed to stand at any place on the right of way granted by this franchise, so as to form in any way an obstruction to free travel over the streets above named.

14th—All cars used on the lines operated by virtue of the franchise hereby granted shall be of modern style and all cars thereon shall be provided with modern style brakes and fenders.

15th—When the tracks constructed in the streets under this franchise shall occupy such space thereon that, in the opinion of the City Council of the City of Oakland, it shall be necessary to widen the roadway of said streets, the expense of setting back the curbs, sewer-traps and gutters of said streets and of repairing any damage caused to the sidewalks or driveways across sidewalks by reason of such widening, together with the cost of repairing the street widened, shall be borne by the grantee of this franchise, its successors and assigns, and it being the opinion of the City Council that the construction of tracks under the franchise upon Franklin and Jones streets will necessitate the immediate widening of the roadway of each of said streets, so far as they are covered by this franchise, it is ordered that the roadway on Franklin street, between Fourteenth street and Twentieth street, over which tracks are to be constructed under the franchise be widened by setting back the curbs and gutters five feet on each side of said street, and that the roadway on Jones street over which tracks are to be constructed under this franchise be widened by setting back the curbs and constructing said curbs of reinforced concrete between Telegraph avenue and Grove street and setting back the gutters two feet on each side of said street, and that the expense of setting back such curbs, sewer-traps and gutters, together with the cost of repairing any damage caused to the sidewalks or driveways across sidewalks by reason of such widening and the cost of repairing said streets shall be borne by the grantee of this franchise, its successors and assigns, and the grantee of this franchise, its successors and assigns, shall complete the widening of said streets and the repair of said sidewalks and driveways and streets, as herein provided, before it shall operate cars over said streets for street railway purposes.

16th—No steam locomotives shall be used as a means of locomotion upon the right of way granted by this franchise and above set forth.

17th—Firemen while in uniform, firemen while in uniform or not when going to or from fires, policemen in uniform, mail carriers in the employ of the United States Government, at all times while engaged in the actual discharge of their duty, and electricians employed by the City of Oakland, while on duty, and having badges or documents showing their official character, shall be allowed to ride free of charge on said railway.

18th—The work of constructing said street railway must be commenced in good faith within not more than four months from the date of the granting of said franchise and said work must be prosecuted diligently and completed within eighteen months thereafter, unless the time be extended or the uncompleted portion abandoned with the consent of said City Council, or unless the commencement or continuance thereof be enjoined, restrained or prevented by legal proceedings, and in the event of a failure to comply with these conditions, this Ordinance shall be void without any action of the Council of said City of Oakland, or otherwise. In case of the failure or neglect of said grantee of this franchise, its successors and assigns, to operate said railroad over said tracks in good faith at any time after twenty-two months from the date of the granting of this franchise for a period of ninety consecutive days, unless such operation be prevented by the act of God, or be enjoined, restrained or prevented by legal proceedings, or the time, extended by the City Council, the Council of the City of Oakland may declare the right, privilege and franchise hereby granted to be forfeited and abandoned and said right, privilege and franchise shall thereupon be forfeited and abandoned and said tracks and the poles, wires and appurtenances thereto shall thereupon be removed from said streets and the portions of said streets occupied thereby be restored to the same condition, as the remaining portions of said streets and said grantee of this franchise, its successors and assigns, shall forfeit to the City of Oakland the sum of One Hundred ($100) Dollars for each month that it or they shall fail or neglect to so remove said tracks and restore said streets.

19th—When the tracks constructed under this franchise shall curve around any street corner, the rails of the curve at such point shall not be laid within 12 feet of the curb of the streets forming the corner; PROVIDED, that the grantee of this franchise, its successors and assigns, may add to the width of any street sufficient property to make effective this provision.

20th—The grantee of this franchise, its successors and assigns shall pay to the City of Oakland, as its share of the expense for cleaning that portion of the main lake sewer over which a street railroad shall be constructed and operated under this franchise, the sum of $500.00 per annum during the existence of this franchise, the time of payment to be specified as the City Council may by resolution order and direct.

21st—The percentum of the gross annual receipts of said railroad agreed to be paid by the successful bidder for this franchise, at the expiration of 5 years, shall be payable semi-annually to the City of Oakland on the 1st day of February and the 1st day of August of each year, according to the verified statement of the gross annual receipts of such road for the period for which payment is made, to be filed with the City Clerk not later than the 31st day of January and the 31st day of July of each year. In the event that the railroad operated under this franchise shall be operated in connection with other railroads or transportation companies and through rates shall be made so as to include the railroad operated under this franchise, the proportion of earnings upon which such percentum of gross receipts shall be based shall be such proportion of such through fare or fares as the mileage of such fare or fares over the railroad operated under this franchise bears to the entire mileage for which such through fare or fares are charged.

22nd—The grantee of this franchise, its successors and assigns, shall construct culverts under its tracks at street crossings where necessary for the purpose of draining surface water across the streets upon which its tracks are maintained under this franchise, and if existing culverts shall have to be reconstructed by reason of the installation of such tracks, the grantee of this franchise shall continue the construction of such culverts across the width of such streets.

23rd—The grantee of this franchise, its successors and assigns shall construct asphalt cross-walks at street intersection between tracks maintained by it under this franchise and for two feet on each side of said tracks.

24th—The cars of the grantee of this franchise, its successors and assigns, shall be required to stop on signal to admit or discharge passengers at all street crossings or at such stopping points that may be established by the grantee of this franchise, its successors or assigns, not to exceed as between said points 400 feet; provided that the requirement as to stopping shall not apply to through cars which said grantee, its successors and assigns, shall be permitted to run under this franchise in addition to its regular service hereinbefore provided for, but no more than two cars attached together shall be run under this franchise at any time, provided one of the two cars shall contain the motor or motive power.

25th—Should the grantee of this franchise, its successors or assigns, hereafter be granted franchises by the City of Oakland to operate other street railways in said city it shall issue transfers to passengers on cars run under this franchise to the cars operated under such other franchise connecting with those operated under this franchise, provided that this provision shall apply only to passengers who have paid the fare to the point to which they wish to be transferred, and provided further that this provision shall not be construed to entitle any passenger to be carried to any point beyond the municipal limits of the City of Oakland upon the payment of the five cent fare.

26th—It shall be the duty of the grantee of this franchise, its successors and assigns, to allay the dust between the rails of its tracks by means of sprinkling with water or oil in accordance with the directions of the Superintendent of Streets of the City of Oakland.

27th—Where two cars are operated, attached together, under the provisions of this franchise, the grantee of this franchise, its successors and assigns, may, at its discretion operate such two cars with not more than two employes, one of whom may act as motorman and the other as conductor upon said cars.

27th (A)—It shall be the duty of the grantee of this franchise, its successors or assigns, in accordance with the lighting schedule adopted by the City of Oakland, to illuminate the route of said franchise and in so doing, to furnish a minimum illumination of one one-hundredth (0.01) candle feet which is to be calculated from certified photometric curves furnished by the manufacturer of the lamp used. The candle feet from any lamp shall be the quotient of the candle power at unit distance along the given angle, divided by the square of the distance from the lamp. The choice of the apparatus of the lighting system used shall be entirely within the control of the said grantees, its successors or assigns, but the designs of the fixtures required to be installed shall be subject to the approval of the Board of Public Works. In connection with its street lighting circuits, the said grantee, its successors or assigns, shall maintain suitable instruments which will show that the proper conditions to give the guaranteed illumination are being maintained on its said circuits. The City of Oakland shall have access at all reasonable times to said instruments, with the right to test same, and shall be furnished upon demand with such other or further reasonable assurance that the provisions of this franchise relating to illumination are being complied with.

28th—At the expiration of the life of this franchise the grantee thereof, its successors or assigns, shall sell to the City of Oakland or its successor, at the latter's option, that portion of the physical plant which is attached to the street under this franchise at the cost of duplicating such physical plant, independent of any value based on earning power.

By order of the Council of the City of Oakland, dated Oakland, March 23, 1910.

FRANK R. THOMPSON,
City Clerk and Clerk of the Council of the City of Oakland.
By E. F. HOLLAND, Deputy.

House Members Guess Date of Adjournment

WASHINGTON, April 8. — Stirred by the speculation as to the date on which Congress will adjourn, M. W. Pickering, House attache, has offered a prize to the Representatives or employe of the House making the closest guess to the correct date. Many of them have written their guesses on a big placard posted in Bickering's elevator and above the signatures is this inscription:

"Season pass in this car for the best guesser."

Among the Representatives guessing are: Kahn of California, May 15; Englebright of California, May 20; Lee of Georgia, May 29; Hayes of California, June 1; Lloyd of Missouri, June 4; Burleson of Texas and Hamlin of Missouri, June 10; Woods of New Jersey, June 15; Rucker of Missouri, June 20, and Barchfeld, of Pennsylvania, July 7.

Abraham Ruef Fails To Appear in Court

SAN FRANCISCO, April 8. — The several cases against Abraham Ruef on the calendar in Judge Lawlor's court were continued this morning until May 6. The defendant did not appear, and the motion for continuance was made by the prosecution.

Banker's Wife Dies At San Rafael Home

SAN RAFAEL, April 8.—Mrs. Albertina J. Cheda, wife of S. H. Cheda, who is president of the Marin County Bank here, died at her home on Fifth street yesterday morning, after a sickness of only a week. Mrs. Cheda's step-father is H. L. Smith, secretary of the Board of Trade in San Francisco.

The funeral will be held Saturday afternoon from her late home and the body will be interred at the Mount Tamalpais cemetery. Rev. Lynn T. White will officiate.

Still Investigating "Big Jim" Gallagher

SAN FRANCISCO, April 8. — While "Big Jim" Gallagher is gaining knowledge and enjoying himself in European travel, the investigation into his disappearance from this city still continues, and the matter was called up before Judge Lawlor today. The prosecution has secured a new witness, H. F. Young, who, however, has nothing of great importance to add to the facts already known. He will give his testimony on April 11, to which date the hearing was continued.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was troubled with falling and inflammation, and the doctors said I could not get well unless I had an operation. I knew I could not stand the strain of one, so I wrote to you sometime ago about my health and you told me what to do. After taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am to-day a well woman."—Mrs. WILLIAM AHRENS, 988 W. 21st St., Chicago, Ill.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

PEOPLE PROTEST FRANCHISE GRANT

Hayward Trustees Sell Power Rights Through City for Sum of $56.

HAYWARD, April 8.—The trustees of this place have sold the power franchise through this city to the People's Light and Power Company for the sum of $56, that company being the only concern bidding for the franchise. The privilege is granted for a term of thirty-five years, and there is great indignation here that such a franchise should be granted any public service corporation to operate in the city on such a large scale at so small a rate.

The matter will be brought up before the new trustees to be elected April 11, and an attempt will be made to have the action taken by the board at their land meeting set aside.

The Barber Asphalt and Paving Company received the contract for the paving and bituminizing of Castro street along the frontage of P. Swift. The company will commence work on the improvement within three months and the rate to be charged will be 2 cents per foot for grading and 25 cents per square foot for paving.

DELANEY TRIAL POSTPONED WEEK

Attorney Accused by Kovacs, and the Allens, Will Be Heard April 18th.

SAN LEANDRO, April 8.—The trials of J. C. Delaney, an attorney of Haywards, and Richard and Alec Allen, who are accused by Mrs. Mary Kovacs and her husband, Louis Kovacs, of having joined in an attempt to forcibly evict the Kovacs family from their home in Haywards, were postponed by Judge J. J. Frank from April 7 to April 18. Richard Allen and Delaney are held on three charges—disturbing the peace, malicious mischief and battery; while Alec Allen, a young boy of Hayward who is said to have taken the Kovacs children from their home during the absence of their parents, and is supposed to have been in the employ of Delaney, is held on a charge of disturbing the peace.

Mrs. Kovacs says that the children were taken from home while she was driving her husband to the railroad station and that when she returned she had to use a double-barreled shot gun to keep Allen and Delaney from taking forcible possession of the ranch.

Hayward Fire Chief Seeks a Reduction

HAYWARD, April 8.—In view of the recent purchase of twelve new fire extinguishers for the city, making a total of twenty-eight now in use, an agitation has been started by Chief Riggs of Haywards for a reduction of the insurance rate in the district.

The Hayward firemen have invited the fire commissioners to meet them in conference tomorrow night, when action will be taken in demanding the board of fire underwriters to reduce the cost of insurance.

Cadets Select New Range for Practice

HAYWARDS, April 8.—Company H of the National Guard Cadets have selected a new rifle range in the Sawyer tract, near this place, and the new range will be used by many of the companies about the bay for target practice.

The range will allow a shoot of 1000 yards and Captain Borree of the local company has stated that the acceptance of the new range is practically accepted and that the official approval of the adjutant-general will probably be received in a few days.

CANNED SALMON TARIFF REDUCED

Railroads Compelled to Make Cut on Account of Water Freights.

PORTLAND, Ore., April 8.—As a result of water competition, it is stated, the trans-continental railroads have announced that the freight rate on canned salmon in 60,000-pound shipments will be reduced from 85 cents per hundred pounds to 65 cents per hundred between Columbia river and Puget Sound points and Chicago.

It is asserted that during the last year tramp steamers have carried canned salmon to New York at such a rate that, with the 30 cent rate between New York and Chicago added the total freight rate from this coast to Chicago amounts to an average of 60 cents a hundred pounds.

The railroads state that an effort by them to meet water competition in points east of Chicago is impracticable.

The date when the new rate will go into effect has not been announced, but it is stated that it will be by the time the spring pack is ready for market.

Bradbury Fattens On Gingerbread Diet

SAN RAFAEL, April 8.—William R. Bradbury, Corte Madera millionaire and inmate, No. 23,755, at San Quentin penitentiary, is fond of gingerbread.

When Bradbury first entered the prison to serve a sentence of one year for perjury he asked that he be allowed to furnish his own meals. When this was refused he resigned himself to the simple prison fare which knows no such delicacies as gingerbread or cake of any kind.

Whether the work or food agreed most with him is a question, but at the end of six months he had gained twenty-five pounds.

Several days ago Bradbury was on his way to work in the jute room when one of the guards noticed a bulky something in the back pocket of his striped garb. The aged millionaire's eyes watered as he produced a hunk of gingerbread. He pleaded so piteously that the absence of teeth prevented him from partaking of the regular rations he was permitted to retain his highly prized delicacy.

New Fairview School Plans Are Selected

HAYWARD, April 8.—The trustees of the Hayward grammar school have selected the plans for the new Fairview school that will be built at the corner of Curtis street and Cemetery avenue. The building will be built in the mission style and will contain four large rooms. The plans selected were submitted by the firm of Starbuck and Wilde.

The building will be finished on the outside with concrete placed on steel lath, giving the appearance of a stone structure. It has been arranged so that two of the large rooms can be thrown together by unfolding large doors, thus providing an assembly hall of ample size for the accommodation of the pupils.

The selection of the plans was made after deliberation with a committee of residents of the school district.

Colleges Will Study Indians of the North

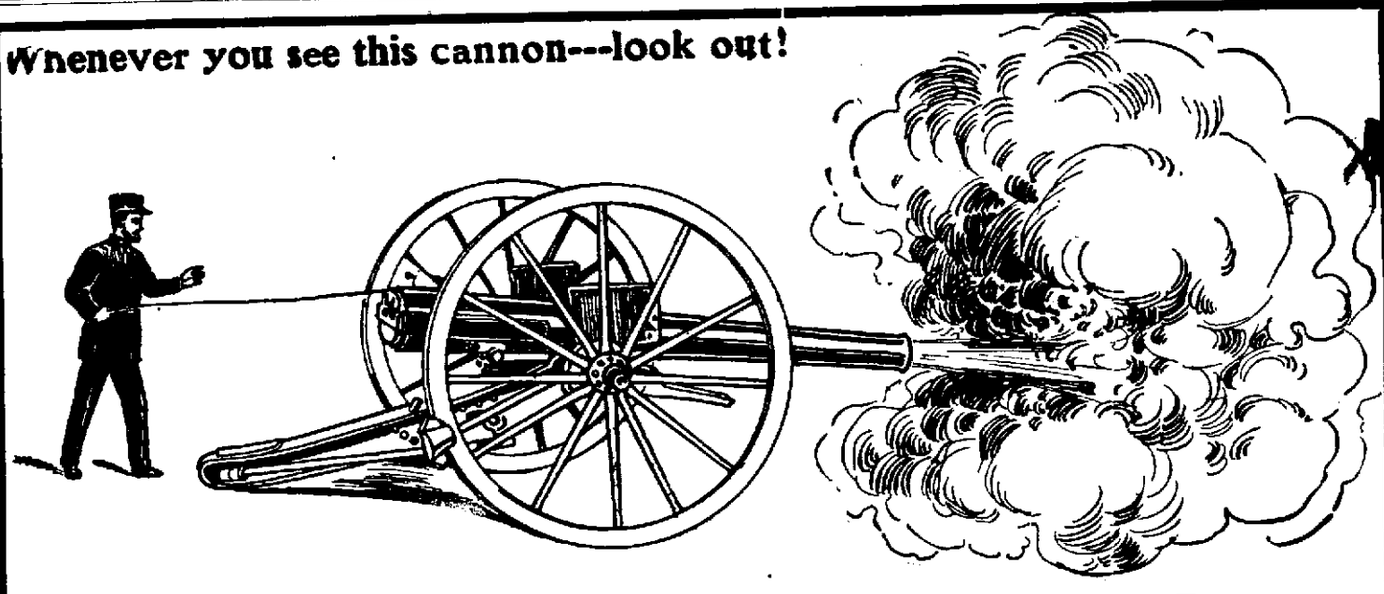

SEATTLE, Wash., April 8.—An innovation in the regular courses of Northwest colleges has been introduced this year in the curriculum of the seventh annual University of Washington summer school, in the study of archaeology, which includes a course on the Indians of the Northwest—a survey of the tribes from the Columbia to the Lena River.

A course in marine biology, adapted especially for research work, will be carried on this year at the university's marine headquarters at Friday Harbor in the San Juan Archipelago.

Notifies Coroner And Takes Own Life

COALINGA, April 8.—After notifying a local undertaker of his intention and giving written instructions as to what should be done with his remains, John T. Woods, an oil-well driller, committed suicide today by taking a large quantity of cyanide of potassium. Domestic trouble is alleged to have caused Woods to kill himself. He was 45 years old, and, besides a widow and a seven-year-old son, is survived by his mother, Mrs. W. C. Woods and three sisters residing in this city.

Whenever you see this cannon---look out!

The Realty Syndicate has another tract ready

—Well, here we are again!

—Ready with our second tract!

—Out to beat our Alton Park record and with a good chance to do so.

—Because we have a tract, this time, where lots will be sold at $35 a front foot which are within two blocks of property held at more than $250 a front foot.

—"Must be something the matter with it," you are saying to yourself.

—All right, sir; if you think so don't take the trouble to investigate any further.

—The Realty Syndicate is not in the Real Estate business to sell property that YOU do not want.

—If there is "anything the matter" with any of these tracts that we are putting upon the market it is the fact that they're too small to supply the demand.

—That was "what-was-the-matter" with Alton Park. If we had had $50,000 more of lots in Alton Park we could have sold every one of them. The trouble was that we didn't have enough to go around.

—But that's history now.

—We have decided to make the next tract prominent as a big money-maker for every man who buys a lot.

—We are going to make it an example of what The Syndicate can do in the way of making **Big Profits** for those who buy its properties.

—We could probably get considerably more than $35 a foot, but that isn't the idea, for we have millions of dollars worth of properties and a few dollars a front foot in one tract is a drop in the bucket compared with the tremendous influence such profit-sharing has upon the public.

—We want **our investors** to make money.

—Big money.

—Quick money.

—We want a following of clients who, ultimately, will swarm into our offices to invest whenever we announce a tract for sale.

—At present we are simply building a reputation by putting out a few tracts as "examples" of various kinds. This tract is to be an example of a "money-maker" and we have priced it so that we can point to it and say: "We sold the people that property in April, 1910, for $35 a front foot. Some of them made as high as 200% on their actual cash outlay within 18 months."

—Guess, maybe you'd like to know where it is.

—Guess, maybe we'll tell you—tomorrow.

ARMY PRISONER IS SLAIN IN DASH FOR LIBERTY

BALLINGER IS CRITICIZED BY PROSECUTION ATTORNEY

Brandeis Accuses Him of Undue Slowness in Producing Needed Papers.

COMMITTEE DECIDES IN FAVOR OF THE LAWYER

Secretary Not Likely to Testify in Hearing Until the Last.

WASHINGTON, April 8.—The weekend sessions of the Ballinger-Pinchot investigating committee were resumed today. As the committee assembled to consider further evidence in behalf of Secretary Ballinger there still was doubt as to how Mr Vertrees would present his witnesses It has become more and more evident that it is the intention of the "defense" to hold Mr. Ballinger for the last, for it is believed that upon his testimony more than any other factor in the case, the committee's final determination will depend

H H Schwartz, chief of field service, and Fred Dennett, commissioner of the general land office, are other witnesses whose testimony will have an intimate and important bearing on the case Both are likely to be cross-examined to the greatest length if Mr Brandeis, the Glavis attorney, follows the precedent he has already set with the minor figures for the defense

BRANDEIS PROTESTS.

As soon as the committee was called to order Attorney Brandeis was on his feet protesting against the letters written by Secretary Ballinger last week, complaining of the numerous wholesale calls for papers made upon the department by the attorney for the prosecution The secretary characterized Mr Brandeis' course as "an oblique attempt to control the manner in which the evidence should be presented, and a mere fishing process"

Brandeis complained of the delay of the interior department in producing the papers requested and he asked that instructions be issued calling for the production of the papers at once

The discussion was ended by the adoption of a motion of Representative Denby calling on the secretary of the interior to produce all papers called for by the committee "with all due speed"

DIVORCE SPEED RECORD IS MADE

Complaint Filed, Answer Submitted, Decree Granted in Ten Minutes.

SAN FRANCISCO, April 8.—One of the quickest divorces on record was granted before Superior Judge Cabaniss this morning when the complaint was filed, an answer submitted and the decree handed down within the short space of ten minutes. This lightning-like way of securing a separation has placed the standard of divorces on a plane that it would seem a whole lot easier to get severed than tied

Mrs. Bella S Dillon was the plaintiff in the action, which was filed in open court, the charge being failure to provide An answer was immediately filed by the husband, testimony taken, and the separation granted

The reason for the haste was the necessity arising from Joan McSorley's having to leave the State immediately.

Strike Is Imminent On Eastern Roads

CLEVELAND, April 8.—Trainmen and conductors employed on the Lake Shore and Michigan Southern, the Lake Erie and Western and the Nickel Plate Railways have voted almost unanimously to strike unless their original proposition for a wage increase is accepted The vote was canvassed by the officials of the employes' unions today.

SLASHES MAN FOR REFUSING TO BUY HIM TICKET

Victim Is Seriously Wounded and Police Fear He May Die.

TERRIFIC BATTLE FOR LIFE EARLY IN MORNING

Assailant Wanted to Travel to Seattle at His Victim's Expense.

SAN FRANCISCO, April 8—In a fight for life, the result of a dispute over a minor matter in a room on the top floor of the Portuguese Hotel, Clay and Drum streets, at 3 o'clock this morning, Albert Danstrom, a miner, 45 years old, was slashed and cut with a knife in the hands of John Butterell and is now lying between life and death at the General Emergency Hospital, while his assailant is in the city prison, awaiting the result of the other's injuries

Butterell wanted Danstrom to buy a ticket for Seattle for him and when he refused upbraided him The argument which followed grew bitter and Danstrom ordered Butterell from the place The latter made toward the door, but infuriated at his companion, drew a knife and closed with him Danstrom fought him off and the two struggled for the possession of the weapon. Finally Butterell got the upper hand and cut his antagonist in the right cheek and the neck, as well as inflicting several superficial wounds.

Danstrom fell to the floor, blood flowing profusely from the cuts, and Butterell ran hastily downstairs In the hall he was met by a lodger, who saw the blood-stained knife in his hand, but who feared to intercept him. The police were notified and Officer J J. Casey No 2 arrested Butterell as he was leaving the hotel Danstrom was conveyed to the Harbor Hospital and later transferred to the Central Emergency.

ALIEN INSANE WILL BE DEPORTED TO OWN COUNTRY

District Attorney Donahue Secures Aid of Federal Officials in the Matter.

District Attorney Donahue sees a way to relieve the county of Alameda from an item of considerable expense in causing the Federal immigration officials to take over for deportation those who become insane within three years after arriving in this country. He has communicated with the immigration bureau on the subject and the first case that will be turned over to them is that of James Likas, a Greek, who is of the violent type and is addicted to tearing his hair out by the roots, disrobing himself and barks like a dog His case is set for examination before Judge T. W. Harris and upon commitment he will be taken charge of by the Federal authorities and deported to Greece.

THREE OTHER CASES.

There are three other cases of aliens about whose sanity there is no question and they in turn will be brought before the courts to be formally examined and committed and then delivered over to the custody of the immigration service The number of insane cases during the past two or three months has been more than ordinary and most of them are of aliens who come under the three years' limit, which permits of their being returned to the land from which they came as belonging to the class of undesirable citizens who from poverty, disease or insanity become or are in danger of becoming a charge upon the public

BANDITS HOLD UP LIMITED; CONDUCTOR ROBBED

Official Grappled With Larger Robber But Was Finally Overpowered.

SOME OF PASSENGERS SAID TO BE VICTIMS

Men Get on Train Through Vestibule and Hide Behind Locked Doors.

ST. PAUL, Minn., April 8.—Two masked bandits attempted early today to hold up the Chicago, Milwaukee and St. Paul Railways' Pioneer Limited. The men boarded the train at New Lisbon, Wis., getting in by way of the forward vestibule of the front sleeper, which had been left open when the conductor took his orders to the engineer. The men passed through the front sleeper into the rear vestibule of the car, blocking both doors of the vestibule.

When Conductor Shumway passed through the train he was stopped by the locked vestibule door. Unlocking the door, he was instantly confronted by revolvers held by two masked figures

Conductor Shumway leaped at the larger of the bandits. A tussel followed, in which the railway man was overpowered. One robber then reached down under the steps and cut the air connection, stopping the train. The men then jumped off and fled.

From Mauston, Wis., comes the report that the men took a gold watch and a $450 diamond ring from Conductor Shumway This report also says the robbers went through the day coaches and held up the passengers, obtaining considerable cash. The report is not confirmed

LOVETT IS SILENT ON RAILROAD INTENTIONS

President of Southern Pacific Dodges Questions of the Proposed Coast Work.

SAN FRANCISCO, April 8.—Judge Robert S. Lovett, president of the Southern Pacific Company, arrived in the city last evening. In the party accompanying from Los Angeles were the following Southern Pacific officials: G W. Goelet, C. C. Stillman, Julius Kruttschnitt, H. Neill, J. W. McKinley, E O. McCormick and L H. Cornell. They were met at the Palace Hotel by J. C. Stubbs and retired promptly to their rooms for a conference on the plans of the railroad in the vicinity of this city.

Being interviewed on the intentions of the company regarding the $50,000,000 bond issue authorized this week at a meeting of the directors held in the Louisville, Ky., headquarters of the corporation for betterments, President Lovett promptly replied:

PUTS NO EARMARKS.

"The Southern Pacific doesn't put earmarks on its money before it spends it."

And to all questions as to whether any part of the big bond issue would be applied to the extension of terminal facilities on this side of the bay, Judge Lovett gave evasive answers. Nor would he reveal the plans of the Pacific Mail Steamship Company, a subsidiary organization, or what the Southern Pacific Company would do respecting the establishment of a new line of steamships on the Panama route when the canal was opened to traffic.

HERE FOR CONFERENCE.

One of the objects of President Lovett's visit is, however, to confer with President Ripley of the Santa Fe regarding the affairs of the Northwestern Pacific Railroad, in which the two corporations are jointly interested and which is now being extended from Willits to Eureka, Humboldt county. A conference between the two railroad magnates is being held today and next week they will make a joint inspection of the line.

ANNEXED DISTRICT ASKS FOR PLACE ON BOARD

Citizens Hear They Will Not Be Represented at Charter Meeting.

SECTION HAS NO LEGAL RIGHT, TAYLOR SAYS

Property Owners Consent to Grading and Improving Many Streets.

FRUITVALE, April 8 — The citizens of the annexed district are up in arms on account of the information received that they will be allowed no representation on the Board of Freeholders that is to frame the new city charter for Oakland.

It was stated by Attorney Taylor, of the judiciary committee of the charter convention, who addressed the meeting of the Hopkins Street Improvement Club of Dimond, last night, that legally the annexed section is not entitled to any representation on the Board of Freeholders, excepting that the voters of the new district may be allowed to vote in choosing any citizens of Oakland proper —the section known as Oakland before annexation—as freeholders.

Although Attorney Taylor refused to state that the charter convention would be guided by the legal opinion that he held on the matter, the members of the club fear that they will not be allowed to have representatives on the board and declare that they are being deprived of their rights.

Although lively discussion followed the bomb thrown into the meeting by Attorney Taylor, no action was taken on the matter by the club members, who have decided to lay the question on the table until next Friday night, so that more definite information can be obtained at Thursday night's meeting of the charter convention.

OWNERS GIVE CONSENT.

The committee appointed to further the project of having Rhoder street graded and improved reported that the consent of all the property owners had been obtained and that a contract had been signed to have the work done by private contract.

It was stated that nearly all of the property owners on Peralta avenue had given their consent to the widening of the street and are now ready to have their fences moved back for the furtherance of the work. There are still a few owners of property on the northern end of the avenue who refuse to have the work done and a further effort will be made to obtain consent as improvements in that part of the section are being held back, according to the committee.

A report was made by the committee appointed to investigate the proposed changing of the size of the water mains on Hopkins street, from two-inch to eight-inch, stating that the officials of the water company have been interviewed and that a promise had been received from them that the company would do all in its power to have the much-needed improvement put through. Councilman Vose is working in behalf of the project and will probably bring the matter up before the next meeting of the city council, according to the committee.

Will Plead Guilty To Robbery Charge

ALAMEDA, April 8.—That James A. Maddalena, held to answer to the superior court on a charge of having held up and robbed the Alameda Steam Laundry at pistol point a few weeks will plead guilty to the charge, was the declaration of Mrs. Maddalena today. Attorney Reuben Hunt, representing the defendant will ask that his client will be admitted to probation.

Under the interpretation of the State law, Attorney Hunt holds that Maddalena is not guilty of robbery as there was no violence used and the employes of the laundry took his attack as a practical joke, thinking that the highwayman, who was masked, was one of the employes.

AUTOS GATHER FOR SPEED TESTS IN SOUTH

New Mile Motordrome Scene of Record Breaking Races.

EXPERT DRIVERS ARE TAKING PART IN EVENTS

Oldfield, De Palma and Robertson Among Those Who Are Competing.

PLAYA DEL REY, Cal., April 8,—Whether or not a mile board track is practical for automobile racing will be determined today when the fastest racing motor cars in the country meet in a series of contests on the new Los Angeles motor-drome. Record time has been made in trials and the leading A. A. A. officials who came from New York to see the opening, predict that all world's records for a one-mile track from one to 100 miles will be broken.

The crowd began gathering at 10 o'clock and before noon several hundred automobiles had taken the best parking places near the starting line.

MILE IN 40 SECONDS.

The meet opens with a series of record trials, in which Barney Oldfield, Ralph DePalma and George Robertson will compete. Record miles have been made in tryouts and the three drivers mentioned will go well under forty seconds for a mile.

As no protests were filed today, the officials waived the measuring and weighing of cars.

In addition to the time trials there will be a ten-mile stock chasis race for cars measuring 161-230 cubic inches piston displacement; ten miles, 451-600 cubic inches; ten miles stock handicap; five miles, free for all; twenty-five miles, free-for-all handicap; 100 miles, class C, 231 to 300 cubic inches.

FIRE ORDINANCE OF CITY DEFECTIVE

Does Not Provide for Storage of Combustible Fluids.

ALAMEDA, April 8.—Chief F. K. Krauth of the local fire department will urge before the city council the passage of a fire ordinance regulating the keeping and storage of all inflammable or combustible fluids, for which no regulation is made in the city ordinance.

The cities of Oakland and Berkeley have ordinances regulating the keeping, storage and use of petroleum, gasoline, benzine, naptha, crude petroleum, or any product of petroleum, or hydrocarbon liquids, and provide a penalty for the violation of the law.

That many recent fires in the city have been caused by improper storage and usage of thes inflammable fluids, is the contention of Chief Krauth who stated today that the city fire ordinance regulating this matter, was not specific and did not cover the ground.

The subject will be introduced at the next meeting of the city council.

The fire commission is of the opinion that the insurance rates in Alameda would be decreased by the passage of such an ordinance.

ROOSEVELT IS CRITICIZED BY PARIS PAPERS

Former President Is Taken to Task for the Vatican Incident.

ONE SAYS PRECAUTION OF POPE WAS JUSTIFIED

His Reception of Free Masons Is Cause of Bitter Invective.

RAPALLO Italy, April 8.—Colonel and Mrs. Roosevelt, who are driving from Spezia to Genoa, stopped here over night and left this morning for Portofino. Descriptions of the distinguished American have preceded him in every village along the route and he is easily recognized, and so becomes the object of frequent and cordial demonstrations. This morning the travelers abandoned their carriage for an automobile.

Portofino, sometimes described as the most beautiful spot on the Mediterranean, is situated at the extremity of Portofino promontory, several hundred feet above the sea. The Roosevelts plan to have luncheon at the Hotel Des Fleures at Portofino.

PARIS, April 8.—Mr. Roosevelt's reception of Free Masons during his stay in Rome has called forth criticism from a section of the Royalist and Catholic press.

JUSTIFIED PRECAUTIONS.

The Gaulois says the incident justifies the precautions adopted by the Vatican, for it indicates that Mr. Roosevelt probably would have received the "Masons" after his audience with the Pope, had such an audience taken place, "passing from the Vatican to the Masonic chiefs as if with the approbation of the "Sovereign Pontiff."

The Eclair accuses Mr. Roosevelt of wreaking the vengeance of a disappointed tourist and punishing "an ungrateful papacy by bowing down before the ideal of Masonry."

The paper follows a long and violently worded attack with a special dispatch from Vienna, in which the claim is made that the government there had adopted extraordinary precautions to prevent Mr. Roosevelt making "breaks" similar to those he made in Rome.

Dying Burglar Admits Robbing Dozen Homes

SAN FRANCISCO, April 8. — A dozen burglaries, committed in this city, Los Angeles and in other parts of this State and in Washington and Utah were confessed to this morning by H. Hall, also known as Clyde C. Canfield, who was arrested after shooting Policeman J. J. Casey last night.

The confession was made to Detective Lambert this morning, after the robber, who was desperately wounded in a duel with the officer, was informed that he could not recover from his injuries. Hall died at noon today.

BODY RIDDLED BY BULLETS OF ARMED GUARDS

Squad of Military Offenders on Transport Dock Loading Steamships.

MEN WERE BROUGHT FROM ALCATRAZ PRISON

Order to Fire Given Quickly as One Makes Wild Break for Freedom.

SAN FRANCISCO, April 8.—In a desperate effort to escape from custody and endeavoring to make a wild break for liberty while the eyes of his guards were temporarily turned on the rest of the gang, G. F. Collins, a military prisoner, was shot and killed at the transport dock shortly after 10 o'clock this morning.

Just which one of the guards and officials in the neighborhood fired the bullet which ended the life of the escape will not be known until an autopsy is performed. His body was riddled with bullets, at least a half dozen shots striking him, and he fell dead in his tracks.

DASHED FOR LIBERTY.

Together with a gang of about ten other men Collins was brought over from Alcatraz Island this morning to help unload and load steamers. He was working on the S. S. Misslin, and had a sack of cement in his hand when he thought he saw the chance for which he ad been looking. Dropping te bag, he dashed behind a pillar and thence dodged toward the front of the dock. As quick as had been his movements he was observed, almost immediately, by Sergeant Doyle and Captain D. W. Hand.

Not a moment was lost, the command to fire was given, and Captain Hand's revolver and the guns of Sergeant Doyle and Privates Louis Flenchen and Arthur Hubbard, barked simultaneously. A fusilade of shots were sent after the fleeing culprit, and he dropped to the dock, failing heavily.

DIES ALMOST INSTANTLY.

He was scarcely able to utter a groan, but as the blood spurted forth from his numerous wounds it was impossible to tell at first whether life was extinct. Accordingly, the Harbor ambulance was summoned, and on its arrival Steward Leidbetter pronounced the man dead. His body was after removed to the morgue.

There will be no investigation in connection with the affair on the part of the military authorities as the orders at Alcatraz are for the shooting of any of the convicts who attempt to escape.

The transport dock, where the affair occurred, was immediately thrown into a pandemonium of excitement, and though Collins' attempt may have been the result of a concerted plan on the part of all the prisoners, the others, while for a moment excited, and running to one side, were immediately cowed by the spectacle of their fellow prisoner being killed, and there was no chance for a general breakaway.

THINKS HE WAS ALONE.

Captain D. W. Hand, who was in charge of the guards, stated immediately after the shooting that he thought Collins had acted independently, although his act had excited the other prisoners

"There was no general attempt at escape," he declared, "but there would have been no chance for any such thing to have happened, as the men were too closely guarded."

Another attache of the transport service, in remarking on the occurrence said:

"It's a good thing the rest didn't try to break away, too. They'd have all been killed."

When you buy a Sincerity Suit what you get is the opportunity of letting your face talk instead of your clothes.

A man who buys a Sincerity Suit is taken for a Sincerity man When he goes into a club he is given face value, not clothes value If anything is questioned it is what he says, not what he looks like When he talks business to another business man, his voice, not his clothes, are listened to. In other words,

Sincerity Clothes

give the man a good introduction in either society or business circles and a good introduction is half the fight. When you go out in the afternoon or evening in good society you do not wonder whether your clothes are cut like the other man's, YOU KNOW THEY ARE You know they are not only cut right, but you know that a score of fine distinctions in workmanship and fabric and finish give you even a better bearing and a better finish than the rest

The peace of mind that a man gets by wearing a Sincerity Suit or Overcoat is worth the whole price of the clothes. And when you add to this that Sincerity workmanship and Sincerity fabric make a Sincerity Suit last almost twice as long, you no longer wonder why so many men you meet are wearing them.

If you'll give us the opportunity merely of showing you our Sincerity stock of clothing, we won't have to ask you to buy a suit, you'll be asking us to sell you one.

He also bought a quantity of gasoline and sent the bill to Judge Kellum. [illegible] on the part of his chauffeur [illegible] the judge that he ordered the arrest of Lutz.

Learning in some way that he was to be arrested again Lutz left the machine standing in the streets of San Francisco and boarded a train from San Francisco a few minutes before a detective from Oakland reached his habitation. There his destination was learned and the Sacramento police advised to arrest him. He was taken into custody when he alighted from the train in that city this morning.

Owing to the fact that this is the second time Lutz has been guilty of indiscretion and also to the fact that Judge Kellum found his machine badly smashed and broken when it was returned to him from San Francisco, the judge will now prosecute his former chauffeur on the charge of theft.

Poundmaster May Is In Dying Condition

ALAMEDA April 8. — Poundmaster John May is in a dying condition at the Alameda sanitarium. His physicians hold out little hope for his recovery.

May was taken ill several weeks ago and removed to the sanitarium where he has been slowly sinking.

Poundmaster May was appointed about a year ago to succeed Poundmaster Ewing, deceased.

PARENTS TO CONFER WITH TEACHERS

Will Discuss "The Student After School Hours" at the eMeting.

ALAMEDA April 8.—A conference between the Alameda high school faculty and the parents of students attending the high school will be held tonight in the assembly hall of the school. The object of the second meeting which has been held between parents and instructors is to discuss "The Student After School Hours." Professor Arthur Agard of the high school faculty will present the opinions of the teachers and will advance a number of suggestions destined to be of benefit to both the parents and teachers.

The rules of the board of education provide that the student is only under the jurisdiction of the high school during school hours which close at 2:30 o'clock. The mutual duties of parents and instructors will be discussed tonight.

Principal Dr George C Thompson will preside as chairman. That a mothers' club does not meet the requirements is the contention of Principal Thompson who urges the formation of a fathers' and mothers' organization.

"Mothers can do a great deal," said Principal Thompson today "but boys and girls also need a father's influence and suggestions. We expect good results from the conference to be had tonight and many parents have expressed their intention of being present."

A number of prominent citizens are slated for speeches.

Yosemite Valley, will be a feature of tonight's program. These slides were made by Vernon Thorpe and colored by George Mastick, two high school students.

Willis Minium, instructor of physics, obtained the views at a recent visit to the valley.

SHRINERS BOOST FOR CONSISTORY

Delegation Goes to New Orleans to Present This City's Claims.

Inspired with the idea to boost Oakland Shriners for a consistory on this side of the bay, a company of members of the Alameda County Shriners Club left last evening for New Orleans in a special train for the imperial council of Mystic Shrine which will convene there April 12, 13 and 14. It is stated on good authority that a strong appeal will be made for the shrine here by Frank Bilger, Charles Chubb, R. Kendall, L. B. Goldberg and D. E. Perkins who will be the representatives from Oakland.

Since the organization of the Alameda County Shriners Club the members have been working zealously for a shrine but ... not yet been successful in securing permission from Islam Temple in San Francisco to institute one in Oakland.

WITNESS FAILS TO HELP CASE

Mrs. Thompson Denies She Took Him Into Her Confidence.

Judge Ellsworth [illegible] the sheriff's office to produce Mrs. [illegible] Thompson of Kempton avenue [illegible] witness in the Klopp divorce case, even if a deputy has to break into her home to serve her, brought the former neighbor of Jennie E. and George W. Klopp to the court house yesterday. She made her appearance before Judge Ellsworth, accompanied by her husband, [illegible] and the trial was resumed.

Klopp wished to [illegible] Mrs. Thompson [illegible] his wife had [illegible] on one occasion that the only [illegible] (Mrs. Klopp) [illegible] her husband around [illegible] because [illegible] she could [illegible] him to the [illegible] and other domestic duties. Klopp [illegible] to still [illegible] this and had told [illegible] that one day when he called upon Mrs. Thompson to borrow her lawn mower she had imparted to him the confidence that Mrs. Klopp had reposed in her.

PERSISTENTLY REFUSED

Mrs. Thompson had been subpoenaed [illegible] in Klopp's behalf, but she had persistently refused to see the process server when he called on her. When this fact was reported to Judge Ellsworth he issued an order for the process server to force his entrance into the lady's home if necessary, and when Mrs. Thompson was called to the stand yesterday the jurist remarked:

"Well, I see we have finally succeeded in getting you here, Mrs. Thompson."

"Yes," she replied, "but it is not my fault."

Mrs. Thompson proved an unwilling witness and of absolutely no value to Klopp. She denied emphatically that she had ever made the statements attributed to her by Klopp, said that it was only through fear of the law that she came into court as a witness and declared that she had never mixed in the domestic troubles of the Klopps and knew absolutely nothing about them.

When she was dismissed at the request of the attorney for Mrs. Klopp, who was called to the witness stand in rebuttal, Judge Ellsworth ordered the courtroom cleared of spectators. Then the proceedings continued behind closed doors.

PATTEN TO FIGHT TO FINAL FINISH

Operator Declares He Will Hold On to Sway Over Cotton.

NEW YORK, April 7.—Although James A. Patten of Chicago is quoted as having said he was here for a "fight to a finish" in the cotton market, the expected activity on the exchange was not in evidence today in the early trading.

Neither the bulls nor the bears made any show of fight, but both sides were in arms, ready for the combat. It was what the traders call "a waiting market" and the waiting seemed to be principally for Mr. Patten to begin hostilities.

"I am here for a fight to a finish with McFadden," Patten said.

The McFadden referred to is George H. McFadden, the cotton operator.

"Is it true that you lost more than $1,000,000 in the recent slump?" he was asked.

"Make it two millions if you want to," he replied. "Losing two millions in this sort of a fight is no more to me than losing a dime to you."

Silver Service for Utah's Battleship

SALT LAKE CITY, Utah, April 7.—A plan to endow the new battleship Utah with a silver service at the hands of the school children of Utah has been endorsed by Governor William Spry and a committee of citizens. Contributions not exceeding 20 cents and as low as one penny will be invited from the 108,000 pupils. Other donations will be accepted and the gift will cost not less than $10,000.

Body of Judge Cone Arrives From Reno

ALAMEDA, April 7.—The body of Judge Fred F. Cone, who was drowned in Reno, Nev., arrived here this morning. The funeral will be held tomorrow night at 7:30 o'clock from Masonic Hall, under the auspices of Oak Grove Lodge of Masons. The remains will be cremated Saturday morning. W. H. Cone, a brother of the deceased, returned with the body today. He stated that the coroner's jury had returned a verdict of asphyxiation due to accidental drowning.

Announcement Extraordinary

Following the practice inaugurated by THE OAKLAND TRIBUNE some year ago in offering its subscribers fine prizes during the early summer months for the solutions of certain puzzles, as in the Proverb Contests of 1906 and 1907, the Geographical Puzzle of 1908 and the Rebus of 1909, THE TRIBUNE now announces for SUNDAY, APRIL 9, its presentation of the

Great Pictorial Puzzle Contest For 1910

There will appear a series of sixty pictures, beginning with SUNDAY TRIBUNE, April 9, and continuing daily for two months. Each picture will be numbered with a subjoined coupon for the answer.

These pictures cover a wide range and are to serve as a means of education as well as entertainment, but more in particular as a form of instruction. EACH PICTURE WILL PORTRAY SOME COMMON FALLACY, and it shall be the object of the contestants to

Discover and Name the Error

There are many things commonly believed to be facts and which have repeatedly been expressed as such in pictures by artists and statements by writers, BUT WHICH ARE NOT TRUE AT ALL. It is to bring forward these fallacies that THE TRIBUNE offers this educational contest, and in each picture one of these many fallacies will be expressed.

As an inducement to enter the contest, THE TRIBUNE offers

Many Valuable Prizes

There Are No Charges Whatever

in connection with the contest and all subscribers have an equal chance at the best prizes. No employe of THE TRIBUNE or member of his family, however, will be permitted to participate.

All Prizes

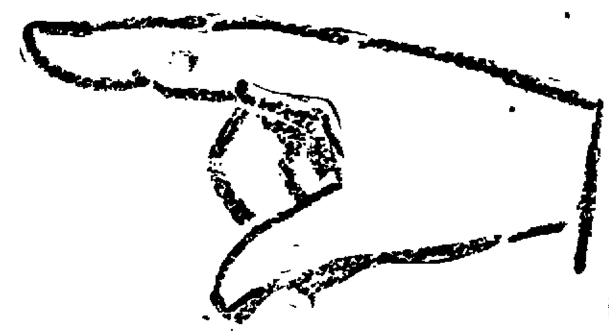

will be awarded entirely upon merits of the answers, the largest number of correct answers receiving first prize, and the order of awards to be graduated accordingly.

General appearance and neatness of answers will count in this contest.

Cut Out the Coupon Each Evening

fill in your answer, and at the completion of series forward them to the Puzzle Editor, OAKLAND TRIBUNE, Franklin at Eighth.

A committee of three educators will be selected to act as final judges in determining awards. The names of these gentlemen will later be announced.

Dear Sir: For several months I suffered with terrible agonies of pain in my stomach, not being able to eat or retain any food. I got no relief until I was recommended to you. After the first treatment I got relief, and now, after several months' treatment of your herb medicine, I feel entirely cured of my trouble. During my treatment with you I have gained 30 pounds. I tender you my most sincere thanks, and remain gratefully yours,
MRS. E. THOMAS.

Dr. Wong Him,
Dear Sir: For several years, while suffering agonies of pain, I tried, in vain, to find relief from physicians of various schools of medicine, when, as a last resource, my life being in greatest and imminent danger from a mortal disease, I applied to you. You cured me with your Chinese Herb Treatment and saved my life, for which cure I tender you my most sincere thanks, and remain, most gratefully yours,

'COUNT' NICHOLAS TO BE RENOUNCED

Naturalization Papers of Lautree Are Cancelled by the United States.

CHICAGO, April 8.—Naturalization papers of "Count" Nicholas Erasme Savine de Toulouse Lautrec, alias "Prince" Nicholas Savine, were cancelled yesterday by Judge K. M. Landis in the United States District Court.

As a consequence, the "Count" will no longer be heeded by American Ambassadors in Europe should he appeal to them as an American citizen for protection against the European police. The naturalization papers were issued April 27, 1898, by Judge Gibbons in the Circuit Court.

Lautrec "renounced the Czar of Russia" and swore he had been in the United States five years, as required by the naturalization laws. The government charges he had been here less than five years and that nearly everything he swore to was untrue.

The "Count" now is in custody at Antwerp, Belgium, pending extradition proceedings on behalf of the government of Denmark, where he is wanted for obtaining money on fraudulent checks. Only a few months ago he finished serving a term in prison at Antwerp on a charge of passing worthless checks.

Lautrec was sent to Siberia once by the Russian authorities, but escaped and got out of the country on an "emergency passport" obtained from the American embassy at St. Petersburg on the strength of his American citizenship papers.

Stambouloff, the Bulgarian dictator, was on the point of placing him on the throne of Bulgaria, but discovered his mistake in time.

HARD TIMES STILL STAY WITH GOTHAM

The Charity Reports Show the Recovery of 15 Per Cent From Panic Era.

NEW YORK, April 8.—Charitable organizations here take a gloomy view of recent statements from various sources to the effect that prosperity has returned. The annual report of the Association for Improving the Condition of the Poor says:

"New York City is only about 15 per cent recovered from hard times, and the higher cost of living has been the principal reason for the retarding of this recovery.

"The total number of cases before the association at present shows 50 per cent increase over the same period in 1906, a normal year, and only 11 per cent decrease from the last year.

"The statistics of application for relief during the months following acute industrial depression are a fair index of the degree of recovery reached by the poor. Our work for the last six months shows the poor are still reaping the aftermath of the panic. The very poor are getting on their feet very slowly. Newspapers and public speakers may be enthusiastic in their descriptions of the "better times" that are now with us, but families that for months were underfed and over-anxious because work and income had failed, are still in arrears in rent, still eating meager meals and still need assistance.

"There is no evidence among applicants of an increase in wages, especially in the case of unskilled labor, although employment is more general."

The association estimates the increase in cost of living to the poor for the period of 1906-1910 at 17.1-3 per cent.

Richmond Will Stage North Pole Playlet

RICHMOND, April 8.—To swell the fund now being raised in this city to purchase books for the new Carnegie library, the West Side Women's Improvement Club will stage an amusing farce, "Farthest North," at Palm Hall, on the nights of April 15 and 16.

The little playlet is written by a young Richmond author, J. A. Dougherty, and will be put on solely by local talent.

The cast of characters will be as follows:

Dorothy Dean, Kathyrn Decker; Jack Martin, Roy Fernald; Archibald Brown, J. A. Dougherty; Mazie, Leona Trautvatter; Mrs. Dean, Mrs. G. W. Topping; Mr. Dean, Ward McRacken; Jonathan Teal, Ward McRacken.

A LIBERAL OFFER

The Owl Drug Co., Inc., Guarantee a Relief for Dyspepsia. If the Remedy Fails It Costs Nothing.

To unquestionably prove to the people that Indigestion and Dyspepsia can be permanently relieved and that Rexall Dyspepsia Tablets will bring about this result, we will furnish the medicine absolutely free if it fails to give satisfaction to any one using it.

The remarkable success of Rexall Dyspepsia Tablets is due to the high degree of scientific skill used in devising their formula as well as to the care exercised in their manufacture, whereby the well-known properties of Bismuth-Subnitrate and Pepsin have been combined with Carminatives and other agents.

Bismuth-Subnitrate and Pepsin are constantly employed and recognized by the entire medical profession as invaluable in the treatment of indigestion and dyspepsia.

The Pepsin used in Rexall Dyspepsia Tablets is prepared by a process which develops its greatest efficiency. Pepsin supplies to the digestive apparatus one of the most important elements of the digestive fluid, and without it the digestion and assimilation of food are impossible.

The carminatives possess properties which aid in relieving the disturbances and pain caused by undigested food. This perfect combination of these ingredients makes a remedy invaluable for the complete relief of indigestion and dyspepsia.

We are so certain of this that we urge you to try Rexall Dyspepsia Tablets on our own personal guarantee. Three sizes, 25 cents, 50 cents and $1.00. Remember you can obtain Rexall Remedies in Oakland only at our store—The Rexall Store. The Owl Drug Co., Inc., 10th and Washington, 13th and Broadway, 16th and San Pablo avenue.

FOREST SERVICE MAKING PROGRESS

Associate Chief Reports Better Feeling Prevails Than Formerly.

WASHINGTON, April 8.—Albert F. Potter, assistant forester of the United States, has returned from a Western trip during which he looked into a number of matters in which the bureau is interested. Mr. Potter said everything was progressing satisfactorily in the forest field work; that the people are becoming more conversant with the aims and purposes of the service, and that the forest workers are becoming better acquainted with the people, all of which was resulting in a mutually beneficial understanding.

While Mr. Potter did not see many stockmen, those with whom he talked exhibited a co-operative, friendly spirit in their relation with the forest service. They were disappointed because the Supreme Court had not definitely settled the question as to whether or not it was a criminal offense to violate the regulations of the Secretary of Agriculture governing grazing on the forest ranges. A divided court, four to four, sustained the decision of the lower court in deciding that such was not a crime. This leaves the principle open until such time as a case is presented to and decided by the Supreme Court by a majority vote.

Editor Will Recite Graft Story to Jury

PITTSBURG, April 8.—Pursuant of the request of District Attorney Blakeley, made last night, urging the citizens of Allegheny county to appear before the grand jury investigating alleged municipal corruption, and tell what they knew of such conditions, A. P. Moore, editor of the Pittsburg Leader, went before that body today. His testimony consumed half an hour.

Belgian Does Better Than Orville Wright

CHALONS-SUR-MARNE, France, April 8.—Daniel Kinet, a Belgian, broke Orville Wright's world's record for a flight with a passenger today when, with a companion, he rose in an aeroplane and remained in the air for 2 hours and 20 minutes. Wright's record was 1 hour and 35 minutes.

To Start Proceedings Against Delancey

In accordance with a provision of the law, that provides for disbarment of attorneys found guilty of a felony, District Attorney Donahue has forwarded to the Supreme Court a copy of the proceedings against Attorney John S. Delancey.

It is expected that disbarment proceedings against Delancey will be begun at once.

MAKES GOOD, HEALTHY FLESH

Osgood Bros. Offer to Pay for Samose if It Fails.

Begin the use of Samose today, and you will soon notice a gain in good, healthy flesh. To all who are thin, weak and run down, this remarkable flesh-forming food promises plump, rosy, perfect health, vigor and vitality.

Samose mingles with the food that is eaten, so that it is assimilated by the blood, and builds up pleasing plumpness and good healthy flesh. Those who use Samose for a week or ten days will soon notice a gain in weight and an improvement in general strength and health.

Samose is in tablet form, pleasant to take, and is sold by one of the most reputable drug stores in Oakland, Osgood Bros., under their personal guarantee to refund the money if it does not give satisfaction. Sent postpaid on receipt of price, 50c.

Death Puts an End To Her Divorce Suit

SAN FRANCISCO, April 8. — Death having ended the domestic troubles of Irma Szofosur, who was shot and killed by her husband Alex, Monday night, the divorce action instituted by her was dismissed in Judge Graham's court this morning. A hint of the marital troubles of the couple, which resulted in the sensational shooting may be gleaned from the complaint, which declares that in August, 1908, the husband smashed her eye glasses. In November of the same year he threw her children out of the house at night, and in April, 1909, refused to give her money to buy food for the little ones.

Later he made two trips to New York, taking large sums of money with him, and returning penniless.

Mrs. Eddy's Birthplace Destroyed by Fire

BOW, N. H., April 8.—The farm house in which Mrs. Mary Baker G. Eddy, the Christian Science leader, was born, on July 13, 1821, was destroyed by fire today.

Mayor and Councilman Participate in Dispute

RICHMOND, April 8.—The new hose-wagon driver and fireman at the house of No. 2 on Fifth street will be A. G. Jackson. This was the outcome of the special meeting of the city council last evening.

In accord with the express wishes of Mayor Willis, last Monday night, the meeting was an open one, and no one was barred.

Some acrimonious repartee developed between Councilman Follett and the mayor.

The company handed in the names of three men for the position, W. M. Pennington, A. G. Jackson, and Chas. F. W. Sump. The other men who had in applications for the job were S. F. Wright and B. B. Allen.

OAKLAND TRIBUNE EDITORIAL PAGE

W. E. DARGIE
President

President Wheeler and the Dragon.

On the 31st ult. the Tri-City Rotary Club had its regular luncheon in Oakland, attended by men prominent in the business enterprises of Alameda, Oakland and Berkeley. The subject considered by the members was the Panama-Pacific Exposition, and the ways and means to help San Francisco in securing it. Mr. Capwell and others made speeches characterized by the warmest and most friendly feeling for San Francisco and expressing the determination to aid that city in every way, even to raising here a million dollars, in a certain contingency, to help in financing the project.

The secretary of the Oakland Chamber of Commerce, Mr. Dennison, said of the proposed exposition:

"The success of this great international exposition will mark another signal achievement of American genius and publish to the world the recovery of San Francisco from one of the greatest disasters that ever befell a city in the history of the world."

Every one present expressed the finest spirit of fellowship and helpfulness and there was not a note of local jealousy or ill-feeling. The whole occasion was an expression of that get-together-stay-together-and-pull-together sentiment that rules in all matters of common interest on this side of the bay.

On the same day a banquet was enjoyed at the St. Francis in San Francisco by the "Downtown Association" of that city, at which the principal speaker was President Benjamin Ide Wheeler of the State University, Berkeley. He felicitiously began his oration by advocating the Greater San Francisco idea, and opposing, decrying and very sarcastically belittling the Greater Oakland proposition, and followed this tactful and happy beginning by declaring, "Berkeley is ready to fly into the arms of San Francisco, lest the dragon on the south may get her." He then narrated his free and easy conversations with the Emperor of Germany, and closed by naming San Francisco as "the fairest place that the Almighty has devised and apportioned for the habitation of man."

After this several other speakers lauded the get-together spirit, so happily illustrated by President Wheeler in calling Oakland a dragon and abusing the enterprising people on this side of the bay who promote their own civic interests without trying to obstruct the efforts of other communities to do the same for themselves. Oakland refuses to believe that President Wheeler expressed the spirit of his audience and we take occasion to hope that only the fact of his being a guest restrained rebuke of his small-spirited and ill-mannered insult of this city.

Of course no fault can be found with his account of hobbing and nobbing with the Kaiser, and one may even admit that he has been admitted into the landscape and weather forecast plans of the Almighty, since "me und Gott" are neighbors, but he would better confine himself to translating the Imperial and Divine purposes and keep his ill-tempered tongue out of the affairs of communities that wish to dwell together in peace.

Naturally there will be much comment in political circles over the cancellation of the President's engagement to visit Indianapolis. It would be embarrassing to the President for him to enter Indiana at this time, for he would have to speak and would naturally be expected to say something about public policies. Senator Beveridge, who is a candidate for re-election, denounced the tariff act enacted by the Republican majority and signed by the Republican President. In various public speeches Taft has defended the new tariff law, saying that while it is short of being an ideal measure, it is the best tariff law ever enacted in the United States. Senator Beveridge voted against the act, and in taking the gavel as chairman of the Indiana Republican convention delivered a philippic against the measure. If President Taft should, as he has done elsewhere, praise the Payne-Aldrich tariff law, he would necessarily slap Beveridge in the face and discredit his campaign. If he should remain silent on the tariff and commend Beveridge for re-election he would stultify himself and the Republican majority in Congress. Therefore, he has decided to stay away and let Beveridge fight it out alone. He could scarcely do otherwise without hurting Beveridge or giving encouragement to the fight on the protective tariff.

From all parts of the country comes a warm endorsement of the fitness of Governor Hughes of New York for the seat on the Federal Supreme Bench occupied with such honor and distinction by the late Judge Brewer. The commendation is universal. By common consent he is accepted as the right man for the place. So general and so hearty is the voice of approval that the President is likely to appoint him. Still Governor Hughes is sadly needed in New York at this time, for public affairs are in a sorry mess in the Empire State, and on all sides the Governor is looked to as the man to bring about the reforms so urgently demanded by the public. Should he be removed to the judicial sphere, someone else will have to take up the task of purifying the halls of legislation. A capable successor is not in sight. However, emergencies often bring to the fore men competent to deal with crises, and it may be that when Governor Hughes lays down the reins of political leadership someone will arise even better qualified to continue the work he inaugurated.

The suggestion of Secretary Ballinger as a successor to Justice Brewer is probably a Panic one. Apparently it was made to afford new ground for attack on the Secretary of the Interior and for criticism of the President. It is no reflection on Mr. Ballinger to say that he is ineligible under existing circumstances, and it is highly improbable that the President ever considered him in connection with the vacancy on the Supreme Bench. Not that Ballinger is unworthy or incompetent, but because current events forbid, at this time, his appointment to a life office of the highest responsibility, it being essential that the members of that august tribunal should not only be above suspicion, but in full possession of the public confidence. It was no friend of Taft's or Ballinger's that suggested the latter's name for the Supreme Court.

After berating Ballinger for not handing over Hetch-Hetchy valley to the city forthwith, a San Francisco paper says "Ballinger knows Hetch-Hetchy will not be needed by San Francisco for fifty years to come." Then, why the rush to get the valley as if its immediate possession were a dire necessity? The valley is government property. If it is not indispensable now and will not be needed for fifty years to come there does not seem any occasion for hurry.

As a disturbing element Colonel Roosevelt continues to be a brilliant success. The row he started in Egypt is still sending hoarse reverberations across the water. The stir he created in Rome is agitating the whole world. As he has several other capitals yet to visit before returning to America there is a prospect that he will leave all Europe in a commotion.

In the Yellowstone Park geyser basin a small greenhouse stands over a geyser stream. A current of nearly boiling water constantly passes through it. Steam arises in profusion, moistening the plants, and the sun aids in the work, so that an extraordinary rapidity of growth is the result. Lettuce matures in two or three weeks, and other plants grow with proportionate rapidity. The climate of the locality is very severe, which makes more striking this example of the utilization of nature's energy.

Chicago will have 4,000,000 and more persons within its city limits March 8, 1925. Walter D. Moody, business manager of the Chicago Association of Commerce, told the members of the membership committee that was a conservative estimate indeed.

"As an actual fact, Chicago has considerably more than 2,000,000 population now," he said. "Our increase in ten years has been 52 per cent. That means in another fifteen years, at a progressive rate of increase like that, Chicago will be racing for a place as metropolis of the Western Hemisphere, which it will attain in twenty-five years. That's why we need more members.—Chicago News

Joseph Crain, of Danville, N. J., a local taxidermist, discovered today what he declares is a clear case of suicide on the part of a parrot that died yesterday, and which was sent to him to be stuffed and mounted. Putting together the facts that the bird had a hole in its side as big as a dime, which could only be self-inflicted, and that it had refused to talk or eat for three weeks, because its mistress, Miss Abbey Cramer, had temporarily deserted it, Mr. Crain is positive that the knowing bird had destroyed itself. He says the wound, which pierced the parrot's heart, was made by its own bill, and he is certain that the bird did not die of starvation.

Miss Cramer recently decided to go to New York to live, and she was not able to take the bird with her.

"It is known," says Professor Irving Fisher, "that sea water is freighted with much gold, but no one has yet discovered how to extract it." Professor Fisher could have been forgetful, in saying this, of the Middletown philanthrophist who did extract much gold on the theory that there is gold in sea water. He did not, however, extract said gold from the waves of the sea, but from the pockets of confiding persons who believed in his scheme. Some of the sufferers may be comforted by the professor's authoritative assurance that there is gold in sea water.

Private Business of Lawmakers

The wisdom and necessity of the Federal law for the punishment of members of Congress who appear as attorneys for private clients before the departments of the Government has been proved in its operation. The revelations at Albany since the beginning of the Aldis case have shown conclusively that such a statute providing similar penalties and making lawmakers ineligible to serve as counsel for the State departments is needed here. It is admitted that in some cases an Assemblyman or a Senator may be entirely innocent and his private retainers not to the detriment of the interests of his constituents or the State, but the possibility, even probability, that his personal fortune will lead him to actual wrongdoing is so great as to make the proposed legislation highly desirable.

The roughly honorable members of the Legislature have acted as counsel for various State departments and bureaus in the past and have earned honestly the fees they have received, but this fact does not hide the corruption and looting that have grown up out of the abuse of the system. The scandal is an old one, to which attention has been directed frequently, but the public, careless of what went on below the surface at Albany, has not until now been in a mood to insist on putting an end to it.

There is much clamor about executive interference with the legislative department of the Government. Few persons realize to what an extent the executive department has been utilized for the furtherance of the personal aims of lawmakers. To prevent a part of this notorious abuse legislation such as is now pending in Albany is essential.—New York Sun.

Testimony Which Is the Product of an Official Feud

(From the Portland Oregonian.)

The Reclamation Service has aired its grievances before the Ballinger-Pinchot committee, growing out of Ballinger's reversal of its fad scheme of unreasonable water-power withdrawals. The plan of the Reclamation Service was to make arbitrary withdrawals and determine later what part of them was needed for water-power sites. But Ballinger's plan was to determine first the lands needed, so as not to take away from operation of the public land laws areas not needed for such sites. In pursuance of his method Ballinger has caused far more extensive water-power withdrawals to be made than did Secretary Garfield, and with more justice toward the interests of the western country. Still, the whole scheme is a mistaken one, because the States can deal with local matters of water power better than can the general government; certainly the States of Oregon and Washington can so do and so do.

Arthur P. Davis, chief engineer of the reclamation service, testified before the committee last Friday that Ballinger's orders, revoking many of Garfield's withdrawals, "demoralized the service" and left power sites without proper protection. This is evidently an assertion of opinion or prejudice, rather than fact. In this western country the people know something about Garfield's mistaken withdrawals. They know that many whole townships, long distances from streams, were taken from the operation of the laws that allow citizens to use and occupy the public domain. At the close of his administration Garfield made many big withdrawals of land along streams, arbitrarily and even recklessly, amounting to about 3,500,000 acres, on recommendation of the reclamation service. These withdrawals were so manifestly unreasonable and unnecessary and inadequate that Ballinger at once set himself to correct them through the geological survey. As a result, nearly 3,000,000 acres were restored to entry. This kindled the resentment of the reclamation service and the anger of Pinchot, who had pressed the scheme on Garfield. Pinchot and his followers once set up the cry that Ballinger was acting as a tool of their imaginary "water power trust." The Garfield-Pinchot withdrawals and the Ballinger corrections were as follows:

Stream.	By Garfield.	By Ballinger.
Owyhee River, Or.	379,520	60,000
Salmon River, Idaho	322,560	55,700
Missouri River, Mont.	273,280	6,326
Missouri tributaries	356,480	31,963
Flathead River, Mont.	67,200	145
Swan River, Mont.	18,500	....
North Platte River, Mont.	149,120	6,500
Grand River, Utah.	61,440	28,400
Yellowstone River, Wyo.	435,840	3,707
Big Horn River, Wyo.	271,000	....
Green River, Wyo.	331,520	39,536
Colorado River, Utah	232,960	87,360
Big Horn Mont.	84,400	....
Green River, Utah.	298,240	101,600
San Juan, Utah	115,200	115,200
White River, Utah	83,200	83,200
	3,450,460	619,509

Here is visual disproof of Davis' testimony against Ballinger. His testimony—like that of Pinchot—is a product of an official feud. His reclamation service recommendations were rejected by Ballinger and those of the geological survey were substituted. "You have never made an examination to find ont whether all the lands withdrawn were necessary or not?" asked Senator Sutherland of Davis, before the committee. "I have not," replied the witness.

It should grow plainer with the progress of the "investigation" that the main purpose of the Pinchot-Garfield element is to withhold as much land as possible from use and possession of Western citizens. In timber regions settlers are barred out by reserves and by impossible requirement that they buy land by paying the arbitrary price the Pinchot officials put on the timber. In semi-arid regions they are barred out by "withdrawals" for impossible schemes of irrigation and water power. And yet the laws on the statute books ordain, just as they have done for many years, that qualified citizens may take up and possess lands in the public domain.

HER INTOXICATION LASTED FOR SIX LONG YEARS

Mrs. Dora Bell Davis Drank Two Cases of Beer Every Day.

WOMAN WAS WIDE AS SHE WAS HIGH

Chicago School Superintendent Says Dancing Should Be Tolerated.

CHICAGO April 8 — Mrs Dora Bell Davis was drunk for six years—the longest "jamboree" on record drank two cases of beer a day saw shapeless objects crawling on the floor and the wall and green dragons issuing from her slippers and climbing up the skies according to the testimony yesterday in Judge Dunham's court where she is being sued for divorce.

Her husband Albert J Davis a wealthy manufacturer of creamery supplies whose fortune is said to be $750,000 brought witness after witness to the stand to prove his claim that his spouse was the champion marathon drinker of the universe.

That any human being [illegible] alone a woman could possibly absorb so much liquor of various sorts as Mrs Davis did seem impossible but physicians trained nurses and neighbors said it was all true and admitted for that they did not know how she lived. Testimony was brought out too to show that Mrs Davis was far too friendly with a certain Gus [illegible] a motorman as well as other men.

Stoutest Woman Dies

NEW YORK April 8—Louise Ambrodine who had the distinction of weighing 13 4 pounds for every inch of her height died tonight of acute rheumatism. She was four feet four inches by four feet four inches and weighed 700 pounds. She was twenty four years old and a professional fat woman. A derrick will be used to lower the body from her apartment as the stairway is too narrow for its passage.

Believes in Dancing

CHICAGO April 8—Mrs Ella Flagg Young superintendent of Chicago's schools believes in dancing.

It is a question of the happiness joy and grace of the boys and girls she said in an address before the Men's Club of Irving Park Methodist church last night. I think some way can be found around the round dances that are so objectionable to many parents. Eight to be Wives

WELLESLEY Mass April 8—Only eight members of the graduating class of 1910 at Wellesley College intend to become wives. According to the statistics collected by the class secretary one third of the class will take up teaching as a profession while another third plan to stay at home.

Two of the seniors intend to become farmers asserting that they believe that with the increase in the price of farm products there is a good livelihood to be gotten out of the soil.

Woman Confesses

JACKSON Miss April 8—After a continuous day session the senatorial investigation into the bribe scandal was continued until four last night.

The star witness was Mrs C J Neill who swears that she arranged the meeting between Senator Bilbo and Dulaney. When asked her business she replied: Bookkeeper [illegible] selling Mississippi senators. She described how she introduced Bilbo to Dulaney [illegible] [illegible]

Mrs Neill [illegible] to New Orleans [illegible] [illegible]

Oakland's Greatest Sale of Women's Hose at but 25c a pair

A Sale Such as the Public Anxiously Awaits and Eagerly Attends

25c the Pair

Notable savings are allowed on staple grades of women's imported high grade, good wearing hose, and Hale's vast purchasing power is again well manifested. Perhaps the window display best tells the story. There you will find arranged for your inspection a display of high grade hose representing an enormous purchase of several sample lines and other lucky job lots, bought for a mere fragment of their ruling worth.

The Sale Price of 25c the pair is Most Extraordinary for the Qualities

Several Thousand Pairs of High-Grade Hose at the Price of Cheaper Kinds

Several thousand pairs are offered, and dozens of styles are shown in both plain and fancy styles in black or colors.

Early buying is most strongly urged, since the more expensive grades are offered for the same price of other kinds, and the best selections fall naturally to the first comers. To better accommodate the crowd, and to better each customer's chances of receiving immediate attention, the department's sales force will be increased for this occasion.

25c the Pair

Large Floor Rugs Little wonder that the demand for large floor rugs is keenly shown at Hale's. The wearing merits of Hale's rugs recommend them for the home or public office, and the diversity of designs is great. At $12 are offered room size Tapestry Brussels Rugs 9x12 feet **$12**

HALE'S GOOD GOODS

New Kid Gloves Newly-received is a shipment of women's fashionable kid gloves. Black, mode and tan are the only shades included, and some sizes are omitted in each shade, but a specially small price has been marked on each pair, making these gloves better than ordinary values for **79c**

Curtains

Handsome Lace Curtains that decorate the home in good taste are available here in extensive variety at $1 98 a pair

This line in entirety includes curtains in cable nets fish nets and Scotch nets in Madras weaves. The designs are numerous plain floral and cross stitched effects are shown. Sizes are from 50 to 60 inches wide and 3 to 3½ yards long. Shades are white ecru and Arabian. Priced per pair at $1 98

Hemstitched Scrim Curtains 40 inches by 2½ yards priced per pair at $1 25

The First Shipment of Summer Waists Marked to Sell at 95c Each

Pictured are three of the styles but in the store you will find many more—all new and distinctly 1910 summer fashions. White is shown principally, but there is also a showing of lavender blue and brown. Lingerie, lawn pique, linene and oxford are the materials — all substantial fabrics that will launder exceedingly well.

Industrial conditions in the east delayed shipments of summer waists that were due to arrive before now. Consequently the department has double the quantity anticipated, and 95c has been marked on waists which otherwise would have been priced higher, and you have double the assortment for choosing.

Silks

The expert care that rules the selection of Hale's silks assures their worth, and makes them the standard of silk comparison. Here are timely specials.

55c yard—A few remaining lines of novelty silks closing out at this price. Included are messalines and soft taffetas 19 inches wide

59c yard—All silk domestic pongee 27 inches wide far underpriced

75c yard—Yard wide domestic pongee, at a saving of one-fourth

Heatherbloom Petticoats at 79c

These petticoats are remarkable values because the material is extra quality and very serviceable and great care has been taken in fashioning the skirts. Made of the reliable Heatherbloom cut quite full finished with a deep embroidery ruffle flounce and a dust ruffle. Shown in black only. Matchless values at the selling price.

Spring Suits: A Genuine Sale

$15 **$22.50**

Despite the excellent suit values previously offered this is the most important sale of suits we have held in 1910. Some new suits were obtained at an unexpectedly low price, and this brought about a decision to sell two suits where one was sold before. To do this prices have been hammered down, and usual profits foregone. $15 00 price marks have been substituted for $22 50 ones, and $35 00 price tickets have been replaced by $22 50 ones, with the result of this genuine suit sale, worthy of the name. No inflated values, but every suit a bargain that a woman delights in when quality is obtained at a proved price sacrifice.

Spring Wash Fabrics Specials

Crystal Cloth a new spring fabric highly mercerized 32 inches wide **25c yard**

Yard-wide Linene Suiting with the appearance of linen. Splendid for outing suits **20c yard**

Loses "Kittens."

WASHINGTON April 8—"Kittens" the property of Miss Catherine Cameron a Washington society woman was stolen last night during the performance of a historical tableau at a charitable banquet attended by President Taft and other distinguished persons.

The police learned of the loss of Kittens a valuable gold mesh hand bag from Miss Cameron who reported the theft after she and other Washington society women had directed the charitable performance. Every man in the department was instructed to keep a sharp lookout for Kittens after its identity had been explained.

Kittens is a gold cigarette case Miss Cameron had left it in the wings on the stage of the hall where the performance was given. It was in her purse under her hat. When she discovered her loss she did not hesitate to give the authorities a minute description of the missing property valuing the handbag at $275 and the cigarette case upon which was engraved the name Kittens at $85.

Sues Miss Anheuser.

CHICAGO April 8 — If Dr Robert Good intended to frighten Miss Nellie Anheuser of the St Louis family of millionaire brewers into paying a dentist's bill of $95 an hour by attaching her trunks just as he was getting ready to go to the opera with a friend from the Congress Hotel he made the mistake of his life.

Miss Anheuser who was somewhat fluttered by the excitement the other night did not go to the opera after all but yesterday she had recovered sufficiently to announce her determination to fight the dentist's bill "and fight it to a finish."

With Miss Anheuser is her friend, Mrs J W Springer of Denver Colo, who came to Chicago for the opera with Miss Anheuser. Miss Anheuser was indignant and so was her friend Mrs Springer and they declared that they would remain in Chicago now for the double purpose of attending the opera and fighting the suit of Dr Good.

Mrs. Singer Divorced

LONDON April 8—Mrs Washington M G Singer was granted a divorce yesterday. The decree was granted on statutory grounds. The suit was not defended.

Singer is a son of the inventor of the Singer sewing machine. He and his brother were sent to England as boys to be educated and he has lived here ever since. Both took out naturalization papers and settled down as English country gentlemen.

Mrs Singer is an English woman. She was Miss Blanche Wille Hale daughter of a soldier and a descendant of Sir Matthew Hale who was a chief justice under King Charles I. She has entertained extensively at her husband's beautiful estate "Steartfield" at Paignton.

Wolf Wants Divorce.

NEW YORK April 8—A suit for an absolute divorce has been started by Rennold Wolf a dramatic critic against his wife who was known on the stage as Hope Booth. Maurice Meyer her attorney will ask Justice Blanchard in the supreme court today for alimony pending trial of the action.

No names were revealed or specific charges of misconduct disclosed as required by the New York law.

There is now pending a suit for separation brought by Mrs Wolf against her husband on the ground of inadequate support.

Must Support Her.

CHICAGO April 8—After causing the arrest of Frank O'Neill on a charge of failing to support her, his wife signed his bond in the Englewood court yesterday as a guarantee that he will support her hereafter.

O'Neill is local agent of a cut glass concern. He said business was so dull he had to send his wife to her parents.

"You'd better get into some other business," said Judge Stewart. "The law requires you to support your wife."

Estate to Be Divided.

PITTSBURG April 8—The estate of the late Annie Hayes Byers which is estimated in excess of $100,000 is to be divided between the Western Humane Society and the Pittsburg Hospital for Children according to the will just filed in the registrar's office. Mrs Byers was the daughter of the late Richard Hayes and the widow of the late Ebenezer M Byers the steel manufacturer.

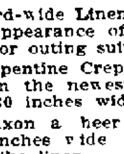

Burglars Again Visit The "Bloody Angle"

PITTSBURG April 8—Heedless of the man hunt for the murderous bandits who killed the cashier and manager of the Victor Bank in Schoenville Tuesday night robbers early this morning made a raid on the Thomas Supply Company almost opposite the bank at the notorious "bloody angle." The cash drawer was forced open but little money was taken. The thieves ransacked the store and escaped before the robbery was discovered.

LADIES' COMBINATION CORSET-COVER AND OPEN DRAWERS.

Tribune Pattern No. 3245

All Seams Allowed.

The combination garment is always a favorite for summer months, and the one here presented is of unusually attractive design, the corset cover having a low "V" neck back and front, and the dart-fitted open drawers being trimmed with the very popular umbrella ruffle. For the construction of the combination as pictured fine cambric and cambric embroidery flouncing are used, the armholes being trimmed with narrow edging. Materials advised for the development of this design are long cloth, nainsook, lawn, batiste and China silk. The pattern is in 6 sizes—32 to 42 inches bust measure. For 36 bust the combination requires, as illustrated, 3¼ yards of flouncing 10 or more inches wide with 1¼ yards of cambric 36 inches wide, or made of one material it requires 3 yards 36 inches wide.

Price of pattern, 10 cents.

Don Corset While You're Reclining,' Advises Modiste

Though the sheath gown has gone—it is to be hoped, with the snows of yesterday—slimness still is all fashionable for women and hips are forbidden as strictly as ever. A clever Fifth avenue modiste who recognizes that a perfect-fitting corset is the first essential toward success in her frocks, has discovered that if a woman wishes to achieve the correct and most graceful figure she must put on her corsets while lying down, and to be able to do this with any comfort she must of course be fitted for her corsets when in the same position. The reason is that when the body is lying flat it naturally is narrower and its weight is not thrown on the hips; and it is said that when a woman, after being fitted in this manner, stands up in her corsets she still preserves the same figure. It is a "tip" that many other corset makers are following with their customers, and even women who have to be content with the ready-made article find their figures are improved greatly by the simple expedient of lying down before they lace their corsets.

Whisky and Women Amuse Legislators

TRENTON, N. J., April 8.—Disgraceful orgies, with whisky and women, preceded the sine die adjournment of the one hundredth and twenty-fourth Legislature yesterday.

Nearly a dozen tenderloin women gathered at the Assembly after midnight and amused themselves by throwing books at members with whom they claimed acquaintance. During a recess these members and some of the minor officials took the gay visitors to a committee room, where liquor was served and dancing indulged in.

Later one of the assemblymen went to sleep in his chair, with a beer bottle on his desk. When he was rapped to order by the chairman he yelled, "Let's put it in cold storage," in apparent derision of the minority's unsuccessful attempt to get legislation against high food prices.

Man Student Breaks Wellesley Traditions

WELLESLEY, Mass. — The most sacred tradition of Wellesley has been broken. Into the classes of this institution, formerly exclusive to young women, there was recently admitted a young man, Dian Hagopian.

He is an Armenian, and it is said he comes of royal blood. He escaped from Turkey more than a year ago, following the massacres at Adana. He worked his way to this country and finally settled in Wellesley.

After working about the college one of the teachers became interested in Hagopian and eventually the faculty gave him permission to attend lectures and recitations in cetrain courses.

The faculty is as yet undecided as to whether Hagopian will be awarded a degree upon completion of his studies.

United States Has Woman Army Surgeon

Dr. Rose Ringgold is the only woman contract surgeon in the United States army. When on duty she wears a divided skirt and a uniform coat. She is especially interested in the hospital problem of an army in the field and has made a study of the work of the Japanese hospital corps in the war with Russia.

Wife Should Be Chosen to Fit Husband's Place in Life

When a young man is attracted to a girl and grows to love her he is not apt to consider at length or in detail the practical side of matrimony. He may think of it occasionally, but he usually dismisses the thought with supreme faith that the wife will be equal to whatever will be demanded of her. The millionaire or the man with a large and sure income can, perhaps, regard the responsibilities of the future thus lightly, for money can secure the services of those who will attend to the practical matters of human life. But the ordinary business man, the clerk, the bookkeeper, the man on the road hustling for orders, whose income is not large and not always steady, needs a wife who can make up by her head and hands the scarcity of money, says Barbara Boyd in St. Louis Times.

Such a woman may seem a paragon and exceedingly scarce to find. But there are thousands of them all over this land of ours, toiling cheerfully in the homes all day long, cooking, sewing, caring for the children, nursing when sickness comes and becoming the breadwinner if the need arises. This sort of wife is a true helpmate, and the kind the ordinary young business man needs if the two are to get ahead in the world, and have a happy home when they struggle forward. But generally a young man does not think of these things. That so many girls measure up the responsibilities and cares thus thrust upon them is to their credit. But it would be wiser not to leave the matter altogether to chance, but to try to choose a wife who at least seemed to have some of these capabilities.

The fact that one loves seems to be sufficient excuse with many for committing all sorts of foolish mistakes in the matter of marriage. But it shouldn't be. One should not act like a child in this great issue of life and grasp what one wants, just because he wants it, regardless of consequences. If his common sense and judgment tell him he has loved unwisely, he should resolutely turn away from such marriage, though it may be a hard and bitter thing to do. But his first disappointment, keen as it may be, will not be so great as the unhappiness an unwise marriage would eventually bring him.

They Were Corsets; He Didn't Know It

NEW YORK.—"Really, ladies, you must excuse me. I know nothing whatever about corsets, and if that awful looking harness you lay before me is a latter-day corset, then I don't wonder that the plaintiff refuses to wear them and wants her money back.

"Please continue the case in a civil court. No, I positively refuse to allow the young woman to don those cruel looking things in my court."

Magistrate Barlow thus declined to decide a case before him and referred the matter to the civil courts. The plaintiff was Miss Mabel Connolly, who purchased corsets which she avers didn't fit. She demanded her money back.

Mrs. Adolph Ladenburg Refuses To Affirm Engagement Rumor

MRS. ADOLPH LADENBERG.

Mrs. Adolph Ladenburg is reported as engaged to John Jacob Astor, who was but recently divorced from Ava Willing Astor. If the millionaire marries he will have to stay away from New York, for the courts there have forbidden him from taking a second wife. The couple will have to take up their residence elsewhere or be subjugated to the penalties of the law.

The widow, who holds a large fortune in her own right, neither affirms or denies the rumor of her engagement.

WEALTH OF BLOOM IN GOTHAM MART

One or two of the fashionables who are taking early morning walks for the purpose of reducing their weight report to their lazy friends that they will miss one of the most fascinating sights in New York if they, too, do not some day before breakfast go down as far as Union Square to see the flower mart. Here the wagons from the suburban florists come laden with bloom, and there is a veritable blaze of color—jonquils and geraniums and lilies, fresh cut, mingled with fragrant roses; violets, frisia and spicy carnations. Here the pushcart peddlers come for loads of potted plants, which are sold for window ledges, and their bargaining carries the traveller back to the foot of the Spanish Steps in Rome, where both men and women sell the deliciously fragrant blossoms of their land of flowers. As a background these picturesque beings have the piazza of Santa Trinita del Monti, and in the foreground—or, rather, below them—is the piazza di Spagna, the fountain sparkling under the brilliant Italian sun and reflecting the blue of the sky. What wonder that the so-called "dagos" flock to this modest mart in the chill mornings of a northern spring and bargain for a load of bloom.

Sixty Prisoners Are Dined by a Shop Girl

CHICAGO.—Julia Gleeson, a shop girl earning $12 a week, served an Easter dinner to sixty prisoners at the Harrison street police station, paying for the food out of her savings.

Miss Gleeson regularly sets aside 50 cents a week for such work and she has become known among women prisoners in Chicago as the "angel of the station house."

For two weeks Miss Gleeson, helped by Miss Helen Anderson, another working girl, had worked after office hours preparing the details of the dinner. A dozen policemen were placed at her disposal when the dinner was ready. After the dinner Miss Gleeson made a speech to the prisoners, admonishing them to avoid evil ways.

A KISS IN TIME

Patches Up Many an Ugly Gap

"A stitch in time saves nine." Too true, but a KISS at the real psychological moment patches up many a gap that would be ugly indeed.

Just as soon as the PRESENT VOTING sex learns that the weaker (?) partner in the scheme needs a VOTE of approval in the form of a kiss, properly planted, now and then, just that soon will they have sowed seeds from which will grow blossoms that stretch out into the sunlight of permanent happiness.

Of course, in the honeymoon stage it goes without saying. When Elinor cuts her finger on the protruding hatpin (that there is no law against) it has to be kissed and loved and made quite well agin, for isn't it HER little finger and doesn't George love every tenth inch of it? says Sophie Frene Loeb in the St. Louis Post-Dispatch.

She just shall not have the least pain about it.

Or the coffee is cold and she must be kissed to make up for it. If he starts for the office without the usual good-by impression he is called back and pays double. Or, if for no other reason, why, just because.

But after that stage (oh, they all go through it), when things are moving along in the way they should or should not go, the little kiss somehow gets lost in the SHUFFLE of the deal and only comes to light on RARE occasions.

So rare they become that it is difficult to create the ATMOSPHERE without going beyond the clouds that cover it

Now, John, how easy it is when you come home in the evening and find a nice, cheerful fire and the wee woman fixing doughnuts (for the maid may not get them just as brown as you like) to give her a little Kiss and a word of approval.

Oh, you needn't make a Romeo and Juliet stage setting out of it or go through a prolonged Olga Nethersole variety, but just the little token as old as Methusaleh. Ages have kept it just as sweet and even U-NEED-A-KISS today, tomorrow and forever, world without would be amen indeed!

Or she may be tired with the day's scheming and planning and sewing. A kiss will revive much more readily than all the scolding to "take things as they come."

We are only children at best and we want things SUGAR-COATED. The bitterest PILL may be swallowed if given with a coating of SWEETNESS, no matter how thin it may be spread.

GIRL HAS VOICE OF JEKYLL-HYDE

Dorothy Toye Makes Greatest Success of American Girls in Paris

PARIS, April 7.—Dorothy Toye of Minneapolis, a slender girl with practically no stage experience, without musical training, possessing no influence and not blessed with professional beauty attributes, has made one of the greatest successes yet achieved by any American girl in Paris in the world of vaudeville. She has a voice that is said to be unique, as it has two distinct qualities, those of tenor and soprano.

She made her debut at the Scala, which, already one of the best known of the Parisian music halls, has this year passed into the hands of M. Fursy, a celebrated actor-singer-manager. He is the proprietor of the Boite a Fursy, a tiny theater in Montmartre, where the prices are higher than anywhere else in Paris and where it is regarded as particularly "chic" and Parisian to spend an evening listening to Fursy's original verses, often impromptu, describing well known persons in the audience.

Miss Toye went to Fursy. He heard her sing and agreed to give her a trial. After the success of the first night Fursy entered into a contract at a good salary with the American singer and guaranteed her $1200 a month if she would sing under his management six months. No other American concert hall singer in the recollection of the American colony has ever made such a long contract with a Parisian manager.

Miss Hoye's voice truly is remarkable. Although she apparently is a delicate girl, she sings tenor robusto, her great voice filling the theater. She is advertised as combined Caruso and Patti. Some call her "the girl with the Jekyll and Hyde voice."

Right to Sign Name of Taft

WASHINGTON.—Mrs. Mabel Pound Le Roy, who was last week appointed to a unique position in the Land Office, is the only person in the government service authorized to sign the name of President Taft. This potent signature Mrs. Le Roy will affix to all land patents or warranty deeds issued from the Land Office. She will sign 6000 or 7000 patents a month.

Mrs. Le Roy was appointed to the clerkship from Pontiac, Mich. She is the young widow of a newspaper man, Jas. A. Le Roy, and the story of her appointment strongly emphasizes the loyalty of President Taft to the memory of a dead friend.

When Judge Taft went to the Philippines as Governor-General he had as fellow passengers Mr. Le Roy and his bride, to whom he had been married only a few weeks previously. The young newspaper man was going over as secretary to Commissioner Dean Worcester. A warm friendship grew up between him and Judge Taft. The young man died of tuberculosis the very day President Taft was inaugurated.

The appointment upon the duties of which Mrs. Leroy is now entering came unsought. Upon her devolved the support of her three fatherless children, and she had determined to accept one of the many offers of employment she had received when the death of Mrs. Margaret W. Young left vacant the clerkship which carries with it the privilege of signing the President's name. This was at President Taft's own instance, offered to the widow of his friend of Philippine days.

American Descendant Of Historic Woman

There is only one descendant of "Molly Pitcher" of Monmouth fame now left—Frederick Hays of Carlisle, Pa., whose grandfather, Molly's son, was born on Monmouth battlefield, to celebrate June 27, the day on which Molly, whose surname was not Pitcher, but Hays, performed the deed which has handed her name down to posterity.

Donates Funds to University Clinic

Mrs. Maria C. Taylor has given $25,000 to the New York University to endow a free clinic in connection with the Bellevue Hospital Medical College. This is the first gift received to the endowment of the free clinic and it is hoped to increase the endowment to at least $100,000.

Turkish Girlhood

The first twelve or thirteen years of a Turkish girl's life is not different from that of any other girl. She plays with children of both sexes, Turks and Europeans. The instant, however, that she becomes a woman and takes tchirchaf—the loose and outer garment which conceals the figure—her companionship with boys ends. She no longer accompanies her father or visits that part of the house called haremlik and begins her education as a woman. She learns what is expected of her as a sister, daughter, wife and mother. She is not deprived of her European friends nor of the chance of meeting new ones. She is permitted to study and to go about freely, a though always veiled and attended.

MANY WOULD WED ATHLETIC WOMAN

Miss Eleanor Sears Receives Proposals From Scores of Admirers.

SAN FRANCISCO April 8—Every variety of request from "Miss Sears will you marry me?" to "Will you finance an expedition to the top of Mount McKinley?" has been received by Miss Eleanor Sears society marathon walker since her recent trip from Burlingame almost to Del Monte. With the fervid interrogations are lectures from spinsters shocked at Miss Sears activity expressions of admiration from school boy athletes and offers from enterprising vaudeville managers. A moving picture firm also wants the Boston society girl to start another hike and allow herself to be pictured pacing out the miles.

"We would request that several well known society men walk with you from time to time while the pictures are being taken" the promoter of nickelodeon joy recites artlessly.

The potential explorer states that he can make the trip to the summit of Mount McKinley he believes for $5000.

"My idea is to call it The Eleanor Sears expedition to the summit of Mount McKinley" the enthusiast writes. "This while I would prove for all time whether or not Dr Cook really climbed the mountain and so settle a mooted question. All over the world you would share in the praise following the achievement. Surely $5000 is little enough to pay for such a worthy object."

Marriage proposals come from all manner of mankind who discover themselves charmed with the sixty six mile walk the plucky girl made from Burlingame to Gilroy. They pour out their hearts in a flood of affection.

"I am going East in a very few days" Miss Sears said yesterday "and I do not think I will attempt the Del Monte walk again before my departure. No I am quite sure I will not attempt it."

ACCUSES CABANISS OF BEING UNFAIR

Charles Wesley Reed Makes Charge Against Court During Hearing.

SAN FRANCISCO April 8—Charles Wesley Reed a former Supervisor whose wife is suing him for a divorce accused Superior Judge Cabaniss of unfairness while on the witness stand yesterday afternoon. The court had taken occasion to make a remark about Reed's testimony whereupon he retorted "You have no right to say such a thing. You are unfair. You have been unfair from the very beginning of this case."

His honor took occasion immediately to rebuke the witness who is also the defendant reminding him that the most serious breach of court discipline had occurred during the present trial. He referred to Reed's assault upon his wife's counsel Attorney J J Dunne.

At the time of this exchange Reed was testifying that he had not severed the marital relations with his wife but instead she had left him.

State Will Assess The Western Pacific

SACRAMENTO April 8—The Western Pacific will be assessed by the State Board of Equalization this year on its line from Oroville to San Francisco because that portion of the road is considered as operated. From Oroville to the State line between California and Nevada the various counties through which the line passes will make the assessments.

This change will make somewhat of a difference in the county assessments this year because in the past each individual county has been assessing the Gould line holdings but now that the road is considered in operation the State authorities undertake the assessment task.

The board also included the Stone Canyon Pacific railroad a little road from the Stone Canyon mines in Monterey county to the rails of the Southern Pacific in San Luis Obispo county among the railroads of the State to be assessed by the State Board of Equalization.

APPENDICITIS

How to Avoid It and Escape a Surgical Operation, Told By One Who Knows

A Simple Method That Is Always Efficacious—Trial Package Free.

It has only been a few years since it was discovered that a surgical operation would cure appendicitis in fact, it has been but a short time since the disease was discovered and named.

Whenever there is an inflamed condition of the appendix caused by impacted faeces in the small cavity opening into the intestine you then have appendicitis.

The older doctors used to call this inflammation of the bowels and were puzzled to know the cause.

Even now with all the knowledge we have of the disease no medical man can tell you why we should have an appendix, why we find it where it is or what are its functions if it has any.

The disease for which the operation is a cure is usually caused by indigestion, and in many cases follows a large and indigestible meal.

Physicians have until recently recommended an operation but now as it is known that it is caused by indigestion, or dyspepsia, a cure without an operation is assured.

Where the patient is treated with Stuart's Dyspepsia Tablets, the unhealthy conditions prevailing rapidly disappear, the stomach and intestines are placed back in their normal condition, every organ of the body operates as it should, and the inflammation is reudced and the operation is avoided.

Conscientious physicians who are looking after the best interests of their patients will always keep a supply of Stuart's Dyspepsia Tablets handy in their office where in cases of sudden attacks of indigestion they can relieve the patient at once.

There is no record of a case of appendicitis where the stomach and bowels were in a healthy condition and properly digested the food from meal to meal.

No better advice can be given to any one who has attacks of indigestion or who has been threatened with appendicitis than to tell him to go to the drug store pay 50 cents and take home a package of Stuart's Dyspepsia Tablets.

Whenever heartburn gas in stomach or bowels heart disease or stomach troubles sour eructations acidity or fermentation are present, act at once. Take a dose of the Tablets and get relief as soon as possible.

At all druggists—50 cents.

Send us your name and address today and we will at once send you by mail a sample package free. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

CHORUS GIRLS ARE QUARTERED IN CELLS AT COUNTY JAIL

FORT WAYNE Ind April 8—Bluffton is a dry town and to this is due anti saloon people say the fact that there are not prisoners in the Wells county jail which housed the chorus of a light opera company last night. The Methodist conference is in session and all the hotels were packed to the limit so there was no other place open to the girls.

The company arrived during the afternoon and the manager found every hotel and lodging place crowded. A few members of the company succeeded in securing quarters but no place could be found for ten of the chorus girls. Finally it was suggested that sleeping room could be secured at the county jail. The manager broached the matter to the girls and they consented to go there.

Thief Is Surprised Entering Apartment

SAN FRANCISCO April 8—Surprised while crawling through a window in the Electrico Apartments 1301 Leavenworth street at 5 o'clock this morning, William Hughes a waiter was arrested by Policeman H J Lamb and Special Officer Sullivan and charged at the Bush street station with attempted burglary. The policemen were standing at the corner of Clay and Leavenworth streets when they heard a strange noise and perceived Hughes making his way into the apartment occupied by Wright Cramer. Before he could ransack the place he was pulled out by the officers.

S.S.S. A REAL CURE FOR BLOOD DISEASE

S. S. S. is a real cure for Contagious Blood Poison because it is a real blood purifier. We all realize that this disease is a specific blood infection of the most powerful nature, the virus of which so thoroughly poisons the corpuscles of the circulation that its symptoms are manifested over almost the entire body. First comes a tiny sore or pimple, then the mouth and throat ulcerate, the glands in the groin swell, the hair begins to fall out, skin diseases break out on the body, sores and ulcers appear, and even the bones ache with rheumatic pains. It is reasonable to believe that in a blood poison so powerful as this that only a blood purifier can have any permanent good effect. S. S. S. is the greatest of all blood purifiers. It goes into the circulation and by thoroughly cleansing the blood of every particle of the insidious virus makes a permanent and lasting cure of Contagious Blood Poison. It does not hide or cover up the disease in the system; it entirely removes the last trace of its destructive germs. If you are suffering with this disease S. S. S. will cure you because it will cleanse your blood and enrich its health promoting corpuscles. S. S. S. is made entirely of healing, cleansing roots, herbs and barks and is a medicine so absolutely safe and certain in its results, that everyone may cure themselves at home, and be assured the cure will be permanent and lasting. GOOD SAMARITAN CHAPEL TO OPEN

Bishop Nichols Will Officiate at Services Dedicating New Church Home.

On next Sunday afternoon at 3 o'clock the Right Rev William Ford Nichols D D bishop of California assisted by the clergy of St Paul's parish will formally open the new chapel of the Good Samaritan at the corner of Ninth and Oak streets. This property then the site of a bungalow was purchased by St Paul's Church about a year ago to fulfill a two fold purpose first to make a convenient religious home for a section of the city inconveniently distant from a church of any name and second to furnish a place for the furthering of the mission work for years carried on by the parish in a building on Alice street which in turn had grown out of a mission opened by Mrs Elizabeth C Van Winkle at Second and Broadway.

While those purposes are not at all distinct they are yet far enough different that they need separate rooms a church room and a guild room. The double need has been handsomely supplied. The transformation and construction was begun last October Mrs Sarah H Michler generously bearing the expense in honor of the memory of her sister Mrs Van Winkle to whom the chapel is a memorial.

GUILD ROOM BEAUTIFUL

The guild room where are held the guild meetings the girls sewing school and the Sunday school and where it is purposed to organize a boys club is a beautiful sunny room reached from the Ninth street entrance. The chapel itself large enough to seat conveniently about 100 people is one of the most churchly appearing edifices in Oakland. In architecture it is consistently of the old English type designed by Walter Radcliff of Berkeley.

The baptistry is opposite the main entrance in the rear of the nave in a little alcove. The chancel arch and the altar have been artistically decorated by C G Hambleton. An eagle lectern a handsome brass cross and vases add their quota of dignity and beauty. Over the altar is the memorial window with its biblical scene of the Good Samaritan from which the chapel takes its name.

TRY THIS REMEDY FOR NERVOUSNESS

When the Doctors Saw That Dr Williams' Pink Pills Were Helping This Los Angeles Woman They Advised Her to Continue the Treatment.

Many women suffer from nervousness accompanied by loss of weight and pallor, showing that there is a loss of nutrition and that the blood is becoming deficient in quantity or quality. This is a condition that may be followed by serious consequences unless corrected.

To cure it the failing nutrition must be arrested, the patient's weight and strength built up and the blood restored to its normal condition. Besides good food, artificial aids to digestion and tonics it is usual to recommend change of climate in such cases.

The one remedy that has cured this condition, strengthened the digestion, toned up the nerves and made the blood pure and rich is that described by Mrs M C Sproul, of No 444 1/2 Wall street, Los Angeles, Cal, who tells of her cure by Dr Williams' Pink Pills, as follows:

"Following the birth of my child," she says "I was in very poor health. I was confined to bed more or less of the time for a year. I was very nervous and couldn't bear the least noise or excitement. Every few weeks I would be nearly insane from pains in my head. My heart pained continually and it was necessary to take morphine to get relief. Oftentimes the pains were so severe that I could not speak.

"I was under the care of four doctors at different times but was not cured. I had been sick for a year or more before I decided to drop the doctors' medicines and give Dr Williams' Pink Pills a trial. I was helped before the first month passed as the pains became less severe. I gained in flesh until I reached my usual weight. When the doctors saw that the pills were helping me they advised me to keep right on with them. I did so and was entirely cured."

Dr Williams' Pink Pills are sold by all druggists or sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes for $2.50, by the Dr Williams Medicine Company, Schenectady, N. Y.

Squatters Take Issue With Northern Pacific

SEATTLE April 8—Squatters who have located on Northern Pacific sections of land in among the 7231 acres of Government land which will be thrown open for entry on April 25th at the local land office are said to be seeking grounds on which to contest the railway's ownership. The land in question has just been surveyed and is located six miles east of North Bend in King county. Under its land grant the Northern Pacific owns each alternate section. The land is rough and partly timbered.

Practically all the land including the Northern Pacific sections which is of any value whatever has been squatted upon. It is the rule of the land department when such newly surveyed land is opened to allow the bona fide settlers already upon it the preference in filing.

Struck Down by Auto And Fatally Hurt

CHICAGO April 8—An automobile struck and fatally injured Joseph J Pridolet last night at Chicago avenue and Wells street then swerved into a trolley post injuring the two men and two women who were in the machine. Henry Westlind the chauffeur who is under arrest told the police that the machine dropped into a rut in the pavement disabling the steering gear so that he was unable to avoid striking Pridolet or to prevent the machine striking the post. Pridolet died while being removed to the hospital.

Westlind who with his companions escaped severe injury was using his employer's automobile in entertaining his friends.

Government Should Aid Building Road

NEW YORK April 8—Governor Fred M Warner of Michigan who came all the way from his home to New York to speak fifteen minutes at a banquet of automobile manufacturers here last night believes that the time will shortly come when the federal government will make large appropriations to help the States in the construction of better roads.

The growth of the automobile industry declared Governor Warner means the extension of good roads everywhere and the nationalization of at least a part of the construction work. Michigan's roads and Michigan's automobiles have developed together. We are expending millions on roads and the making of automobiles has become our greatest industry. We will turn out nearly [illegible]000 cars this year.

Charity and Poker Brought Down Ruin

BOSTON April 8—Excessive liberality toward his relatives and friends and bad luck in the game of poker are alone blamed by the legislative investigating committee as the means by which John H Hall former treasurer of the South Bridge Savings Bank now under arrest on the charge of embezzling was enabled to dissipate large profits which he made in the stock market.

FIGHT PROMOTERS WRANGLE OVER DIVISION OF DATES

Bashfulness Is Jeff's Excuse for Unpatriotic Conduct in Theater

NO EVIDENCE OF A TRUST IN PUGILISTIC CIRCLES

Battling Nelson's Charges Against San Francisco Boxing Game Seem to Have Been Disproven

By EDDIE SMITH

THE San Francisco promoters of pugilism seem anything but the happy combination of money squeezers that Battling Nelson informed the Eastern press they were when Jim Griffin refused to meet the demand of the ex-champion in his proposed fight with Cyclone Johnnie Thompson. At the time Nelson said that the three men who had secured the permits for the handling of boxing in San Francisco had banded together and through this combination they would put the screws on the purses that the former promoters had been offering and for that reason he did not believe he would meet anyone in San Francisco. For a time it looked as if the Dane had about hit the nail on the head but hardly a week had passed before Jim Coffroth and Jim Griffin had started a fuss over the ... of July date that proved beyond any shadow of a doubt that this pair were not hooked up and now comes Louie Blot with a declaration that he will try to sign up the Frank Klaus Billy Papke match for his club when it has been announced that Coffroth has already signed the men.

To me it would seem as if the promoters were in a good way to open hostilities which will ... losing of many dollars to each promoter. The result of Blot going after the Papke-Klaus match may be the losing of much money for the promoter in that ... for if both men get to bidding for the event the fighters need do nothing until the highest bid has been made, and then merely accept. In this manner they will be the better off by a few thousand dollars.

PROMOTERS JEALOUS

If Coffroth has been successful in matching Klaus and Papke then Billy should keep his hands off but Blot figures that he is as much entitled to the match as Coffroth. Blot and Papke have been friends for a number of years and the promoter has acted as a Western agent for the fighter in many of the matches he had here. Through this friendship Louie feels that Papke will be only too glad to come to the coast and fight for him and that he would naturally give him a preference in the matter of landing a contest wherein he was one of the principals.

Coffroth has had one of his Eastern agents at work on Klaus and Papke however and it may be that he has stolen a march on his rival ... already signed the pair for his Mission street arena ... Papke ... end of the family has said ... we get a denial ... granted that Coffroth has the ...

The idea that Papke will fight for Blot because of long friendship ... one especially when it comes to ... ter of finance ... this fact was furnished ... Willis Britt and Jimmy ... one of the best boosters that Coffroth ever had and ... shouted the praises of Coffroth. When it came to ... Coffroth always ... just as strong ... a stranger ... promoter ...

Blot may get ... Klaus ... his June date ... night that he is ... it but if he gets ... because he has ... arena man and ... he are friendly ... make a great card and ... hope that one of the promoters lands the prize.

POWELL UNMARKED

Lew Powell was about the streets of San Francisco last evening without a mark on his face as a result of his contest with George Memsic and seemed overjoyed at the idea that he would be matched with Ad Wolgast in the place of Matty Baldwin.

"I do not believe it can be true," said Lew. "It all seems too good. Wolgast might take me on if he were to get all the money but with any kind of an even division—a thing I would insist on—I do not think he would give me the chance. I am going to the country for a few days and there I shall take a rest. I am not anxious for a match just at present for I want to rest up a bit but if I can get Wolgast I will get right down to work and will make him a little side bet if he likes."

Powell is as sure he can beat Wolgast as ... that he is alive if the German will only give him another chance and he would do most anything to get that chance. By his showing with Memsic Wednesday night he proved beyond any shadow or a doubt that in a ten ... contest he would prove a mighty hard proposition for the champion.

Niles Sees Fantastic Play of Paris Life

NILES, April 8.—Under the personal supervision of its author William Jeffries "Laspre ..." a fantastic play dealing with the student life of Paris, was given its initial production in Connor's opera house on Friday evening of last week. Mrs. Jeffries, wife of the playwright, essayed the leading feminine role with marked success. Among the other amateur thespians who acquitted themselves admirably were Jeffries himself in the role of Paul Shelton, a struggling young American artist; M. B. Sneaden, George Edgar and the Rev. V. F. Jones. The proceeds of the production are to be donated to the scholarship fund of the University Club of Washington Township.

DONAHUE WINS POOL GAME

Donahue coming from behind and finishing like a champ won the pool game at the Oakland billiard parlor last night from Landis by a score of 125 to 88. Landis up to the 75 point mark had played more than even with Donahue and was figured to win in a walk.

However class will tell and Donahue kept coming almost completely stopped ... his eight him and wanting 14 balls ... Landis 11 ran down the last frame ... a well earned victory.

Karns and La Tourette meet tonight. Next Tuesday evening the championship of Oakland will be the prize in a match game between Karns and Lunge. Lunge ... is playing very strong pool and is one to keep Karns guessing. Karns gives him odds of 50 to 200 and a side bet and gate receipts go on the game.

COURT ORDERS JEFF TO PAY $1000 DUE ON PROMISSORY NOTE

LOS ANGELES, April 8.—When James J. Jeffries fights Jack Johnson the champion may be a bit ... on his part of the purse. In Judge Wilbur's court yesterday W. A. Hadley sued Jeffries and the Jeffries Athletic Club on a promissory note for $1000 and obtained judgment. As Jim's "fist" was attached to the instrument he is equally liable with the now defunct athletic club and Hadley may attach Jeff's part of the big fight gate receipts in order to collect if the former demurs.

Testimony in the case developed that financiers do not consider prize fights very substantial collateral and therefore demand a high rate of interest. This promissory note bore 60 per cent a year and was secured by a chattel mortgage on 3000 chairs.

"COME IN KID, THE WATER IS FINE."

MORE BASHFUL THAN PATRIOTIC IS JEFFRIES

Big Fellow Gives Novel Explanation of Failure to Stand During Anthem.

JEFFRIES TRAINING CAMP, Rowardennan, April 8.—Today Jeffries consented to talk on the fact that he did not rise at the Macdonough theater when the Star Spangled Banner was played during the progress of the "Round Up."

"I don't know what excuse to make that the people of Oakland would understand," said the big fellow. "They do not know what it is to be stared at like a prize pork at a country fair and in not knowing it they are lucky.

"First of all I want to deny that I am not patriotic for I really believe that if the occasion demanded, I would fight for my country much quicker than half the men in the theater that evening. The thing is simply this. When I go to the theater in cities outside of Los Angeles, and especially just at present I either go in very early and get seated before the crowd comes in or I wait until the curtain goes up and the house is dark. It is not very comfortable to walk down the isle of a theater with your wife and hear people saying on all sides of you 'There goes Jeffries.'

"It was because I believed I had slipped into my seat at the theater the other evening without being noticed that I did not stand up. Had I done so the people would have seen me and all through the play I would have been uneasy. I am very sorry for the incident and would not have had it happen for a good deal but I just can't work myself up to disregard the staring eyes of the people and just at the present time I have to keep hidden to a certain extent. I do not blame anyone for criticising me but the time may come when I will show them that they are wrong in thinking me unpatriotic."

Sam Berger also went into details regarding the affair. Sam said that the people of the country will never know how really and truly bashful and backward Jeffries is.

"It was a sort of childish bashfulness that impelled the big fellow to remain seated in the hope that he would not be seen and pointed out," said Berger, "and if for one moment he had stopped to realize that he made himself all the more noticeable by not standing he would have done so."

Both Berger and Jeffries seemed eager to pass the matter for the time and Jeffries managed it well by walking away from the party who had been talking of the affair. That the big fellow regrets the incident there is not the slightest doubt.

Today the training stunts such as playing baseball and handball and the walks on the roads will be carried on and as the ring which has been shipped here from Oakland has arrived it is possible that the big man will start boxing next week. All this week and the first of next week will be devoted to taking in the surrounding country and preparing for the real grind of the training which is soon to start. Nothing startling has happened at the camp and nothing out of the ordinary life of a man is liable to happen until such time as the men get started on the real training stunts.

Wireless stations it was said were to be established just outside the grounds from which the news would be flashed to distributing centers.

WORLD-FAMOUS DRIVERS GO AFTER AUTO RECORDS

Barney Oldfield, Ralph de Palma, George Robertson and Others at Los Angeles Hippodrome

LOS ANGELES, April 8.—Within an hour after the Los Angeles motordrome is opened this afternoon new world's records cutting down official time in startling manner are expected to be established. Barney Oldfield, Ralph de Palma, George Robertson, Ben Kerscher, J. B. Marquis and other prominent drivers will try for records for from one to ten miles.

The practice work on the new pie-pan track in the last week has proved that the mile record will be lowered by 12 to 15 seconds, and others seem certain to be clipped accordingly. George Robertson made unofficial time for ten miles yesterday afternoon that is half a minute faster than that now held as the world's speedway record. Oldfield, De Palma and Bragg, the latter an amateur, have all been accurately timed for a mile in 36 1-5 seconds.

With new records established at the start of the meet it is believed that there will be greater stimulus on the following days to do better. Following the world's record trials, the opening day's program is arranged for stock chassis races and championships for evenly matched cars, and free-for-all and handicap events.

MEET SANCTIONED.

The meet is sanctioned under the contest rules of the American Automobile Association, and all drivers have been licensed under the 1910 rules. S. M. Butler, chairman of the contest committee of the A. A. A., Alden L. McMurty, chairman of the association technical committee, and other automobile racing experts, are in Los Angeles to watch the first experiment in racing on an inclined plank track.

F. J. Wagner of New York will act as starter, and S. R. Stevens of New York referee.

McMurty expressed great satisfaction today with the new track especially in the greater degree of safety for the drivers. The idea of a pie-pan track a mile in circumference and banked for high speed has developed a change in the risks the driver must take that is as revolutionary as the theory of the track itself. Experts here for the meet declare the motordrome is safer for a driver than the ordinary road within the limit of speed for which the track is banked. What this speed is on the Los Angeles track is expected to be indicated by the speed made here today.

PROGRAM OF RACES.

Following the world's record trials will be the stock chassis, free-for-all and handicap races as follows:

Ten-mile stock chassis class E, divisions 2 and 5, ten-mile stock chassis handicap class E, five-mile free-for-all, class D, twenty-five-mile free-for-all handicap class D, 100-mile stock chassis, class C, division 5, championship.

Drivers entered in the first day's events are: Oldfield, Knox; De Palma, Fiat; Robertson, Simplex; Bragg, Fiat; Marquis, Isotta; Nikrant, Buick; Hampton, Ford; Endicott, Cole; Hanshue, Apperson; Livingston, Stoddard-Dayton; Linthiwaite, Firestone-Columbus; Desseran, Great Western; Lescault, Palmer Singer; Harroun, Marmon; Siefert, Dorris; Kerscher, Darracq; Miller, Warren-Detroit; Siebel, Reo; Livington, Corbin; Kelly, Hupmobile; Wade, Marmon.

De Palma's 190 horsepower Fiat which had been sent to New York to await repairs from the Italian factory after the accident at Daytona arrived by express yesterday and he drove it to the motordrome and made a mile on the track in 39 seconds on the third speed. The arrival of the machine assures the sensational championship match between Oldfield and De Palma for which the former has his 200 horsepower Benz at the motordrome.

Work Commenced On Baseball Diamond For Richmond Team

RICHMOND, April 8.—It is all settled about the ball ground and the construction of the new diamond at the corner of First street and Macdonald avenue is under way today. The owners of the fight arena will fence the new grounds and move the bleachers and grandstand in return for occupying the old grounds at Lang's Park.

This announcement will be hailed with delight by the players and fans alike. It will put the games on a spot more accessible to the people of the city and to the outside teams and their supporters. In the construction of the new diamond the defects of the old one will be avoided, and both infield and outfield players will work in territory which will leave nothing to be desired.

Additions to the bleachers and grandstand will be built, giving them double their old capacity.

JURY KNOCKS OUT BATTLING NELSON IN THREE MINUTES

PHILADELPHIA, April 8.—Battling Nelson, former lightweight champion of the world, lost another fight yesterday when he was knocked out in three minutes by a jury in the United States Court, which decided against him in his suit for $10,000 damages against the Bellevue-Stratford Hotel for refusing him accommodations.

Nelson's manager registered the fighter at the hotel on August 3 last and Nelson passed the night there. When the hotel management learned who their guest was Nelson was told he would have to vacate his room.

Counsel for the hotel, in explanation, told Nelson that he had persistently violated the laws of some States by fighting, and he replied that they were boxing exhibitions. The only real prizefight he was ever engaged in, he said, came off in Nevada, where there was no State law against the sport.

Judge Holland, in his charge to the jury, said that if Nelson had violated the laws of any State which prohibited prizefighting he was an undesirable guest.

PHOENIX TO MEET SANTA CLARA AGAIN

Second Game of Series for Baseball Championship of California Tomorrow.

Santa Clara and St. Mary's will oppose each other tomorrow afternoon at Freeman's Park for the second of the series of three games to decide the intercollegiate baseball championship of California. A victory tomorrow for St. Mary's will give the Oakland college the 1910 championship.

Anybody who is at all familiar with the status of St. Mary's and the good work of Santa Clara in the college games thus far played this season will question their right to settle the State championship between themselves. Both institutions have triumphed repeatedly over California and Stanford and there are left few other institutions with which to reckon seriously. In the event of a Santa Clara victory tomorrow a third and deciding game will be necessary.

Santa Clara evidently is not discouraged over its setback of last week and will come to Oakland in the morning headed by an equally confident and lusty band of rooters.

St. Mary's, profiting by past experiences will take no chances with its sturdy rivals and will put forth all the energy possible to settle the series tomorrow.

St. Vincent's boys' band, sixty strong will arrive in Oakland early tomorrow morning. The boys of St. Mary's naturally claim St. Vincent's band as their own for this institution also is directed by the Christian brothers. About 400 rooters will be on deck for the Oakland laddies and headed by the St. Vincent's crowd and other affiliated schools about the bay it is safe to predict that some noise will be let loose in Oakland tomorrow.

The Santa Clara contingent will come to Oakland in specially chartered trains.

The game is scheduled to start at 3 o'clock. The teams will likely line up just as they did on last Saturday though there is some doubt at St. Mary's whether Wilcox or Leonard will be selected to do the twirling.

LIKELY DIEUDONNE WINS SPRINT RACE

Beats Cloudlight a Nose in Gruelling Drive Through Stretch.

By LEE DEMIER

Yesterday was the one hundreth day of racing at the Oakland track—the one that skeptics predicted would never come. The crowd surpassed any Thursday gathering since the meeting was inaugurated on Saturdayf, November 20. Those speculatively inclined fared badly, only two favorites crossed the plate during the afternoon, Dixie Dixon and Aftermath, both were ridden by Jockey George Archibald. The layers, after the last favorite was bowled over in the closing race, wore a smile that would penetrate through a French plate looking glass. Reports from the betting ring indicated brisk speculations with honors resting easily. The head-liner on the program was the Marin handicap at five furlongs in which six of the best sprinters in training at the track faced the barrier. Bubbling Water and Galvesca, who appeared on the overnight entries, were withdrawn, which left Likely Dieudonne, Daddy Gip, Fern L, Cloudlight and Phil Mohr to fight it out for supremacy. After a little delay at the post the field was sent off to a perfect start. Likely Dieudonne, whom the wise ones selected to bring home the long-end of the purse, won the confidence of her many backers by wrenching the victory from Cloudlight in a hard drive to the wire. The winner went to the front quickly, opening a gap on his field and standing a long stretch drive gamely just lasted. Jockey Archibald on Cloudlight left out a couple of wraps at the head of the stretch and the mare stood a long drive and was gaining on the winner at every stride, and would have won in another jump. Fern L., which finished a distance third in front of Phil Mohr, is getting good now. She was always well up and hung on gamely. The latter and Daddy Gip were outrun all the way and both stopped. John H Sheehan, whom the Oakland contingent pinned their faith, broke in front and after showing a little speed, dropped out of the running entirely and finished last. Owner Jack Crane's big sprinters did his share of racing this season and it may be he is sailing off.

ARCHIBALD ON WINNER.

Jockey Archibald started the ball rolling for his many followers by bringing Dixie home a winner in the closing race. The Sir Dixon filly was best ridden which won the race for "Fatty" Anderson's charge. It was simply a case of the rider on the winner outfinishing the others in the run for home. Gramercy, which looked dangerous a furlong out, had enough left to beat out Pride of Lismore for second money. The latter set all the pace and it looked like as if he would make a runaway race of it but he backed up badly in the stretch and was lucky to be third. The smart set played Descendant across the board, but the chestnut horse had all the bad luck in the race. He got cut off right after the start and when he tried to get through at the head of the stretch was shut off again.

Trainer Pete Smith seems to have all kinds of hard luck to win a race with Marburg. Yesterday he thought it was all over, but the shouting for the chestnut horse by Inasbruck to take the race over the six panels. He lined up his friends and told them to never stop batting until the horses were off on their journey. They backed Marburg from 7 to 5 to even money. At the rise of the barrier Marse Abe, whom Bedwell left here in charge of Trainer John O'Malley, got off in front and stayed there the entire distance but nearing the end Marburg was pressing the winner and Marse Abe just got up in time to hang it on him a nose on the post. Selden brought Dr Daugherty up with a rush and secured third money from Lena Leach. Father Stafford was prominent until the turn for home where he curled up to nothing.

DON ENRIQUE FAILS.

One of the biggest upsets of the afternoon occurred when Don Enrique took the count and did not even get a part of the money. The race was decided over the mile and twenty yards course and the winner turned up in Cobleskill held in the early betting at 7 to 1 and at post-time 5 was the best in the ring. The winner was well meant as a strong tip went out on the winner long before the race. Jockey Coburn on French Cook was in waiting distance all the way and was only beaten a head for the money. Contra Costa held the balance of the [illegible] safe. The defeat of Don Enrique caused lots of comment especially among the knights of the midnight oil.

Jockey Archibald came to the public's rescue in the fifth race when he cleverly lifted Aftermath in a winner after a brush through the stretch with Veladay. The latter looked a winner at the paddock but Magrane's horse responded gamely to the whip and easily passed Veladay. The latter ran a good game race and will be hard to trim from now on. Colbert was an easy third in front of Tom O'Malley. Santhia who was touted around for a good thing on account of fast workouts was played from 1[illegible] down to [illegible]. The maiden was slow to break and could never overtake the leaders at any stage and finished far back.

METROPOLITAN AHEAD.

Creston and Metropolitan fought it out to [illegible] closing race and the latter [illegible] by a neck. The [illegible] of the lucky ones to get [illegible] bad start and led all the way. Creston which was heavily played, was going fast at the end but could not keep pace with the winner in the early running. Roberta which came from far back, ran a winning race when clear, and just got up to nip out Ellerd for [illegible].

• • •

[illegible] and Programer Martin [illegible] slipped the turf scribes at the track yesterday the name of the feature to be decided Saturday April 30. The classic will be known as the 1915 Exposition Handicap. The race is at one mile and the association is to add $500. Entries will close Wednesday April 20 and the weights will be announced Wednesday, April 27. The Decoration Handicap at $[illegible] added distance mile and an eighth, is down for a decision Monday May 30. Entries will close May 14 and the weights will be made known May 25.

Jockey Teddy Rice felt a little hurt the other day when owner Guy Gray took him off Orbicular and gave Archibald the mount. The Texas horseman has nothing against Rice only that he thought that Archibald could get more out of his big sprinter than Rice. The little fellow who a few years ago made his first appearance in the saddle at the local track has made many friends among Oakland and San Francisco racegoers. He is always booting and kicking his mounts to win, no matter what he rides and the price.

Batting Rally in Ninth Wins First Game for the Invaders

IN a whirlwind finish yesterday the Oakland State League Club opened the season by defeating San Francisco at Recreation Park by a score of 6 to 5. The game up to the last part of the ninth inning stood 5 to 1 for the San Franciscans, and the large crowd of adherents to the city team were yelling with joy, as the victory looked easy. It was at this juncture of the game, while Oakland had three men on bases, that Benny Henderson became the man of the hour, knocking the ball over the right field fence, while he and all the men on the bases came home. Following this Smith scored on a hit by Berger, bringing up the score to six.

The ninth was a strenuous session. Moskiman was the first man up and, in face of the deficit of four runs, the "Doc" felt that something should be done. He soaked out a single. Hackett followed suit, beating the ball to first base by an eyelash, although it had to be retrieved from the fence. Then came Benny Henderson—the Jack Harkaway before referred to—and planted the ball over the right field fence for a home run. The score was 5 to 4 and the bases clean.

WINNING RUN SCORED.

De Paull came up and picked out one of Berger's that he liked and made first base. Burke, batting for Joyce, went out, but he advanced De Paull to second. Smith slammed out a single, and De Paull made the trip to the plate because Carman dropped the throw, which beat the runner twenty feet. The score was tied and Keller, the Hal Chase discovered by Hackett came to the bat. He sent a clean single to center and Smith cavorted home.

The game was opened by Supreme Judge Harry S. Melvin, who pitched the first ball over the plate in San Francisco's inning. Unlike the usual official, who pitches the ball in the general direction of the plate, the judge, who is an old baseball player himself, broke all records by sending over a perfect strike, one of the kind which raises the regular pitcher's salary.

San Francisco scored its first run in the opening inning. Lewis singled and was forced at second by McKune. Carman's single put Terry on second and Porterfield's single scored him. In the fifth Meikle got a base on balls and went to second on Berger's sacrifice. Streib's poor throw of Lewis' grounder scored Meikle, and McKune took the second bag while the Oaklanders were running Lewis down between second and third. Sheehan's single to right field scored McKune.

RUNS IN SEVENTH.

Berger was safe at first on a Texas Leaguer over second in the seventh inning. Lewis sent him home with a two-bagger. McKune singled to right field and on De Paull's error Lewis scored.

Henderson started the Oaklanders' first run in the fifth, when he singled to center. He was forced at second by De Paull, who went all the way around when McKune made a poor throw of Smith's grounder.

JEFFRIES FAMILY DON'T NEED HIS AID

Many people have an idea that the whole Jeffries family live on the champion's prize fight money. The fact is, when Jim's father same here in 1881, he bought about 100 acres of land, extending fro mtheir home place on Cypress avenue to the river. This land has been subdivided and sold as city lots, bringing Jim's father a comfortable fortune.

Jim's older brother, Tom, is a politician of much ability, with a fine reputation for integrity, also sagacity. Jim's other brothers, Charles and John, are business men.

Jim lives next door to his father's home, in an artistic cottage. Every room bespeaks the good taste of his wife, who prides herself on being a good housekeeper, and who celebrated their homecoming by the fiercest spring housecleaning ever seen on Cypress avenue.

Jeff is a well-behaved husband. Intimate friends of the family tell what happens at meal time. One of Jim's peculiarities is that, in his slow way he is never ready to come to meals.

Following the dinner bell the door opens and a very pretty and tastefully dressed woman cries "James, come to dinner."

The Champ: "I'll be there in a minute, Mrs. Jeffries." (Pause.)

The Lady: "Jim, please come to dinner at once."

The Champ (testily): "If you are in a hurry go ahead and have your dinner."

The Lady (briefly, but meaningly): "James."

The Champ (in obvious alarm): "Yes, I' coming." (Exit Champ.)

The Jeffries house is the realm of Mrs. Jeffries, the back yard is Jim's. He has his fine collection of blooded dogs in the back yard in big pens. A curious feature of Jeff's personality is that dogs always love him on sight. Dogs have repeatedly left their masters to follow Jim on the street.

INTERCOLLEGIATE BOAT RACES TOMORROW

Stanford and California Crews Will Measure Strokes on Estuary.

BERKELEY, April 8.—California will meet Stanford tomorrow morning through the medium of the two boat clubs of the respective universities to fight out the annual boat race. The regatta will consist of two races, a varsity eight and a freshman four. It is difficult to say which of the eights is the strongest on account of the different conditions under which the crews row and the uncertainty of the reports of times made by the visiting oarsmen.

Both the crews of the Laguntas Boat Club and of the California organization have been working under adverse conditions on account of the discontinuance of the sport by Stanford last spring. The Cardinal eight, however, have been working hard and the race will probably be nip and tuck from start to finish. California has five veterans and the remaining places are filled by men who have been connected with boating throughout their college courses.

BLUE AND GOLD READY.

Under the able direction of Lewis McSpaden, '10, as coach, and with the aid of Dean Witter, '09, last year's coach, the Blue and Gold men have faithfully trained and will go into tomorrow's race with the determination to win. The eight men have worked six days a week on the estuary and in addition to this have spent hours each day in the gymnasium and on the track rounding into condition. The freshman four have labored conscientiously, and although nothing is known of their quality in a race, they are large, well built youngsters, and should give a good account of themselves.

Captain Ashley is the most experienced oarsman on the varsity crew, as this will make his fourth year. Of the other men, Markwart, Hardy, Davidson, and the redoubtable coxswain, McSpaden, have all had experience in intercollegiate regattas while Colt, Blake, Ball and Malatesta will make their initial appearance this year as members of the final varsity.

STANFORD CREW.

Following is Stanford's crew: 1, Hails; 2, Hofer, 3, Seward, 4, Schaupp, 5, Gilmore, 6, Dietterle, 7, Huston; stroke, Partridge, and coxswain, Roberts. The Cardinal freshman boat will be occupied by: 1, Olmstead, 2, Grepe, 3, Duryea; stroke, Beal; coxswain, Marks. Of the above named men Huston is the only veteran who has rowed in previous intercollegiate regattas.

Both varsity and freshman races will finish at the Park-street bridge. The latter will start at 10:15 and the former at 10:30 a. m. The varsity will row over a two-mile course while the freshmen will cover but one mile.

The finish may be reached from Berkeley by a transfer to the East Alameda car line at Thirteenth and Broadway. The course will be kept clear by revenue cutters and no launches or craft of any kind will be allowed on the course after 10 o'clock.

HISTORY OF CONTESTS.

This is the eighth annual contest, those of former years resulting as follows:

1902—California defeated Stanford.
1903—California defeated Stanford.
1904—California defeated Stanford.
1905—California won by default.
1906—No contest.
1907—Stanford defeated California.
1908—California defeated Stanford.
1909—Stanford defeated California.

The positions of the Blue and Gold crews are as follows:

WAREHOUSE ROBBED.

ELMHURST, April 8.—The warehouse of the E. B. & A. L. Stone Company at this place was entered by thieves last night and implements to the value of $50 were taken. The tools were taken away in a wheelbarrow and Constable William Allen, who was notified, traced the thieves to Fitchburg, where the track of the wheelbarrow was lost.

VARSITY BASEBALL SERIES TO BE DECIDED

Cardinal and Blue and Gold Cross Bats in Final Game Tomorrow.

BERKELEY, April 8. — California's baseball team wil ltomorrow engage the Stanford Varsity in the final game of the intercollegiate series. Each team has won the game that was played on the home grounds, the first one going to Stanford after thirteen innings of hard fought baseball, and the contest last Saturday bein gtaken by the California Varsity in a perfectly played game. In the third and deciding game, which will be played on California field tomorrow afternoon, Captain Lewis states that he is confident that his men can win, and it is certain that this will be the case if the same brand of ball is played tomorrow that the team showed itself capable of in the last game.

California has had a very hard year in baseball. Starting the season with only three of last year's veterans, without the services of the pitcher in whom great confidence was placed, and without a great amount of Varsity material to work with, the task of rounding out a winning team has been a most difficult one for the coach and captain. In addition to this, several men who were almost certain of places on the nine were forced to give up the game owing to injuries.

BIG SQUAD AT U. C.

The preliminary season was rather disappointing owing to the large number of candidates, all of whom had to be given opportunities, many changes had to be made in the line up. Most of the early games were lost, but by strengthening the weak places, and by constantly improving the batting department, great improvement was made in the team. Last Saturday the result of this work was shown. The men took the field and by playing erroless baseball and batting consistently and at the proper moments, they finally shut out the Cardinal by a 3 to 0 score.

Much credit must be given to Captain Lewis for the part he has played in the making of the team. A hard worker at all times, he has never lost heart even after overwhelming defeat. On the field he inspires much confidence among the men, in addition to playing an excellent game in the field as well as being a most timely hitter.

CAPTAIN POPULAR.

Captain Lewis, by his splendid fighting spirit, has won the confidence of the entire student body.

Harris will again be called upon to pitch. In the two former starts he has completely mystified their batters. Of late, made against Stanford, he has completely mystified their batters. Of late, however, he has been suffering considerably from a very lame arm. Whether or not he will be able to do himself justice remains to be seen, but it is hoped that he can remain on the firing line for the entire nine innings. When in form few college pitchers have anything on Harris.

In case a change pitcher is used, Freshman Smith will take up the heavy work. He is a good twirler.

The game will be called at 2:30 o'clock on California Field.

ST. JOSEPH'S WANT GAME.

The St. Joseph's Institute baseball nine has open dates for April and May and would like to hear from any teams averaging 17 or 18 years of age. The line-up is as follows: Odonnell, catcher; B. Martin, pitcher, Braun, first base; Connellan, second base, McGrath, shortstop; W. Martin, third base, Scoffava, left field, Smith Bower, center field, McNally, right field. Address all communications to Captain B. Martin, 1225 Peralta street.

Batting Rally Gives Game to San Francisco After 2 Hours and 45 Minutes of Play

By FRANCK R. HAVENNER.

THIRTEEN innings of real live baseball was the souvenir which the Oaks had in store for the several thousand fans who hied themselves to Freeman's Park yesterday afternoon to welcome the home team in its initial appearance on the local grounds since the opening of the Coast League season. To be sure, the Oaks lost out in the unlucky thirteenth, but there were enough thrills and gasps crowded into the two hours and forty-five minutes which constituted the game to appease the disappointment of the rooters, and to compensate them for their long afternoon of vocal exertion.

At the outset permit us to indulge in a little kindly criticism of the Oakland team. Individually, it is an aggregation of pretty good ball players. The members of the team field well enough—indeed, they handled the ball much more skillfully than the Seals did yesterday—and they bat tolerably, but they are a bit shy on team work and a trifle inclined to go to pieces at critical stages. Also the pitchers are not working in very good form yet. Doubtless all these weaknesses, save the last, are due to the fact that the men are still strange to each other and have not had time to develop the co-operative style of play which counts for so much in winning games. So we will not find fault, but will merely beg the players to get together and build up a fighting spirit which will make itself shown in the percentage column. There are any number of fans in this city who are just yearning for a chance to whoop it up for a winning team, and if the Oaks will get together and infuse a little concentrated ginger into their playing, they will find an inspiring atmosphere of whole-souled support in their home town.

Pitcher Christian showed up extremely well during the early stages of the game, and although the Seals began to touch him up pretty briskly as the later innings rolled by, he proved himself to be unusually capable in pulling out of tight places. Time after time when the Seals had men on bases, and none or only one out, he held the San Francisco batsmen down to futile pop flies or forced them to fan the air.

Miller of San Francisco won the real honors of the game, however, for he struck out eleven men, gave but two passes during the long eleven innings, and held the Oaks down to seven hits. The fielding honors really belonged to "Happy" Hogan, for his two sensational catches in the twelfth inning probably prevented the Seals from winning an inning earlier.

In Oakland's half of the twelfth the locals should have won, for Manager Wolverton hit a terrific three-bagger to the clubhouse with nobody out, and had Nelson not coached him to attempt to stretch it into a home run he must almost inevitably have scored a winning tally.

The Oakland rooters gave the home team quite an elaborate reception in honor of its first appearance here since the opening of the season. There was a parade of automobiles from the downtown district to the ball park and a band blared fourth messages of cheer to the team in the intervals of play. Judge Graham, president of the Coast League, witnessed the game and Judge Weller was also a guest. A big delegation from the progress and prosperity committee of the Chamber of Commerce led the rooting in the grand stand.

Vernon Captures a Fast Game From Portland Beavers

LOS ANGELES, April 8.—Vernon put it all over Portland yesterday, 5 to 2, the Beavers using three pitchers and two extra batsmen in an attempt to win. Hitt was in good shape and although he was touched up for four singles in the fourth inning, but one run came from these. Garrett was hit freely. Kratzberg was also soused and D Ryan fared but little better.

BRALEY-GROTES LOSE.

The Braley-Grote Furniture Company's baseball team journeyed over to the Presidio Sunday and met defeat at the hands of the fast General Hospital nine of that post. The game was fast and snappy from the start, the score standing 5 to 0 at the end. Among the many features of the game were the fielding of Gross at short, who handled eight chances without an error, the fielding of Johnson and Mason and the fine battery work of Bond and Eisen.

Angels Smear a Coat Of Whitewash on Sacramento Players

SACRAMENTO, April 8.—Sacramento simply had no look in with Dillon's Angels yesterday, being defeated 7 to 0. The most success Sacramento obtained off Briswalter's delivery was in the first inning, when Van Buren singled to right and stole second. That was the farthest around the diamond any of the Senators dared venture. The other two or three hits the locals made were gathered by the clever little backstop, Mickey La Longe, who has been hitting well this season.

ROWING COACH IS ON TRIAL FOR ASSAULT, WITH INTENT TO KILL

SAN DIEGO, April 8.—Jos. Courtney, coach of the San Diego Rowing Club and brother of the famous Cornell rowing coach, has been held to the Superior court on a charge of assault with intent to kill. Courtney recently was arrested for breaking into his wife's apartments late at night and firing four shots at Mrs. Courtney and a detective employed by the deputy city attorney. Courtney and his wife have been living apart for some time.

Cottolene Is a Food Product of Absolute Purity

In recent years there has been a wave of reform in the making and inspection of food products. National and State Pure Food Laws have been passed, regulating their manufacture, to insure the customer getting pure, healthful food.

Any product which contains hog fat is subject to the taint or possibility of disease germs. Lard is made from hog-fat—it may be pure, and it may not. At any rate, it is at best indigestible, and will raise havoc with any but the hardiest stomach.

Cottolene is a vegetable product, which is far superior to lard for all shortening and frying purposes. After the cotton seed oil has been refined through purifying processes of our own, it is made neutral and odorless, and an absolutely pure and healthful fat is the result.

Cottolene is a product of nature and is bound to be wholesome. It is the one dependable, healthful product for frying and shortening, and is carefully inspected and made to conform with all pure food laws.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

College Men Curb Political Ambitions

NEW YORK, April 8. Columbia University has adopted rules limiting the number of offices that one man can hold while in college. By this system it is hoped that the control of student affairs will be taken out of the hands of a small body of students, and the offices more widely distributed.

First Bicycle Ride Proves to Be Fatal

NEW YORK, April 8.—His first ride on a bicycle proved fatal to Meyer Barber, a Brooklyn tailor. He had ridden only a block when he narrowly escaped being run down by an automobile. In the next block his machine ran off an embankment, throwing Barber about 20 feet. Undaunted, he mounted again, but in the third block he hit the curb and swerved beneath the feet of a truck horse. The animal knocked him down and the wheels of the wagon crushed out his life.

1,000,000 Confirmed Inebriates in Country

PHILADELPHIA, April 8.—One million persons in this country are confirmed inebriates. Of this number one-third die yearly as a result of drink, yet this number is annually made up by recruits of the army of drunkards, and thus the total enrollment of one million is kept up. This was the substance of a paper read yesterday by Dr. Elancey Carter of the New York Medical Society.

Railway Extension Complete This Year

SEATTLE, April 8.—Rail connection north and south between the Victoria Vancouver and Eastern at Oroville, near the Canadian boundary, and the Great Northern at Wenatchee, on the Columbia river, will become a fact before November 1st, according to an announcement made in the Seattle office of the Great Northern yesterday.

The work of constructing the Great Northern's Oroville branch through Prewster at Paterns on the west bank of the Columbia has been resumed and the completion of this extensive section of the line is expected within the coming few weeks.

The obtaining of right of way between Paterns and Wenatchee will be undertaken immediately and before November trains in operation are promised over the entire length of the connection between Oroville and Wenatchee.

New Football Rules Are Demonstrated

CHICAGO, April 8.—Coach Stagg of the University of Chicago inaugurated his efforts at demonstrating the usefulness of the proposed new football rules yesterday by giving an illustrated lecture preparatory to starting the actual experiments today at Marshall field.

The coach assembled his squad in Bartlett gymnasium and gave a lively address on the probable workings of the rules suggested at the recent meeting of the national committee in New York.

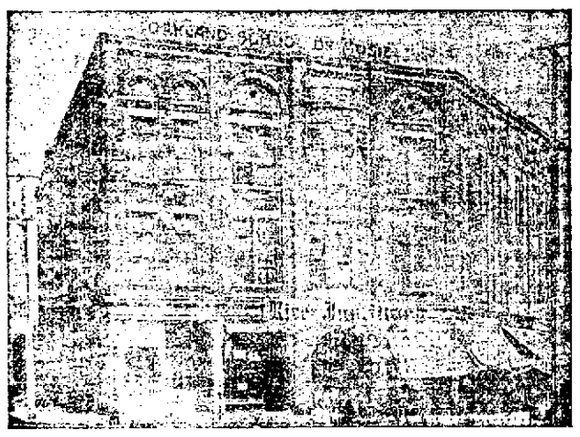

"The first work will be with Walter Camp's suggestion to establish a distance of yards for both offense and defense laterally, and his suggestion to prohibit the defense from occupying more ground laterally than the offense," said Coach Stagg. "I intend to make the offense and defense equal in this respect to begin with."

CALIFORNIA IS PREMIER OF OIL PRODUCING STATES

Value of Output Exceeds That of Any of the Other Leading Resources of Field and Mine

California now stands to the fore as the oil producing State of the union. One district alone, that of the Santa Maria field, produces more ore than the vaunted output of Pennsylvania.

Great as is this product it is still far short of supplying the ever increasing demand of the coast industries.

The oil interests are exerting themselves to the utmost to increase the means of transporting this great product of liquid power to the markets and in furtherance of this purpose a number of great projects are underway involving the expenditure of many millions of dollars.

The most colossal project of all that is under way is the Arizona pipe line extending from Kern county to Phoenix, Ariz. It involves an outlay of $25,000,000, but opens a market to the California product that is almost limitless.

BIG COMBINATION.

In the corporation undertaking the project are combined five of the most powerful organizations of oil men in the West, the Independent Oil Producers' Agencies of Bakersfield and Coalings, the Union Oil Company, the Mexican Petroleum Company, the American Petroleum Company and the American Oilfields Company.

In speaking of this enterprise L. P. St. Clair, one of the directors of the company, said: "Texas now is shipping into the territory 5000 barrels of oil a day. The present rate from Texas to Arizona is much less than the rate from Bakersfield to the same points and California practically has lost the trade of the territory. Now Arizona is on the eve of a tremendous development and there will be opened up a vast market for oil.

"With a pipe line direct from the Kern county field we can more than compete with Texas and on a conservative basis a market of 20,000 barrels daily can be developed in Arizona.

"The freight rate from Bakersfield to Phoenix is $1.35 a barrell, while through a pipe line the oil can be delivered for 35 cents."

The Arizona Pipe Line Company has two men in the field already securing rights of way and gathering data for early construction. According to tentative plans the line will start from the West Side fields, touch at Mojave, follow the line of the Santa Fe to Bengal, keep along the Parker cutoff and then, paralleling the main line, will enter the territory with a direct route to Phoenix.

CAPPING A GUSHER.

HANFORD, April 8.—The Union Oil Company is getting ready to place a great hood over the Lakeview gusher to catch the force of the stream and send it out horizontally into the sump hole.

Workmen are now building the hood of 14 by 14 timbers. It will be anchored down firmly with chains and placed above the well like a wood-shed roof. If the chains hold and the hood does not follow where the crown block used to be the great fountain of oil shooting skyward will soon be a thing of the past.

OPTION ON OIL LANDS.

SANTA MARIA, April 8.—English capitalists represented here by A. Mack have secured an option on the 800 acres of oil lands owned by the Pinal Oil Company, one of the big dividend payers in the Santa Maria field. The consideration proposed in the option is understood to be close to $2,000,000. The option expires May 1st. The Pinal company has twenty-six producing wells, and after meeting all expenses for extensive development work has paid $800,000 in dividends. Its principal stockholders are Santa Maria men, including M. Fletcher, president; James F. Goodwin, manager; P. O. Tietzen, and Manager Atkinson of the Betteravia plant of the Union Sugar Company. The capital stock consists of 150,000 shares. Each share will return about $13.50 to its owner as the result of the sale, should it go through.

SANTA MARIA FIELD.

The Santa Maria field produced 9,500,000 barrels of oil in 1909, more than the production for the year of the State of Pennsylvania, the original oil field of the United States. The Santa Maria field is less than ten years old. In 1902 its production of crude oil, according to official reports, amounted to 99,283 barrels, and since then it has increased by leaps and bounds until during 1909 the production of the year amounted to 9,500,000 barrels.

The Santa Maria wells are nearly all very deep, the average ranging from 2500 to 3500 feet, while several are more than 4000 feet. The deepest producing well in the world is in the Santa Maria district, and is down 4600 feet. Although this condition makes drilling a slow and expensive process, operators are amply rewarded for their time and money consumed in bringing in a well, for the wells, when they do come in, are unusually large producers, anything less than a 200-barrel well, which in most fields is exceptional, being regarded as small, while many of the wells average from 500 to 3000 barrels a day.

COLONISTS FLOCK TO THE FAR WEST

Railroads Satisfied by Spring Movement of Home-Seekers Towards Coast.

CHICAGO, April 8.—The managers of Northwestern and Western railroads express satisfaction over the spring movement of colonists into all the territory west of the Rocky mountains from the Canadian border to the Mexican line. Although official figures have not been prepared regarding the movement of people seeking homes in a new country, it is confidently stated that the number will exceed that of last year, when all records were broken.

No statistics will be prepared until the spring movement is over, which will be about April 15, or possibly April 20. Through all the gateways, however, the reports show that there has been, up to date, a steady stream of colonists moving into the Northwest and the Far West.

Regarding the colonist movement, which was begun March 1, P. S. Eustis, passenger traffic manager of the Chicago, Burlington & Quincy road, said:

"If the movement keeps up the remainder of the period, as it has thus far, all records will be broken. The increases to the Northwest and to Montana and Utah have been especially marked."

Mrs. Cudahy Refuses To Condone Spouse

KANSAS CITY, Mo., April 8.—Michael Cudahy, father of "Jack" Cudahy, who slashed Jere Lillis when he caught him with Mrs. Cudahy in the Cudahy home a few weeks ago, has been in Kansas City trying to effect a reconciliation between Mrs. Cudahy and his son.

Mr. Cudahy returned to his home in California today and announced that he had been unsuccessful in his errand. He said he had enjoyed his visit with his grandchildren but that Mrs. Cudahy would not listen to talk of a reconciliation at the present time.

Mrs. Cudahy to day refused to affirm or deny the visit of Michael Cudahy. "I don't know anything about it," she said.

"Jack" Cudahy is in Pasadena, Cal. Jere Lillis is in the south. He is supposed to have left Galveston, Texas, for London, but it is thought he is still in this country.

Boldly Loots Church Of Twelve Chairs

WASHINGTON, April 8.—Alfonso Boswell, confessing upon his arrest that he was the man wanted, was taken in charge last night by the police and held for one of the most unique robberies in the criminal annals of Washington. In broad daylight last Tuesday Boswell drove an express wagon, which he had hired, to the front of St. John's Evangelical Lutheran Church, backed it to the curb, went into the building, lugged out twelve chairs, stowed them in the wagon, and drove away.

Boswell's confession was naive. He said he did it because he needed the money, as he didn't work—in fact, hadn't worked for twenty years—and his friends, whom he had been accustomed to "touch" from time to time, had grown tired of the process.

Office of John P. Cook, County Clerk, Oakland, Alameda County, California.

NOTICE IS HEREBY GIVEN THAT, IN ACCORDANCE WITH THE PROVISIONS OF SECTION 1094 OF THE POLITICAL CODE OF THE STATE OF CALIFORNIA, ALL VOTERS OF ALAMEDA COUNTY MUST APPLY FOR RE-REGISTRATION IN ORDER TO BE ABLE TO VOTE AT THE PRIMARY ELECTION TO BE HELD ON AUGUST 16TH, 1910, AND FOR THE GENERAL ELECTION TO BE HELD ON THE 8TH DAY OF NOVEMBER, 1910

OWING TO THE FACT THAT THERE IS NO PROVISION OF LAW GRANTING ASSISTANCE TO THE COUNTY CLERK IN THE REGISTRATION OF VOTERS, IT IS IMPORTANT THAT VOTERS SHOULD APPLY FOR REGISTRATION AT ONCE, IN ORDER TO EXPEDITE THE WORK

SUCH RE REGISTRATION BEGAN ON THE FIRST DAY OF JANUARY, AND WILL BE IN PROGRESS AT ALL TIMES UNTIL JULY 26TH 1910, FOR THE PURPOSE OF ENABLING VOTERS TO QUALIFY FOR THE PRIMARY ELECTION AFTER WHICH REGISTRATION WILL AGAIN OPEN AND CONTINUE UNTIL SEPTEMBER 28TH, 1910, FOR THE PURPOSE OF ENABLING VOTERS TO QUALIFY FOR THE GENERAL ELECTION, TO BE HELD NOVEMBER 8TH, 1910

THE ATTENTION OF VOTERS IS ESPECIALLY DIRECTED TO THE RECENT DECISION OF THE SUPREME COURT IN WHICH IT IS HELD THAT ALL VOTERS MUST HAVE REGISTERED THIS YEAR IN ORDER TO JOIN IN THE SIGNING OF ANY CERTIFICATE OF NOMINATION IN BEHALF OF ANY CANDIDATES FOR PUBLIC OFFICE TO BE VOTED FOR AT THE PRIMARY ELECTION, TO BE HELD AUGUST 16, 1910

ATTENTION IS FURTHER DIRECTED TO THE FOLLOWING PROVISIONS OF THE POLITICAL CODE OF THE STATE OF CALIFORNIA, RELATING TO REGISTRATION

Sec 1097 No person s name must be entered by the Clerk unless

1 Upon the production and filing of a certified copy of the judgment of the Superior Court directing such entry to be made

2 If a naturalized citizen upon the production of his certificate of naturalization which certificate must be issued ninety days prior to the succeeding election or upon his affidavit that it is lost or out of his possession which affidavit must state the time of his naturalization and the time and place of his naturalization together with his affidavit that he has resided in the United States for five years and in this State for one year next preceding the time of application and that he would be an elector of the county at the next succeeding election provided however that if such naturalized citizen shall have been previously registered as a qualified elector in any of the counties or cities and counties of this state his name must not be entered by the Clerk unless he produces a certificate of such registration issued by the party authorized by law to issue such certificate which certificate shall be prima facie evidence of his naturalization In the event that such naturalized citizen was naturalized in the county or city and county in which he seeks to register or in the event that he was previously registered within the preceding eight years within the county or city and county in which he seeks to register and his certificate of naturalization has not been revoked he shall not be required to produce his certificate of naturalization or to make such affidavit of lost certificate in lieu thereof

3 If born in a foreign country upon his affidavit that he became a citizen of the United States by virtue of the naturalization of his father while he was residing in the United States and under the age of twenty one years and that he is or would be an elector of the county at the next ensuing election

4 In all other cases upon the affidavit of the party that he is or will be an elector of the county at the next succeeding election Such affidavit must be made before the County Clerk or officer charged with the registration of voters or their deputy If any elector is absent from the county in which he claims residence he may appear before any judge or clerk of any court of record or notary public or if in a foreign country before any minister consul or vice consul of the United States and make and subscribe an affidavit as to his residence specifying in what ward or precinct he claims residence that he will be necessarily and unavoidably absent from said county on all the days allowed by law for general registration of electors and setting forth in such affidavit each and all the matters required by section one thousand and ninety six of the Political Code of the State of California and forward such affidavit duly authenticated as above by mail enclosed in an envelope addressed to the County Clerk of any county or the registrar of voters in any city and county Upon receipt of such affidavit by such clerk or registrar of voters within the time allowed by law for registration it shall entitle the name of such elector to be entered by the clerk in the proper register in such precinct

5 In every case the affidavit of the party must show all the facts required to be stated in the entry on the register except the date of the entry

FURTHER NOTICE IS HEREBY GIVEN THAT AFFIDAVITS OF REGISTRATION MUST BE SWORN TO BEFORE THE COUNTY CLERK OR HIS DEPUTIES AND THAT THEY CANNOT, OWING TO THE PROVISIONS OF THE REGISTRATION LAW BE SWORN TO BEFORE ANY OTHER OFFICER.

THE OFFICE OF THE COUNTY CLERK WILL BE OPEN FOR REGISTRATION UNTIL FURTHER NOTICE FROM 9 O'CLOCK A. M. UNTIL 5 O'CLOCK P. M. OF EACH DAY EXCEPT SATURDAYS; ON WHICH DAY THE OFFICE WILL CLOSE AT 12 O'CLOCK NOON.

OWES HER LIFE TO

Lydia E. Pinkham's Vegetable Compound

Chicago, Ill.—"I was troubled with falling and inflammation, and the doctors said I could not get well unless I had an operation. I knew I could not stand the strain of one, so I wrote to you sometime ago about my health and you told me what to do. After taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier I am to-day a well woman"—Mrs. WILLIAM AHRENS, 988 W. 21st St., Chicago, Ill.

Lydia E Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases of any similar medicine in the country, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every such suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

PEOPLE PROTEST FRANCHISE GRANT

Hayward Trustees Sell Power Rights Through City for Sum of $56.

HAYWARD, April 8—The trustees of this place have sold the power franchise through this city to the People's Light and Power Company for the sum of $56, that company being the only concern bidding for the franchise The privilege is granted for a term of thirty-five years, and there is great indignation here that such a franchise should be granted any public service corporation to operate in the city on such a large scale at so small a rate

The matter will be brought up before the new trustees to be elected April 11, and an attempt will be made to have the action taken by the board at their land meeting set aside

The Barber Asphalt and Paving Company received the contract for the paving and bituminizing of Castro street along the frontage of P Swift The company will commence work on the improvement within three months and the rate to be charged will be 2 cents per foot for grading and 25 cents per square foot for paving

DELANEY TRIAL POSTPONED WEEK

Attorney Accused by Kovacs, and the Allens, Will Be Heard April 18th.

SAN LEANDRO, April 8—The trials of J C Delaney, an attorney of Haywards and Richard and Alec Allen who are accused by Mrs Mary Kovacs and her husband, Louis Kovacs of having joined in an attempt to forcibly evict the Kovacs family from their home in Haywards, were postponed by Judge J J Frank from April 7 to April 18 Richard Allen and Delaney are held on three charges—disturbing the peace, malicious mischief and battery while Alec Allen, a young boy of Hayward who is said to have taken the Kovacs children from their home during the absence of their parents, and is supposed to have been in the employ of Delaney is held on a charge of disturbing the peace

Mrs Kovacs says that the children were taken from home while she was driving her husband to the railroad station and that when she returned she had to use a double-barreled shot gun to keep Allen and Delaney from taking forcible possession of the ranch

Hayward Fire Chief Seeks a Reduction

HAYWARD April 8—In view of the recent purchase of twelve new fire extinguishers for the city making a total of twenty-eight now in use an agitation has been started by Chief Riggs of Haywards for a reduction of the insurance rate in the district

The Hayward firemen have invited the fire commissioners to meet them in conference tomorrow night when action will be taken in demanding the board of fire underwriters to reduce the cost of insurance

Cadets Select New Range for Practice

HAYWARDS April 8—Company H of the National Guard Cadets have selected a new rifle range in the Sawyer tract near this place and the new range will be used by many of the companies about the bay for target practice

The range will allow a shoot of 1000 yards and Captain Borree of the local company has stated that the acceptance of the new range is practically accepted and that the official approval of the adjutant-general will probably be received in a few days

CANNED SALMON TARIFF REDUCED

Railroads Compelled to Make Cut on Account of Water Freights.

PORTLAND, Ore., April 8—As a result of water competition, it is stated, the trans-continental railroads have announced that the freight rate on canned salmon in 50,000-pound shipments will be reduced from 85 cents per hundred pounds to 65 cents per hundred between Columbia river and Puget Sound points and Chicago

It is asserted that during the last year tramp steamers have carried canned salmon to New York at such a rate that, with the 30 cent rate between New York and Chicago added, the total freight rate from this coast to Chicago amounts to an average of 60 cents a hundred pounds

The railroads state that an effort by them to meet water competition in points east of Chicago is impracticable

The date when the new rate will go into effect has not been announced, but it is stated that it will be by the time the spring pack is ready for market.

Bradbury Fattens On Gingerbread Diet

SAN RAFAEL, April 8—William R Bradbury, Corte Madera millionaire and inmate, No 23 755, at San Quentin penitentiary, is fond of gingerbread

When Bradbury first entered the prison to serve a sentence of one year for perjury he asked that he be allowed to furnish his own meals. When this was refused he resigned himself to the simple prison fare which knows no such delicacies as gingerbread or cake of any kind.

Whether the work or food agreed most with him is a question, but at the end of six months he had gained twenty-five pounds

Several days ago Bradbury was on his way to work in the jute room when one of the guards noticed a bulky something in the back pocket of his striped garb. The aged millionaire's eyes watered as he produced a hunk of gingerbread. He pleaded so piteously that the absence of teeth prevented him from partaking of the regular rations he was permitted to retain his highly prized delicacy.

New Fairview School Plans Are Selected

HAYWARD, April 8—The trustees of the Hayward grammar school have selected the plans for the new Fairview school that will be built at the corner of Curtis street and Cemetery avenue The building will be built in the mission style and will contain four large rooms The plans selected were submitted by the firm of Starbuck and Wilde.

The building will be finished on the outside with concrete placed on steel lath, giving the appearance of a stone structure It has been arranged so that two of the large rooms can be thrown together by unfolding large doors, thus providing an assembly hall of ample size for the accommodation of the pupils

The selection of the plans was made after deliberation with a committee of residents of the school district

Colleges Will Study Indians of the North

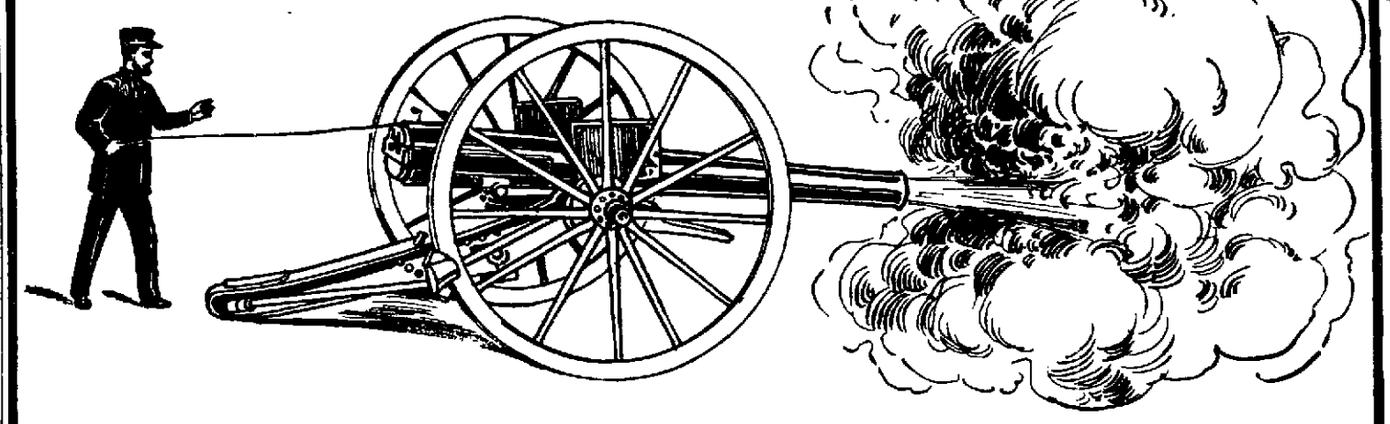

SEATTLE, Wash, April 8.—An innovation in the regular courses of Northwest colleges has been introduced this year in the curriculum of the seventh annual University of Washington summer school, in the study of archaeology, which includes a course on the Indians of the Northwest—a survey of the tribes from the Columbia to the Lena River.

A course in marine biology, adapted especially for research work, will be carried on this year at the university's marine headquarters at Friday Harbor in the San Juan Archipelago

Notifies Coroner And Takes Own Life

COALINGA, April 8—After notifying a local undertaker of his intention and giving written instructions as to what should be done with his remains, John T Woods, an oil-well driller, committed suicide today by taking a large quantity of cyanide of potassium. Domestic trouble is alleged to have caused Woods to kill himself He was 37 years old, and, besides a widow and a seven-year-old son, is survived by his mother, Mrs. W. C. Woods and three sisters residing in this city

The Realty Syndicate has another tract ready

—Well, here we are again!

—Ready with our second tract!

—Out to beat our Alton Park record and with a good chance to do so.

—Because we have a tract, this time, where lots will be sold at $35 a front foot which are within two blocks of property held at more than $250 a front foot.

—"Must be something the matter with it," you are saying to yourself.

—All right, sir; if you think so don't take the trouble to investigate any further.

—The Realty Syndicate is not in the Real Estate business to sell property that YOU do not want.

—If there is "anything the matter" with any of these tracts that we are putting upon the market it is the fact that they're too small to supply the demand.

—That was "what-was-the-matter" with Alton Park If we had had $50,000 more of lots in Alton Park we could have sold every one of them. The trouble was that we didn't have enough to go around.

—But that's history now.

—We have decided to make the next tract prominent as a big money-maker for every man who buys a lot.

—We are going to make it an example of what The Syndicate can do in the way of making **Big Profits** for those who buy its properties.

—We could probably get considerably more than $35 a foot, but that isn't the idea, for we have millions of dollars worth of properties and a few dollars a front foot in one tract is a drop in the bucket compared with the tremendous influence such profit-sharing has upon the public.

—We want **our investors** to make money.

—Big money.

—Quick money.

—We want a following of clients who, ultimately, will swarm into our offices to invest whenever we announce a tract for sale.

—At present we are simply building a reputation by putting out a few tracts as "examples" of various kinds. This tract is to be an example of a "money-maker" and we have priced it so that we can point to it and say: "We sold the people that property in April, 1910, for $35 a front foot. Some of them made as high as 200% on their actual cash outlay within 18 months."

—Guess, maybe you'd like to know where it is.

—Guess, maybe we'll tell you—tomorrow.
